ROYAL YEAST

Good Fishing.
Considerable quantities of gaspereaux were landed by net fishermen on the South Market wharf yesterday. Gaspereaux being caught in this vicinity are of a good quality for eating. Some of the fish are being sent to Nova Scotia points as bait for the deep sea fishermen.

Belgian Relief Fund
The following subscriptions to the Belgian Relief Fund were received yesterday: St. Andrew's Curling Club, per C. H. Ferguson, secretary, \$85; W. F. Hatheway Co. Ltd., per R. F. Finley, secretary-treasurer, \$100.

WANT SOCKS FOR SOLDIERS IN TRENCHES

Royal Standard Chapter, I.O.E.E. will hold tea and sale in Knights of Columbus Hall today.

This is Soldiers' Socks Day for New Brunswick and the Royal Standard Chapter of the Daughters of the Empire, who organized the campaign to secure socks for the soldiers in the trenches will be at home in the handsome quarters of the Knights of Columbus on Coburg street to welcome all comers with socks or the where-withal to buy them. Members of the Royal Standard Chapter wish it to be distinctly understood that the socks collected will be sent to the front for the use of the boys in the trenches and not for the use of wounded men in hospitals.

The ladies in charge of Soldiers' Socks Day will hold a tea and sale at the Knights of Columbus rooms from two to ten p.m. today and all those who sympathize with their object are extended cordial invitation. Ladies will be admitted if they bring a pair of socks. Gentlemen will be welcome during the afternoon if they bring a pair of socks or contribute 25 cents. In the evening gentlemen will be invited to patronize the various booths. For children the admission will be ten cents, if they do not have a pair of socks. Refreshments will be served a la carte.

The Knights of Columbus hall has been beautifully decorated for the occasion and the tables and booths present a picture of colorful harmony arranged that suggests a tableau from fairy-land. When the ladies are on duty, animated by their patriotic zeal, a new beauty will be added to the scene.

The chapter will give prizes to the knitters of the best socks. The purpose of the ladies is to get as many socks as possible for the men who stand the brunt of the war in the trenches. Letters from the front show the need of socks is great and it is expected St. John and the province generally will make a noble response.

The hall committee will be composed of Miss Travers and Mrs. J. H. Frink and the socks committee of Mrs. H. A. McKewen and Miss Ethel Jarvis.

The tea and refreshment committee will consist of Mrs. J. Pope Barnes, convenor; Mrs. Alex. Wilson, Mrs. T. E. G. Armstrong, Mrs. J. E. Moore, Miss Kaye, Mrs. F. S. White, Mrs. D. B. Pidgeon, Mrs. W. K. McKeen, Miss Frances Travers, Mrs. H. O. McIsaac, Mrs. F. C. Macneil, Miss Fleming, Miss Petrie, Miss Raymond, Miss De Bury, Miss K. Sturdee, Miss F. McInerney, Miss Beatrice Frink, Mrs. E. E. Church, Miss Gene White, Miss Louise Grimmer, Miss Violet Whittaker, Miss Doris de Vebber, Miss Lydia Kinnell.

The apron table which will present a pleasing variety will be in charge of Mrs. A. P. Barnhill.

The home cooking table will be in charge of Mrs. C. B. Allan, Mrs. A. P. Crockett and Mrs. R. G. Wallace.

The handkerchief table will be in charge of Miss Travers and Mrs. W. D. Foster.

The fancy work table will be presided over by Mrs. F. J. Harding, convenor; Mrs. J. H. Frink, Mrs. F. A. Powers, Mrs. George McAvity, Mrs. J. B. Cudlip, Mrs. J. Walter Holly and Mrs. Rollo Kerr.

A very attractive feature of the sale will be the garden and the booth which must be seen and appreciated. Those in charge of this booth will be: Mrs. Daniel Mullin, Mrs. John E. Moore, Mrs. J. Fenwick Fraser, Miss Maud McLean, assisted by Mrs. Robert Rive and Miss McAvenny.

The flower girls will be Miss Marion Moore, Miss Rosemarie McAvity, Miss Annie Armstrong, Miss Mary White, Miss Edith White, Miss Edith Cudlip and Miss Helen Wilson.

