### MARCH BEHIND THE OLD UNION JACK.

Continued from page one.

It was resolved that the text book of the Strathcona Trust Fund should be used everywhere as the basis of physical training, that a circular letter be addressed to clergymen, school authorities, etc., explaining the principles and advantages of the Strathcona Fund, and that a central training college be established for training instructors in physical training and supervisors of playgrounds.

Canteens were discussed to some extent, the general feeling being that a canteen selling light malt liquors and soft drinks was an advantage in promoting sobriety.

Col. Weston, of Halifax, dissented saying that such a canteen would be contrary to the law of Nova Scotia.

The conference will be continued in the morning made a statement as to the organization of the force, to-morrow will make a confidential statement on the strategical problems of the Empire.

### BIG STRIKE ON IN MONTREAL.

The officials of the steamship companies have for the time being pressed all hands into the work of loading cargo, and the unaccommodated tasks are creating much amusement in the sheds.

When the men on the Teutonic struck the cargo was to considerable extent on board and the crews of the vessel, and the Lake Manitoba, which were both among tomorrow's scheduled sailings, were offered extra pay to help out with the remainder. Per-

lishable goods are being first handled. Sailors, stewards, engineers and officers, and even the wireless telegraph operators and diminutive page boys have been set to work; but it is certain that both vessels, if they sail tomorrow, will leave a considerable portion of their cargo in the sheds. This persists for the most part of non-essential goods. It is evident that the crews and stewards cannot replace the Longshoremen, and the shipping companies will have to come to terms or lose money. Just what action will be taken is not known, and no announcement whatever has been made.

The Longshoremen are demanding a flat rate of fifty cents an hour for the rest of the season of navigation, day or night. They have been receiving thirty cents per hour day, and 35 cents at night, with extra for certain kind of cargo.

The strike, the men claim, is the outcome of unfair treatment of the Longshoremen's Union by the shipping federation. The men claim that two years ago an agreement was made, and the ship owners have not kept to the terms. They recently brought an action in court to have the federation forfeit a \$2,000 deposit, made at the time of the agreement for not sticking to the terms. They alleged among other things that the rate of pay promised was not being paid; that the shipping men were keeping a black list and refusing work to all those who had objected to their breaking the agreement; and that they were not providing the men working in holds with proper safety appliances. The action was postponed by the court, which demanded further particulars from the men. The men claim that this was due through the influence

### THE SACKVILLE NEWS LETTER

An Interesting Budget of News Items Gathered by the Standard's Correspondent in the Tantram Town.

Sackville, Nov. 16.—The home of Mr. and Mrs. P. D. Dauphines, Hubbards, N. S., was the scene of a pretty wedding on Wednesday afternoon when their daughter, Lena, was united in marriage to Harry Trueman Copp, of Baie Verte. The ceremony was performed by Rev. J. L. S. Foster, assisted by Rev. F. A. Arnold, of Blue Rocks. The bride was accompanied by her father, was gowned in blue silk with trimmings of fringe and lace and carried a bouquet of carnations and maiden hair fern. They stood under a handsome floral arch. A large number of relatives and friends were present and presented Mr. and Mrs. Copp with many good wishes and valuable remembrances. After a recherche supper they left for Halifax. The wedding tour is being enjoyed in Maritime Province towns after which they will reside in Baie Verte. The bride's going away gown was of brown English cloth with hat to match.

### Cold Weather of Past Few Days Has Caused Ice to Form in Coves -- Closing Matter of Days.

With the sudden drop in the mercury during the past few days, those who are directly interested in the shipping on the St. John river are especially anxious to get their cargoes off to their disposal to handle the freight traffic, which as a rule, assumes considerable proportions when the season draws near.

It is no longer a question of weeks, but of days, when the close of the navigable season extended over but 196 days, opening on May 3 and closing on Nov. 15.

Last year navigation on the river opened on April 8 and continued until Dec. 4, covering a period of 239 days.

The present season opened on April 11, thirteen days later than last year. Already the season has extended over a period of seven months, or to be precise, 213 days. Navigators are of the opinion that the cold weather prevailing at present will bring a close to the season very soon. In the event of the river remaining navigable for another fortnight, the period of navigation will still be shorter by twelve days than last year.

### Dying of Cholera

Local Physician Says Thousands Dying in Europe Can Be Saved With Proper Medicine.

What is it that keeps down cholera, cramps, and summer complaints in America? Ask any doctor or live druggist and he will tell you "Nerviline." Just fancy, a million bottles are sold every year to people who are suffering from cholera, cramps, flatulence, and summer complaint. For fifty years in most Canadian homes no other pain-relieving medicine but Nerviline is kept. Nothing cures the aches, pains and sickness of the entire family so quickly as Nerviline.

