Wendell Harvie, a son of the late Henry Harvie, and brother of Mrs. W. W. Stanley, of this city, is now an officer in South Africa, in the forces operating against the Zulus. In a letter Harvie states, that in an encounter at Vandonk, beyond a few Zulus, they were successful in repulsing their attack without any loss of life. Twenty Zulu warriors were killed. He states that they are having more difficulty than was at first expected.—Charlottetown Guardian.

Speaking to a number of up river farmers today the Star learned that the hay crop has come along wonderfully within the past two weeks, this having been the best growing weather of the season. The crop will be a fair average one, though hardly as good on the uplands as was last year's. Hayfodding and the river is practically only commencing, and no shipments of the new crop have yet come down, beyond a few small boat loads. Old hay is now selling at from 30 to 32 at Indianstons.

The case preferred against Peter Petropoulos by Wm. Marcus for stealing a gold pin from him, has been postponed until next Tuesday morning at eleven o'clock. Wm. Watson Allan is representing the defendant, and J. Kelly the plaintiff. Petropoulos says he found the pin on the floor of his shoe shine shop over two years ago, and that he did not know who owned it. A man who was in partnership with him at the time but who is now not on friendly terms, has informed Marcus that Petropoulos stole the pin. The case is causing considerable interest among some of the Greeks, Italians and Jews.

G. P. R. BOATS MAY

GET BERTHS 2 AND 3

Mayor Sears Assured Sir Thomas

Shaughnessy That There Will Be No

Trouble About Placing the

Big Steamers Here.

During a brief conversation between his worship Mayor Sears and Sir Thomas Shaughnessy at the depot last evening, Sir Thomas expressed a doubt as to whether the new berth on the west side would be ready in time for the Empress steamers. He was assured by the mayor that there would be no serious delay. Both Mr. Mayne and Mr. Clark, who have the contracts in hand, have stated definitely that everything will be completed by the first of December at the very latest, and the boats will then be able to use the new berth.

Sir Thomas was also interested to some extent in the dredging at the Sand Point berth and on this point he also received the assurance that there will be no difficulty in having the work done in time. It is understood that the Canadian Pacific boats will be given the use of berths No. 2 and 3 for the coming winter, and if this is the case other arrangements will have to be made for the Allan Line.

CAN'T GET ENOUGH

LONG KID GLOVES

Demand Has Been So Great Since Short

Sleeves Came in That Manufacturers

are Unable to Fill Orders.

A feature of the dry goods market is the prevailing scarcity of long kid gloves for ladies' wear. For years these gloves have been a drug on the market, as they were very seldom worn, being chiefly for dress occasions and then only in white and the lighter shades. But last spring fashion decreed that all new suits and all shirt waists should have short sleeves, and the result was an enormous demand for the long gloves. Retailers had very few in stock, while the wholesale houses never bothered about keeping any quantity on hand, and the manufacturers were in about the same position. So when this rush came all local stores sent in orders. These were repeated to the manufacturers, but the latter had no large stocks from which the long gloves could be made and they turned to apply to the tanners. In consequence of the demand it has been impossible for the manufacturers to fill half their orders and during the whole summer there has been a scarcity of gloves. Even now the pressure is but slightly relieved and local merchants complain that they cannot get nearly enough for the needs of their customers. This scarcity in the kid gloves has also strengthened the sale of long gloves of other materials, and there has been such a demand for silk gloves that even they have become very scarce.

CHAIN GANG WORKING

ON THE PAUPERS' LOT

Good Work Has Been Done in Improving

This Section of Fernhill Cemetery

Admiral Lewis is more than enthusiastic over the work which his boys of the chain gang are doing in Fernhill cemetery. For five or six weeks these men have been employed at what is known as the paupers' lot and they have certainly made a great change in its appearance. A trench fully four feet deep, lined with stone and covered with a layer of earth, has been completed and will be between 300 and 400 feet long. This will thoroughly drain the lot and permit of better work being done in the future. In the centre of the land the workmen have placed a mound of stones in circular form and about 20 feet in diameter. The sides rise to between 3 and 4 feet, and the center has been filled with earth. This now forms a very pretty flower bed and adds greatly to the appearance of the property.

HAD EIGHTY DOLLARS STOLEN

Young Man Who Got Drunk Lost His

Roll—Supposed Thief Cannot

Be Found.

A young man is today mourning the loss of a nice little roll of money amounting to about \$80, and has no doubt taken the pledge or made a vow that in the future he will not get so careless with his roll when he imbibes too freely. His last spree was in full swing on Tuesday night and the young man was seen in a couple of saloons displaying a healthy looking bag of money, but he had a sudden awakening when he found that he had been touched lightly for about \$80. This fact brought him to his senses and he immediately thought out the different persons who had shared with him the contents of the joyful cup, and finally rested his suspicions on another young man well known in the city. The matter was reported to the police and a search of the city yesterday and today was without result in locating the supposed thief, who is believed to have gone away.

SUGGESTS SELLING THE LAND.

Mr. Editor:

The city council are at a loss to know what to ask for the land the C. P. R. want on the west side.

Why not find out in the business way, what its true value is by placing it on the market and sell it to the party who would value it most.

In my opinion as a tax payer, it is the only way to dispose of our right, in the open market.

Yours respectfully,

CITIZEN.

ANOTHER POSITION.

Beverly D. Lockhart, of Petrolodine, has been selected by the employment bureau of the Currie Business University, Ltd., to fill the position of book-keeper for F. C. Cobelli's Grocery, Union St.

The anniversary of Zion Methodist Church occurs on Sunday, July 29th, when special services will be held. Rev. Dr. Curran, General Superintendent of the Methodist church in Canada will preach at 11 a. m. Special music will be provided. Harry Crandall, of Salisbury, will assist the choir and sing a solo in the evening service. On Monday evening a garden concert will be held on the Parsonage grounds. The ladies have this matter in charge and the grounds will be suitably decorated with bunting and Chinese lanterns. A good time is looked for.

Up till today the number of dog licenses issued from the mayor's office was 323, which is more than 100 less than at the same time last year. The total for last year was 417, and it does not seem that that number will be equaled this year, although of course there may be a rush during the next three or four weeks.