NEWFOUNDLAND WILL FIT OUT BIG FISHING FLEET.

Among the guests at the Royal yesterday was C. E. C. Bruce of St. John's Newfoundland. Mr. Bruce said that the fishing fleet this year was smaller than usual, but that as the island did not depend to a great extent upon the sea business the reduction of the fleet was not a matter of great importance. Owing to the war prices of fish had been good, though at the outbreak of hostilities there had been some difficulty of marketing fish. This year Newfoundland would devote a great deal of attention to the fisheries, as the situation in the North Sea, combined with the fact that most French fishermen had been called to the colors, would undoubtedly cause a greatly increased demand for fish as food.

PERSONAL.

Clarence Ward was back at his desk in city hall yesterday after an absence of several months on account of illness.

H. A. Powell, K. C., went to Fredericton on the Pacific express last evening.

C. W. Fawcett of Sackville went through St. John on the Pacific express last night.

SHORT SESSION OF THE COUNCIL

Sidewalks and Telephone Poles were under consideration — Summer vacations.

The city commissioners held a short session yesterday. The call of the sunshine in the open seemed to have an influence for the small amount of business was rushed through and several of the commissioners went to West St. John to look over the city work there.

The residents of the lower part of Main street will be asked to contribute half the cost of building a permanent sidewalk there. Other matters considered were road work.

Those present at the meeting yesterday were Mayor Frink, Commissioners Wigmore, Russell and Potts with the Common Clerk.

The minutes of the last meeting were read and approved.

Mayor Frink submitted his report as commissioner of finance and public affairs. The report was received and ordered printed in the annual reports.

The New Brunswick Telephone Co. Ltd., asked permission to place two poles in Elm street in order to serve a part of Portland Place.

Com. Potts asked if there was any scheme in reference to poles in the town planning arrangements. In town planning regulations, poles are not to be placed in the streets, subject to the direction of the city engineer.

The request of the Telephone Company was referred to Commissioner Potts with power to act.

A petition from property owners at the lower part of Main street was received asking that a permanent sidewalk be placed in that section.

Commissioner Potts suggested that the property owners there might be willing to pay half the cost of a sidewalk.

Commissioner Wigmore asked if it was not the intention to repair the sidewalk anyway.

Commissioner Potts said it would be attended to in the regular way.

Commissioner Potts moved that the clerk write to the property owners and ask if they would be willing to pay half the cost of the work. This was passed.

The Seamen's Institute was given permission to erect an electric sign over its premises in Prince William street.

Mayor Frink announced that he had been asked by the executive of the St. George's Society to request the citizens to fly flags and display bunting on St. George's Day.

On motion of Commissioner Russell it was decided to give the employees of the department of harbors, ferries and public lands their usual summer holidays.

The letter of the Recorder in reference to a retaining wall was received and the recommendations will be carried out.

Commissioner Potts again referred to the matter of retaining walls and suggested that something would have to be done about them soon. On account of the war it is not likely any bond issue will be made for the present at least.

OBITUARY.

P. H. Donahue

A well known resident of St. John, P. H. Donahue, Cliff street, died about noon yesterday, after a week's illness. Mr. Donahue was at one time engaged in the lumber business, but retired a number of years ago. Few citizens had as large a circle of friends and acquaintances in city and county as had the deceased. He was seventy-five years of age, and is survived by his wife and one son, Harry.

When the heart becomes affected, there comes a feeling of a choking sensation, a shortness of breath, palpitation, throbbing, irregular beating, smothering sensation, and dizziness and a weak, sinking, all-gone feeling of oppression and anxiety.

Many men and women drag along with weary step, and become worn out and haggard, when otherwise they could be strong and healthy if they would only pay some attention to the first signs of heart or nerve trouble. On the first sign of the heart becoming weakened or the nerves getting out of order, Dr. Williams' Heart and Nerve Pills should be given a fair trial and you will find that they will soon correct both these organs.

Mr. James Leard, Tryon, P.E.I., writes: "Just a few lines to let you know what Milburn's Heart and Nerve Pills have done for me. I had choking spells, and was troubled with weakness and shortness of breath. I tried three doctors but they all failed. A neighbor recommended me to try your pills, so I got a box and they helped me so much I have taken six boxes. I highly recommend them to all who are troubled with their heart and nerves. I was not able to do any work for over two years; now I can do quite a bit."