### LETTER NO. 4672

"As far back as I can remember, at least 50 years ago, there was never a time that our house was without 'Nerviline'." In the summer time, when the children ate green apples and got sick with diarrhoea and cramps, it was Nerviline that cured them. My father used Nerviline frequently to cure gas on his stomach and acute indigestion. There are but few minor ailments that Nerviline does not cure, and I know of no medicine so useful; in fact, so indispensable around the home as Nerviline.

This letter written by Mrs. N. C. Butcher, a well known resident in Buttumose, shows the high opinion entertained of Nerviline by those who have used it constantly for nearly half a century.

You'll never regret using Nerviline. Get it today, keep it on hand for an accident or sudden case of sickness in your home—refuse anything else offered you instead of Nerviline. Large size bottle 50c., or sample size 25c. All dealers, or The Ottawa Dispensary, Kingston, Ont.

Last Friday evening's interdenominational meeting in Hampton Presbyterian church, in the interests of the laymen's missionary movement, was well attended. Rev. George Farquhar presided and the exercises consisted of the singing of hymns, Scripture reading by Rev. Mr. Crowe, prayer by Rev. M. E. Fletcher, and the benediction by Rev. H. C. Rice. The address, rise, purpose, and statement of the movement, and an appeal for support, were given by Rev. W. L. Williams. Edward Hicks, a former resident of Hampton, but now of Paris, Ont., has been visiting at Hampton and Belleisle.

John Humphrey, son of Mrs. N. E. Humphrey, who was severely burned last summer, and who has been under broken, through the Public Hospital, St. John's, was brought home last Friday.

Mrs. Philip Palmer, Mrs. R. W. Frink, Miss Myra Frink, Miss Barbour, Mr. and Mrs. J. Walter Holly, Mr. and Mrs. A. M. Boulton, Messrs. D. Stewart Bell, F. W. Fowler, F. C. Titus, G. McConnell, C. ## THE EVENING MISSIONARY MEETINGS FOR MEN ONLY

At Meeting of Local Executive of Laymen's Missionary Movement, Last Evening, After Spirited Debate it was Decided to Exclude Ladies from Evening Meetings of Missionary Convention Next Week.

A meeting in connection with the laymen's missionary movement, was held in the school room of the Centenary church last evening, at which it was decided that it was not advisable to admit ladies to the meetings to be held next week in the evening.

Dr. Chas. R. Flanders, presided at the meeting, and there was a large attendance of ministers and laymen. After the devotion exercises a motion was introduced asking for a reconsideration of the action of the executive that ladies should be excluded from the meetings. The motion was carried, and Geo. A. Henderson moved, seconded by Rev. David Lang, that the ladies be admitted to the evening meetings, but excluded from the afternoon and morning meetings.

W. M. Jarvis said he would like to see the ladies at all the meetings, but there were occasions when it was desirable to exclude them. Sometimes speakers discussed matters which it was not advisable that the ladies should hear about.

Rev. David Hutchinson said that from the inception of the movement, the idea was that the movement was for men. That idea had been carried across the continent and there was no particular reason why St. John should be an exception. He expected the meetings would be through in any case. But if the meetings were for men and largely attended, they would tend more effectively for the cause than a mixed audience would do. The ladies would understand that the meetings were for men.

Judge Forbes expressed surprise that it should be proposed to exclude the ladies. They were the great factors in the churches, and the right arm of the missions. He could not conceive of any reason why the ladies should be excluded. Meetings attended by both sexes were the most popular.

Geo. A. Henderson said there was evidently some misunderstanding as to the attitude of the movement to the ladies. Until it reached Montreal the

practice was to enlist the sympathy of the ladies. Hamilton had made desperate efforts to attract the ladies. W. M. Wilson thought the speakers might have something to say which it was not desirable to talk about in the presence of ladies. Men were busy in the day time and were more likely to turn out in large numbers at the evening meetings.

After the devotion admit ladies at the evening meetings and exclude them from the day meetings was lost. Rev. David Lang then moved that the arrangements be made for the speakers to address meetings of ladies, and this was seconded by W. M. Jarvis, and adopted unanimously. The matter of providing for choirs was then brought up and it was referred to the programme committee.

W. H. Harrison, treasurer of the committee, said that the committee must respect the decisions of the general meeting.

Rev. David Lang reported that the Lieut.-Governor would not be able to open the campaign, and that Mr. Justice McKeown would preside at the meetings on the first day.

Judge Forbes suggested that the Premier of the province be invited to attend the meetings, and a motion to this effect was adopted.

