WIFE MURDERER HANGED IN JAIL.

Dies Eighteen Minutes After Caught Running the Vladivostok Blockade---Trap Was Sprung. What the Japanese Are Now Doing By Land and Sea. Was Responsible for the Deed.

CHARLOTTESVILLE, Va., Feb. 10 TOKIO, Feb. 10.—The Russians continued to bombard Field Marshal Oyama's centre and extreme left on the murder of his wife on Sunday Sept. 4th, 1904. McCue was pronounced dead eighteen minutes after the trap had been sprung. Cue's three spiritual advisers gave out he following signed statement:

SAN FF

SAN FRANCISCO, Feb. 10. — Ar-rangements have been made for the ble. J. Samuel McCue stated this morning in our presence, and requested us to British steamer Glen Turret to dock make public, that he did not wish to and begin loading hay, oats and barleave this world with suspicion resting on any human being other than himon any human being other than him-self; that he alone was responsible for NAGASAKI, Feb. 10. - The prize the deed, impelled to it by an evil powcourt has adjudicated the Austrian steamer Siam (seized by the Japanese er beyond his control, and that he reoff Hokkaido Jan. 31, while bound from Cardiff for Vladivostok with coal) and her cargo to be a legal prize.
VLADIVOSTOK, Feb. 10.—The daily

cognized his sentence as just.

tok is effective. It was reported from Vladivostok un-der date of Feb. 1 that the Russian armored cruisers Gromoboi and Russia had been repaired, but it is doubtful whether they will merge from the har ures by the Japanese of coal laden ships bound for Viadivostok. Large stocks of coal have been purchased by Japan, which is now arriving.

WILL GO HOME.

The Boy Who Threatened to Shoot Alderman Brennan. Ernest Smith, an Englishman, eigheen years of age, came to this coun loaded at that. Yesterday, while in the cellar of the tomorrow. hotel he had a little disagreement with the proprietor, Ald. Brennan, and drew arrested.

said that he had no intention of shooting, and was very sorry for what had agreed to.

CAME BY THEM HONESTLY. Ole Oleson, a "lumberjack," carrying

1,750 pairs of gloves and mittens, 1,175 (London, Eng., Daily Telegraph, Jan. pairs of socks and 83 pounds of tobache won the articles at poker in the lumber camp. Oleson said that he had been in the woods many months. The "lumberjacks" received no money while in the woods, but were expected to wait until their received to the woods in the station of stealing overcoats from the station staying. The police said defendant had been an officer in the 3rd Somerset Light Infantry Militia, his father being a landed proprietor, who had let woods the men could get such articles had sent a local solicitor money to some seven years woods the men could get such articles had sent a local solicitor money to as they desired, however, having them man in the case is Peter Yapp, an of checks in their games, Oleson said gistrates agreed to this course, but he played in good luck, and in one told defendant that if he escaped from won 1,175 pairs of hosiery on three and committed for six months aces. The other man held a trio of kings. In a game for mittens, Oleson said, the limit was high, and in three hours of play he had mittens enough to supply a regiment of soldiers. His

released to go and "cash in his checks."

THE BATTLESHIP TEST.

Since the Russian Japanese war began and the Japanese swept the eastern seas practically clean of the Russian ships, some self-possessed "naval experts" at home and abroad have been predicting the doom of the battle ship and the debut of the torpedo boat as the main factor in naval attack and The striking victories of tained by Admiral Togo have seem to strengthen this idea. But it is the announced policy of the Japanese navy

stroyers, but to build more battleships mightier than any affoat. According to the Japanese plan, th new monsters will be provided with 12inch as well as 10-inch guns, none of smaller calibre, and the entire methods

epartment not to extend its equipment

der to make safe the discharge of such vessels contemplated is estimated at 18,500, or 500 tons heavier than that of the biggest English battleship. gun will be capable of firing over 9,000 pounds of metal at a single discharge Altogether the new mammath fighting machines will be the most formidable Clearly Japan would not cling to the battleship class and seek to develop i If the results of the engagements with

the Russian squadrons did not justify stood for the battlesnip when European aval authorities were speaking of this class as one fast becoming obsolete and our programme of naval enlarge ment has continued to provide for additions to this class. Japan's an nounced policy proves it to have been LOST-Last evening, an Oxidized wise. The argument is that the mor terrible the great marine engines of war become, the greater will be the in Japan got her new navy.