Dr. Williams' Heart and Nerve Pills are 50 cents per box, 3 boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

CANADIAN M.P. MAJOR FRINK

Col. Currie, in letter to Ottawa friends, says fight at Neuve Chapelle was very hot.

Special to The Standard
Ottawa, Ont., April 20.—A letter from Col. John A. Currie, M. P., received here today contains some thrilling references to the terrific fight along the western front. He wrote on April 6 when the Canadians were resting a few miles back from the firing line.

While they were in the trenches, says Col. Currie, the fighting was incessant, shells by day and rifle fire at night.

"The fight at Neuve Chapelle was very hot. The Canadians were not in the thick of it but the rifle and artillery fire sounded like Niagara."

The Canadian artillery were doing good shooting and he adds that the Canadian troops would not soon trust their own artillery to shoot over their heads as some of the British batteries.

Even back from the trenches as they went to sleep at night they could hear the patter of German bullets against the walls of the building.

At the time of writing, Col. Currie was the only Canadian M. P. in the House of Commons, representing the 48th Highlanders of Toronto, had only lost two killed and a number wounded, but some of the British regiments during the same period lost from fifty to sixty killed.

CHILDREN HATE OIL, CALOMEL AND PILLS

"California Syrup of Figs" best for tender stomach, liver, bowels.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

MISS NIXON WINS THE BELGIAN RELIEF DOLL

Drawing was conducted in Mayor's Office yesterday by Committee appointed for purpose.

The beautiful doll named after the Belgian Princess Marie Jose and which was presented to the Royal Standard Chapter I. O. E. by Miss Blanche Warren was drawn yesterday afternoon in the Mayor's office by the Mayor in the presence of the committee having the matter in charge, namely, Mrs. A. P. Barnhill and Mrs. J. Walter Holly.

The winning number 508 is held by Miss Margaret Nixon, 209 Queen street.

The doll will be on exhibition on the fancy work table at the sale in connection with the soldiers' sock social which is being held this afternoon and evening at the Knights of Columbus Hall.

The proceeds from the sale of the doll which amounts to a large sum will be devoted to the little Belgian orphans.

Much Drift Wood.
The freshest in the river St. John is bringing down large quantities of drift wood, the refuse from sawing mills. Yesterday across of drift wood was floating about the harbor, seriously impeding the progress of small boats. Many citizens were busy around the wharves gathering up the refuse for fire wood.

Wages Paid
The following amounts were disbursed to employees of the city departments yesterday: Fire, \$1,453.33; market, \$178.98; police, \$1,713.66; ferry, \$788.75; official, \$1,550.37; sundry, \$1,182.56; total \$6,866.15.

MAJOR FRINK MADE REPORT

City strong financially in spite of the war — Some suggestions for improvement.

Mayor Frink submitted his annual report in reference to the departments of finance and public affairs at the meeting of the council yesterday afternoon. The report was ordered printed with the other reports. The report dealt very fully with the conditions in the city during the last year and His Worship made several suggestions.

At the present time the financial condition of the city was strong. In spite of the conditions caused by the war St. John was still little the worse financially. This was partly accounted for by the fact that the taxes had been collected and in the bank before the war started.

At the close of the year there remained a surplus balance of \$30,379.67 while the year before it was something above \$100,000. Overdrafts on the next year's accounts were responsible for this.

His Worship referred to the continual demand for better facilities and service while there was still much fault finding over the expenditures. He suggested that every itemized bill should be submitted to the council and published in the newspapers at the city's expense, in order that citizens might know where the money goes.

Bond Issues.
The proposals for large bond issues to cover street improvements, etc., had not met with a favorable response, but the mayor pointed out that financial men say St. John is too conservative in this respect, and if St. John desired to grow and become a modern city, it must make large expenditures. The city's bonded debt had remained almost stationary for several years, and the sinking fund had been jealously guarded. His Worship suggested that all bond issues, except those imperatively necessary, should cease until after the war, when a better rate than five per cent should be secured.