W. H. Harrison, treasurer of the committee, reported that the four principal denominations had been asked to contribute \$200 apiece towards the cost of the campaign. A committee consisting of W. M. Jarvis, Rev. G. Dickie, Dr. Flanders, Dr. Hutchinson, Major Armstrong, Mr. Barbour, and Mr. MacMicheil were appointed to meet the visiting clergymen at the railway station. Rev. Mr. Tucker the secretary, reported that so far the transaction had registered in connection with the meeting and that during his recent visit to Montreal, a large number of people had signified their intention of attending the meetings. The meeting then adjourned.

### Local Council of Women Entice Dr. Melvin's Suggestion that Medical Officers Should Visit Schools.

A meeting of the local Council of Women was held yesterday afternoon at 3.30 o'clock. Mrs. T. H. Bullock presiding. Among the business transactions of routine business the following resolution was passed:

"Whereas it has come to the notice of some members of the council that there is apparently much need of some system of supervising the health of school children in the public schools of St. John's;

Whereas, Dr. G. G. Melvin, inspector of public health has recommended medical inspection by the city authorities;

Therefore, resolved, that the Local Council of Women places itself on record as being in favour of such official care and inspection, and urges the council to inaugurate a system as recommended by the medical health officer.

## Greater Sales of Poslam Than Any Other Skin Remedy

Ask any leading druggist—retail or wholesale—throughout the country which remedy for skin diseases he sells most. "Poslam," he will reply unhesitatingly. And if he has seen its wonderful work in healing aggravated and distressing skin affections—which so many druggists have an opportunity to observe—he will state the reason; because of real and positive merit and its vast superiority over all other methods of treatment.

On its merit alone, Poslam has become the remedial success of the century, quickly eradicating deeply-seated diseases which have been endured for years. It stops itching at once, permanently cures all eczema, acne, leather, barbers' itch, scaly scalp, pimples and every skin disorder.

If you need a remedy for any skin affliction, minor or virulent employ the most successful one, the one sure, most dependable the genuine Poslam which may be obtained for 50 cents from Chas. Wasson, Clinton Brown, F. W. Munroe, or any druggist.

## FELL FROM A HAY LOFT

Suffered Tortures With His Kidneys Until He Tried Gin Pills

You might think that Mr. Baker needed a surgeon more than GIN PILLS. His back was no longer broken. His back was strained, which was harder to cure because nothing seemed to do any good. It is the same with a strained ankle and broken leg. You can set the fracture and it will be well in six weeks—but the sprain may take months to get well.

However, Mr. Baker found the quick way to get relief from the pain—here are his own words:

"I have been a great sufferer from kidney trouble from an injury to my back caused by falling from a hay loft about six years ago. This left my kidneys weak, so that every cold I got would settle in my kidneys and cause intense suffering. I was advised to try GIN PILLS. I found to my surprise, after taking two boxes, that the pains were relieved and I began to feel better. I am still taking GIN PILLS and feel sure I will be completely cured. I recommend GIN PILLS to all who suffer from any kidney trouble."

C. BAKER, Autlsville, Ont.

If you are having pain in the back—or trouble with kidneys or bladder through any cause—do just as Mr. Baker did—take GIN PILLS. They will help you—cure you—or we will promptly refund your money. Buy six boxes at your dealer's. If, after taking them, you feel that GIN Pills have not helped you, return the empty boxes and get your money. We will take your word for it. Each box 5 for \$2.50. Sample box sent free if you write National Drug and Chemical Co. of Canada, Limited, Dept. R.S., Toronto.

## HAMPTON BICYCLIST WAS BADLY INJURED

Charles Burgess Severely Hurt While Riding on Bloomfield Road - General News of Hampton and Vicinity.

Hampton, Nov. 17.—Last Sunday morning as young Charles Burgess of Hampton Station, was riding on his bicycle up the Bloomfield Road, the forward wheel struck a stone and broke, throwing his rider over the handlebars, and landing him on his head, cutting a bad gash and rendering him unconscious. A young man named Noyles, who had been riding with him, saw the accident and helped him to his home where medical assistance was obtained. It was some time before consciousness returned, but today he is able to be out.

Miss Ella Fowler, daughter of Mr. and Mrs. Myles Fowler, Main street, Hampton Station, who has been ill with typhoid fever, is now rapidly recovering.

The reception held by Mrs. Fred Barbour, formerly Miss Nellie Michael, at her home, Everett street, was attended by a large number. Miss Myra Frink, daughter of Mr. and Mrs. Philip Palmer, and Miss Myra Frink, of St. John, served.

John Humphrey, son of Mrs. N. E. Humphrey, who was severely burned last summer, and who has been under broken, through the Public Hospital, St. John's, was brought home last Friday.
