CHRIST SOON DUE, SAYS SANDFORD

Head of Shiloh Colony Gone and is Thought to Be on His Way to Jerusalem to Prepare for the Second Coming.

Shiloh, Me., Nov. 9.—Frank W. Sandford, leader of the "Holy Ghost and Bible school," and head of the "Church of the Living God," the place and ground for the return of Jesus, is in Jerusalem. The last heard from him was in New York, and whether he has sailed for Europe or not, is not known here. Mr. Sandford stopped a few days in Boston to attend to business matters.

Shiloh has enjoyed a period of prosperity since its founding, and has received a fine of \$100 and costs in the cruel case. Not since the period immediately following the first persecutions against the Shiloh leader has the treasury been as full as it is now. Followers all over the world send him money to pay the fine and costs, and he plans to make Mr. Gleason the head of the church a hundredfold.

All of this money has been turned over to "the Kingdom," with a prayer of thanks for each gift and a long prayer for the whole amount.

Shilohites believe the Lord made his influence felt in the heart of Justice Emery, causing him to inflict a fine instead of a jail sentence for punishment. Prayers are being offered for Justice Emery are offered for forgiveness for the jury.

It is understood that Sandford intends to make his mission in Jerusalem of more importance, and that his business there will be to establish the church, and to establish the return of the Lord to Jerusalem is near at hand. He and his followers are anxious to be as near as possible to the chosen city when that time arrives.

"Do the people at Shiloh have all they want to eat now?" was asked of a disciple today. "Do they have sufficient fuel to carry them through the winter?"

"I don't know why they should not, as they have several thousand dollars in the treasury," was the reply.

"Does Mr. Sandford intend to make his headquarters in Jerusalem for the future?"

"While he tells us little, I understand that he plans to make Mr. Gleason the head of the church. Gleason filling the same position there that Holland does here. Mr. Sandford will spend his time establishing new missions and between Shiloh and Jerusalem."

"Will he make Jerusalem the principal headquarters of his following?"

"I think not, as the Lord selected Benajah Sandhill in Durham as the headquarters for the religious movement that the followers claim will evangelize the world, and he would not change it. But I understand that Mr. Sandford has received some new revelation about Christ's early coming."

"Do you think he intends to stay out of the United States, so that further action in regard to the Shilohites may stand against him cannot be taken?"

"No, sir. Mr. Sandford will be in Auburn to face trial any time the court wants him."

Mr. Dewey says he is opposed to inquiring about the Shilohites, and that, as a citizen, he does not refer to contributions to individuals.—Los Angeles Express.

MARTIAL LAW FOR POLAND

FEARS FOR SUNDAY

Jews Appeal to Authorities in Vain to Protect Them from Another Massacre—Loyalists in Danger of Secret Society Called "Black Hundred"—Witte Cabinet Nearly Complete.

St. Petersburg, Nov. 11.—2:05 a. m.—Except in the Kingdom of Poland, where the rapidly growing nationalist movement and the state of war in Russia seems to be the time being, at least, generally tranquil. Telegrams from interior points report the restoration of order in nearly all cities and towns, but in many cities, notably St. Petersburg and Moscow, the better classes of the population are greatly disturbed owing to the rumors of approaching attacks by the "Black Hundred," composed of the most ignorant types of the populace, which, according to these rumors, are scheduled to take place in St. Petersburg tonight and in Moscow tomorrow.

The apprehension in St. Petersburg has become so great that the prefect of police who succeeded General Treppoff in command of the city police, has instructed his subordinates to take the utmost measures to crush any disorder in its inception so as to disabuse the minds of the "Loyalists" of the idea, that the police would remain inactive. In such an emergency the strong hand of General Treppoff is being missed even by the factions which Count Witte's cabinet may now be regarded as constituted as Count Lamsdorff, minister of foreign affairs and Minister of Justice, will represent their policy, having only the prefect of the interior and minister of education to be filled. Dmitri Shupoff, of Moscow, who was president of the first Zemstvo congress, has definitely declined to accept any position in the cabinet.

All Schools and Universities Closed.

St. Petersburg, Nov. 10.—The universities and high schools throughout Russia have been closed indefinitely by order of the minister of education.

Polish Deputation to Oskar.

Warsaw, Nov. 10.—Representatives of all political parties in Poland, at a meeting held in the palace today, decided to send twenty leading citizens to St. Petersburg to request the emperor to grant Russian Poland full autonomy and its own parliament. The deputation will leave tomorrow.

Reforms May Be Delayed.

St. Petersburg, Nov. 11.—A long official communication, published this morning, denies that disorders in any part of the country have been fomented by the government, and promises a most careful inquiry into the outrages against life and property and the adoption of measures to prevent their recurrence.

The government will strive to fulfill the emperor's will regarding the freedom of citizens," the communication says. "The hostile relations of the Russian people to the moderate may result in a situation unsuitable for the introduction of reforms, but the government cannot think that the people will prefer disorder to order, and internal strife to peaceful development. The council of ministers is therefore to execute the imperial commandments as far as possible."

Marshal Law in Poland.

St. Petersburg, Nov. 10.—It is announced that martial law will be declared throughout Poland.

Fear Another Massacre Sunday.

