## THE FORESTERS.

### Oronhyetka Declines Increased Salary—Next Supreme Court Meets in Boston.

LOS ANGELES, Calif., May 2.—The triennial court of the Independent Order of Foresters concluded its sessions last night at a late hour and adjourned. One day's session will be held at San Francisco next Tuesday. The intervening time will be spent in sight-seeing in Southern California. At the closing session an increase of \$5,000 in the salary of Dr. Oronhyetka was declined by that officer. The other grand officers also declined to accept increases in salary. Boston has been selected as the next place of meeting. It had been reported that the supreme court of the I. O. F. contemplated a re-arranging of the old members at the present session, but the officials deny the statement. Supreme Secretary J. M. McMillan says in regard to this question: "The Supreme body has not, to the best of my knowledge, considered or even thought of taking any action on the rates established three and a half years ago, which have proved satisfactory to all concerned, and the additional rate of about 25 per cent, levied on new members, has in no way interfered with the progress of our society."

See, marshal of the state supreme court, has just served papers on two packing house employees, and four meat dealers of this city, commanding them to appear in his court in Jefferson City, Mo., May 8, to answer questions in the beef trust inquiry instituted by Attorney General Crew. The persons subpoenaed are charged with being members of the beef trust and conspiring to limit the supply of meats and maintain prices on the same. Charles W. Armour and J. C. Doid were served with papers several days ago; Marshal See will summon thirty witnesses in St. Joseph, six in St. Louis, and two in Springfield.

## A REAL REVOLUTION.

WILLEMSTAD, Island of Curacao, May 2.—A force of 1,200 government troops, commanded by General Vicente Gomez, the vice-president of the republic and the new commander in chief of the Venezuelan forces, left Coro today to join forces with General Velutini and General Velasquez, at Barcelona, and enter upon a new campaign against the revolutionists, with about 3,400 men. New uprisings are reported everywhere.

## PORT OF SPAIN, Trinidad, May 2.

## MARCONI'S FORMER SWEETHEART.

CHICAGO, May 2.—Friends of Miss Josephine Holman, former of Indianapolis, who was once engaged to William Marconi, have received the announcement of her coming marriage to Eugene Boross, of Buda-Pesth, Hungary, says an Indianapolis despatch to the Tribune. The event will take place at St. Margaret's chapel, London, on May 22. Mr. Boross crossed the Atlantic on the same steamer with Miss Holman and her mother early in January and was attracted by the young woman and sought an opportunity through mutual friends of making her acquaintance.

## THE NEW COMET.

BERKELEY, Calif., May 2.—Prof. Leuschner, of California, announces that his class in theoretical astronomy has arrived at important results regarding the orbit of the comet recently discovered by Prof. Brooks. Owing to the scanty observational material on which the investigations were based, the exact orbit cannot as yet be determined, but the comet probably is the shortest period comet ever discovered, the period being less than a year, and it is probably identical with the second comet of the year 1848, which was seen for only three days and then lost under similar circumstances.

## LICENSED SIX NEW MINISTERS.

The Presbytery of Halifax met Thursday, Dr. Falconer presiding. The students of the Presbyterian College, who graduated Wednesday evening at St. Matthew's church, appeared for license. Rev. T. Fowler reported that they had passed very creditable examinations before the Presbytery's committee. The moderator, after prayer, put them the questions of the formula, which being assented to, he thereupon licensed them to preach the gospel. Six new ministers are accordingly added to the Presbyterian church as follows: Rev. J. H. A. Anderson, B. A., Rev. W. W. Conrad, B. A., Rev. W. A. Fraser, B. A., Rev. D. H. MacKinnon, B. A., Rev. J. W. MacPhail, B. Sc., Rev. S. D. MacPhail, B. A. All have congregations awaiting their services.

A graceful way of draping a double door space is to have a wide portiere drawn to one side in a sweeping loop and extending about two-thirds of the width, while at the other side a narrow drapery falls in straight folds. Across the top is hung a straight val-

## THE OULTON CASE.

### Some New Developments—A Trace of Kendrick Found.

The coroner's inquest in the Oulton case was resumed last evening in the north end police station. The witnesses have all been examined and the jury will meet at 2:30 p. m. on Monday to hear Dr. Roberts' address. Eleven witnesses were heard last evening, but nothing of any great importance was brought out. Thomas W. London of Wickham, Queens Co., said he had lived with Oulton for three months, two years ago. Oulton had paid for the food and promised to pay him for his services. Did not do so. He had seen Oulton carry money in a purse which he kept in his shirt. Saw Gillespie pay Oulton money. George Blizard, a fireman, told of helping to carry Oulton's body from the house during the fire. Noticed some sort of a covering over the lower part of the face. Noticed stones among the bedding when they were throwing it out. Alex. Scott, foreman of No. 5 Hose Company, described moving the body from the room. When he first saw the body it was on the bed, face up. Did not see any stones among the bedding. Mrs. Katherine Marshall said that her son Oakley told her on Wednesday night that Gillespie had come back and said that Oulton was dead. Willie Marshall said that when they left Oulton's house Gillespie had gone to Coroner Roberts' door. Witness went home, and after leaving the supper can in the house met his father in the yard. Gillespie said Dr. Roberts was out and that he was going right back again. When witness left Gillespie the latter was at Dr. Roberts' door. Dr. J. M. Barry had assisted at the autopsy, but not having seen the brain was not prepared to give opinion as to cause of death. If brain were normal he would say that death resulted from concussion.

## CHIEF CLARK SHOULD GO.

Most Important Convention of Police Chiefs Ever Held.

CINCINNATI, Ohio, May 2.—The International Police Journal published here says that owing to the question of anarchy and the consideration of a system of identification of the world over, the annual convention of the Association of the Police Chiefs of the United States and Canada, at Louisville, May 5, will be the most important as well as the most largely attended in the history of that organization. In addition to representatives from all the cities of the United States and Canada, responses have been received to the invitations sent foreign governments and municipalities through Secretary of State Hay, indicating that many foreign chiefs will be present. Among those known to be on their way are the directors of police from Rome, Constantinople, Stockholm and Brussels. The chiefs from Mexico, Newfoundland and Nicaragua will be accompanied by members of their respective boards.

## A HOT FIGHT.

MANILA, May 2.—General Davis, in command of the American forces in the island of Mindanao, cables that his ultimatum has not been answered, that his messenger has not returned and that the American outposts were fired upon this morning. The troops advanced and shelled Moro Fort, but did not capture it until the infantry reached the ditch. This fort was strong and well defended by three hundred men. Fort Pandapadto was then surrounded and heavily shelled. Heavy firing continued as the despatch was sent. General Davis also reports that Lieut. Henry S. Wagner of the Fourteenth Infantry, has been seriously wounded, that two other officers were slightly wounded, and that twenty enlisted men were wounded. This is the substance of a brief cablegram from the field.

## JOHN REDMOND M. P.

### Has Paved the Way For More Cash Contributions From the States.

NEW YORK, May 2.—William Redmond, M. P., delegate to America with Joseph Devlin from the United Irish League, has returned to this city after a two month's tour through the west. He has organized branches of the league and addressed on nearly every night of his trip. Mr. Redmond says that even in the best days of the Parnell movement, he never saw more encouraging meetings than those which welcomed him and his message in this country.

"The league bids fair to be the strongest organization of its kind that has ever been brought together," he said. "It will have several hundred thousand members in this country alone, and it is quite probable that a convention will be held here before long at which my brother and several of the other Irish nationalist leaders will be present."

Mr. Redmond will return to Ireland in about two weeks, but Joseph Devlin, who is now speaking in the New England states, will remain here several months.
