

SASKATOON IN GALA ATTIRE

Immense Throng Welcomes Sir Wilfrid Laurier and Party

MONSTER PARADE

Tore Side Out of Big Arena So That
Overflow Crowd Could Hear the
Liberal Chieftain—Premier Scores
Rabid Trough Growers' Re-
marks.

Saskatoon, July 29.—So dense was the crowd in the arena tonight that hundreds outside were unable to get entrance, and prior to the opening of the meeting the services of carpenters were requisitioned to tear out the side of the great frame building, thus securing ventilation, and allowing many on the outside to hear.

Sir Wilfrid spoke generally on the policy of the government, dealing with the benefits of the British constitution. He welcomed the newcomers and outlined the development of the immigration and transportation and referred to the best government-owned and managed railway in the world, Germany, showing that it charged sufficient rates to pay the government interest on the money invested and a profit of six per cent above that. It gave cheap passenger rates, but high freight rates, much higher than those in Canada.

This morning the premier met the grain growers.

In the afternoon he laid the cornerstone of the Saskatchewan university, a brilliant social function, and at night addressed a mammoth public meeting in the great arena. Saskatchewan's reception was on a large scale, the city was brilliantly illuminated and the decorated bands, mounted police and militia were features of the parade, extending a mile.

The premier administered a dignified rebuke to the speaker who appealed to party passion at the conference of the grain growers, who asked why the farmers should not receive a bonus from the government, the same as the Dominion Iron & Steel Company. The Liberal party has departed from the principles of Liberalism and today are the most conservative government on the face of the civilized globe," he declared.

"In 1896, the Liberal government came into power on a distinct pledge of free trade, and the Liberal system is British free trade. Today you are further from it than in 1896. In 1896 you promised to skin the Trough bear of protection; have you done it? If so, I would like to ask you what you have done with the skin."

Sir Wilfrid replied: "We are all British subjects," he observed, "and we enjoy the British right of free speech. My friend has asked himself if I have opportunity. He will doubtless agree if I claim the same freedom of speech. I certainly realize that a good deal of what we heard from the various speakers has been commendable, but must find fault with him who talks politics, rather than grain growing. I am here, to confer, to learn, on business, for the country's well-being, not to debate party differences.

The grain growers cheered the premier's statement.

"We offered you free trade," he stated, "and have given you free trade. To abolish the tariff at one stroke would create a financial crisis. It is impossible for us now to raise the revenue as in England. I am a free trader. I am not a protectionist. My creed—what I stand for—is a revenue tariff, nothing else. We are making progress."

The lieutenant governor presided at the laying of the university corner stone in the afternoon. An immense gathering was in attendance.

THE WORLD LOOKS DARK

To the Dyspeptic. How to Make It Bright.

Father Morrisey, the learned priest-physician, realized that many of the difficulties and troubles of the world are due to indigestion. He believed that to get a proper mental and spiritual attitude, a normal digestive apparatus is very helpful. The good Father therefore gave much study to the important question of the stomach.

His famous prescription, "No. 11," for dyspepsia and indigestion, consists of simple tablets cleverly compounded from the materials in Nature's laboratory. Each tablet will perfectly digest a full meal of 1½ pounds of food.

Father Morrisey's "No. 11" has brought ease and continued health to thousands of sufferers who had previously tried other remedies in vain. It instantly relieves and in due time restores the stomach to full vigor.

If you suffer at times or regularly from a sick, sour, dyspeptic stomach, try No. 11, and see how quickly you can again enjoy hearty meals, and how bright the world looks once more.

In convenient flat boxes at 50c each. Get a box from your dealer, or from Father Morrisey Medicine Co., Ltd., Chatham, N.B.

Wart Philosopher

Learning, one day in the Temple of turning, I said: "I am tired of this jim-swizzled game. I've of discerning a picture of Poe in think is a rickety shame. Oh, tell of learning, why this picture is not signed and he stuttered, and wiped follow you mention," he muttered, sure was no slouch of a fan; he's stered, for he was a dissolute man, have to be careful," he spluttered, "we know where our biscuits are plan." Then he hung on the wall Sneed, who's written some fierce dreamers read. "This verse," said oral and helpful, indeed! And all chaste as his uplifting screed!"

WALT MASON.

FROM ALL OVER THE MARITIME PROVINCES

(Continued from page 3.)

James Bethune, of Picot (N. S.), has been in town this week the guest of his brother, George Bethune.

Newcastle, N. B., July 28.—Northumberland county leads the northern section of the province in the matter of the introduction of the rural mail.

The parishes of North and South Essex have been afforded an adequate service which will shortly be in operation. The residents there, with the assistance of the Liberal member and post office authorities, have paved the way for a fine service. The rural mail delivery was practically inaugurated this week.

Your correspondent is authoritatively informed that the action of the parishes of North and South Essex will be followed shortly by the other parishes in the province as well as other counties on the North Shore. This will ultimately result in the operation of a first class rural mail service throughout the different counties of the province.

Following the action taken at the Supreme court at St. John on Monday last, liquidators of the Miller Tanning Extract Co. at Moncton have perfected arrangements for the re-operation of the big factory there. Repair work will be promptly executed, and the favorite whistle, it is expected, will shortly be heard. John Miller, formerly in charge of the factory, is standing back on a converted to large profit and the factory will probably continue operations until the bank on hand is consumed. The repair work at the factory was given the last about ten days of the re-operation of the Miller works is being warmly welcomed at Millerton.