Moscow, Nov. 10.—Alarming rumors are in circulation that anti-Jewish outbreaks will occur simultaneously here and at St. Petersburg Sunday next. Foreigners and Jews have received threatening letters, and have asked the authorities for protection, but thus far no step has been taken toward granting the request.

Martial Law at Cronstadt.

St. Petersburg, Nov. 10.—Martial law has been declared at Cronstadt. Vice-Admiral Birell, minister of marine, left tonight for Cronstadt.

BRIDE IN ASYLUM IS DECLARED SANE

Dr. Spitzka Testifies That Mrs. Delano Deane-Reid Is Not Mentally Deranged

ROWS IN BROTHER'S HOME

Woman Seeking Freedom Tells of Trips With Sister-in-Law and an Actor.

White Plains, N. Y., Nov. 9.—The legal battle of Captain Albert V. Deane-Reid to free his bride from Bloomingdale asylum, where she is detained at the instance of her three brothers, Clarence, Victor and Frederick Delano, was begun here before County Judge Platt today.

The strictest cross-examination was conducted by counsel for the brothers on a strong effort to prevent their sister from being released.

Mrs. Reid was brought into court by an attendant from Bloomingdale, and kissed her husband affectionately. John M. Digney, who represents Captain Reid, presented as a witness Dr. Spitzka, an alienist.

Mrs. Reid testified that her brother, Frederick Delano, in September, 1904, represented to her that she was going to be taken to the Aspinwall Golf Club for lunch. He had previously sent her to two physicians to be examined without telling her his purpose.

"I was accompanied by my brother Fred, and his wife to the golf club," Mrs. Deane-Reid said. "Then it was suggested that we take a ride to Whitehall Road's place, and after that my brother asked me if I did not want to visit Bloomingdale asylum, where he said he knew a physician."

"When we got into the asylum I was held in a room by two or three nurses and I was allowed to leave."

"Did they show you any commitment?"

"No, I was kept there for four months."

"What did you do after your release?"

"I studied art at Columbia College."

"What was the home life of Mr. and Mrs. Frederick Delano?" Mrs. Digney asked.

"It was anything but pleasant," was the reply. "They frequently quarrelled, and my brother's wife constantly threatened me with her fists. My brother asked me if I did not just as she wanted me to do."

Then Mrs. Reid told how, in 1905, she visited Rye Beach with Mrs. Frederick Delano, wife of her brother, who introduced her to an actor, Charles H. Smith.

"I considered his conduct and manners vulgar, and I constantly asked my sister-in-law to come home with me," said the witness. She also stated that she went to New Haven with her sister-in-law to meet this actor, and all went bathing. At another time they went sailing, and Mrs. Reid declared that the actor's conduct was offensive.

"My brother Frederick followed his wife and myself to New Haven, and when we came back he struck me," she said. "I thought my ear drum had been broken. He threw me down and told me to get ready to go back to the asylum. Then he twisted his wife's arm."

Mrs. Reid was calm and collected while she was giving testimony. Several insanity experts from Bloomingdale asylum had their eyes on her every move.

Dr. Spitzka testified that he had examined Mrs. Reid's head and found no indication of mental derangement. The commitment filed in the asylum, Dr. Spitzka said, had showed that she was suffering from adolescence and mental retardation, but that he had found nothing to indicate such a case. Henry T. Dykema, who represents the Delano brothers, asked if lunacy might not have lucid intervals and not be noticeable.

"Yes," answered Dr. Spitzka, "but there is no sign of insanity at this time in this instance."

THE BURNS MONUMENT

\$3,600 Subscribed, Plans for the Additional \$2,000 Required.

The New Brunswick Burns Memorial Committee, representing the Fredericton Society of St. John, the St. Andrew's Society of St. John, and the Highland Society of Montreal, have prepared subscriptions amounting to upwards of \$3,600 for the erection of a statue of Robert Burns at the capital of the province. These subscriptions have been obtained exclusively in the membership of the societies named, with the exception of a few which have been voluntarily forwarded from other places to the treasurer of the committee. As about \$2,000 additional will be required to defray the full cost of the proposed monument, it has been determined by the committee to publish this notice, so that all Scottish residents of the province and all admirers of the immortal bard who have not already subscribed, may have an opportunity of contributing to the monument. The committee, Jas. F. McMurray, Fredericton, and the committee would like any who propose to contribute to do so or to notify the treasurer of their intention at their earliest convenience, as the committee wish as soon as possible to be in a position to let a contract for the work, in order that the memorial may be unveiled on the anniversary of Burns' death, in July next.

It has also been suggested that there may be many communities in the province where substantial amounts can be raised by the Scottish residents organizing Scottish societies in behalf of the undertaking. Already a very successful concert has been held in Andover for this purpose, the proceeds of which have been forwarded to the treasurer. If there are in any town or village any number of persons in sympathy with the movement, and who wish to assist, the provincial committee would cordially appreciate any effort they might put forward in this behalf, and it is suggested that the next anniversary of Burns' death, on Jan. 25, might be made an occasion for many such concerts throughout the province.

All contributions will be publicly acknowledged.

Oswald S. Crockett, president; A. Stirling MacFarlane, secretary.

Fredericton (N. B.), Nov. 11, 1905.