The report continued as follows: "It has been said, with some degree of truth, that the St. John assessment system is a weak one. It must necessarily be, or any system of assessment wherein the assessors are not, and cannot be, in possession of accurate knowledge, governing property which they are directed to assess. They cannot assess that which they cannot see, and yet the law directs them to do so. In so far as personal property is concerned, inaccuracies and variations in the values of real estate, much ground for complaint exists."

Referring to the changes incorporated in the bill now before the legislature, the mayor says: "At the time of writing it would appear that the legislature will not assent to the bill. Regarding suggestions to transfer the burden to real estate, he says that this would have the effect of driving more people to have suburbs, and that a land tax would result in greatly increased rents." In the Ontario act, His Worship finds an assessment system which he thinks might be adopted with advantage here. Now that public opinion is pronounced, he thinks the time has come for the appointment of an assessment commission, and says that there will be no delay in the appointment.

Town Planning.
His Worship refers to the need of scientific town planning and the appointment of a commission to carry out the work under the plan.

In reference to the new county hospital for tuberculosis, His Worship thought that the federal government should give some aid.

He sees in the completion of the new bridge over the falls prospects of greatly increased land values and development in Lancaster, but also a loss of considerable revenue to the ferries.

He also referred to the war and the part taken in it by St. John people. Municipal support to the extent of \$24,000 had been given to the funds. He thought that the city would have to give further for this fund.

Police Court.
In the police court yesterday morning Frank Gautois and Frank Van Hodegen, charged with fighting were allowed to go, Gautois under suspended sentence of \$20 or two months in jail. One drunk was allowed to go on suspended sentence and Norman McLeod was remanded.

A BRONCHIAL COUGH, PERHAPS WEAK THROAT
USE "CATARRHOZONE"—DEAD SURE CURE

Wonderful Success Reported in Thousands of Bad Cases.

How many thousands are there who would gladly pay any sum to be cured of bronchitis or catarrh. Many could be cured if they would just use common sense in selecting their remedy.

Bronchitis of course is an inflammation of the bronchial tubes which were made for the passage of air alone, and neither the moisture of an atomizer nor the liquid of a cough syrup can get where the trouble really is. The diseased parts can only be reached by a remedy that can force its way through all the breathing organs. Doctors who have used "Catarrhozone" say it is the only rational cure for

bronchitis. It cures by inhalation. You breathe in its healing balsam, inhale its soothing antiseptic vapor and relief is immediately obtained. Simple to use, delightful and pleasant—nothing compares with Catarrhozone which is the cure of the day for all bronchial and throat troubles.

Mr. H. B. McLaughlin, the well-known representative of Parks and Blackwell, Toronto, says: "I have used Catarrhozone for years and can honestly say it is the only remedy that relieves me from a painful attack of Bronchial Catarrh. The inhaler for Catarrhozone is always in my pocket and I simply couldn't get along without it. I firmly believe Catarrhozone is a wonderful remedy."

Large size sufficient for two months' use, guaranteed, \$1.00; small size 50c; sample or trial size 25c. Sold by dealers everywhere.

What Thin Folks Should Do To Gain Weight

Physicians Advice For Thin Undeveloped Men and Women.

Thousands of people suffer from excessive thinness, weak nerves and feeble stomachs who, having tried advertised flesh-makers, food-fads, physical culture stunts and rub-on creams, resign themselves to life-long skinniness and think nothing will make them fat. Yet their case is not hopeless. A recently discovered restorative force makes fat grow after years of thinness, and is also unequalled for repairing the waste of sickness or faulty digestion and for strengthening the nerves. This remarkable discovery is called Sargol.

Six strength-giving, fat-producing elements of acknowledged merit have been combined in this peerless preparation, which is endorsed by eminent physicians and used by prominent people everywhere. It is absolutely harmless, inexpensive and efficient.

A month's systematic use of Sargol should produce flesh and strength by correcting faults of digestion and by supplying highly concentrated fats to the blood. Increased nourishment is obtained from the food eaten, and the additional fats that thin people need are provided. All leading druggists supply Sargol and say there is a large demand for it.

While this new preparation has given splendid results as a nerve-tonic and vitalizer, it should not be used by nervous people unless they wish to gain at least ten pounds of flesh.
