TOWN AND VICINITY

The popular Wallace town fair is on Thursday and Friday of this week. This is the time of year when a man begins to wonder if his straw hat will be fit to wear next season. Fire Prevention Week, beginning on Sunday, Oct. 9, and ending the following Saturday, has been appointed by order-in-council.

It is about time for the average householder to remember that he forgot to get the furnace cleaned last spring.

A meeting of the Newbury-Mosa Women's Institute will be held at the home of Mrs. Ed. Haggit on Oct. 12 at 2 p.m.

The United Farmers of West Middlesex will meet in convention at Strathroy on Saturday, to select a candidate for the Dominion House.

The anniversary services of the Thamesville Presbyterian church will be held on Nov. 13 and 14. Rev. D. G. Paton, B.A., of Glencoe will be the special preacher.

Glencoe high school athletes were well represented at the Dutton high school field day exercises last Friday and were eminently successful in the number of points scored.

No. 3 Wabash express truck an automobile at Courtland, four miles east of Tillsonburg, at 11 o'clock on Monday, instantly killing two women and fatally injuring a young lad.

Potatoes are dropping in price every week. The crop is turning out better than was expected, although in Carleton place, known as the finest potato district in Ontario, the yield will be but 40 per cent. of the usual crop.

The late Mr. Robert Canahan's watch has been won in a drawing event by Mrs. Agnes Carr of Vernon B.C., the lucky number being 45. Mrs. Carr was the mother of Lieutenant Kennedy who gave his life in the defence of the Empire.

Stanley Humphries of Glencoe, vocal pupil of Howard Gordon, took 4th place in the competition open to Canada, recently held in London. Dr. Voigt of Toronto Conservatory of Music was the judge, and Mr. Humphries received special mention for his rendition.

London paper:—A very pleasant evening was spent recently at the home of Mr. and Mrs. Whitlock, 270 Hamilton road, when a large circle of friends, formerly of Glencoe, were entertained in honor of their guests. Mr. and Mrs. R.F. Howard of Edmonton, who also were formerly of Glencoe.

A connecting link for the two provincial highways, by way of Dutton on the Talbot Road to Glencoe on the Longwoods Road, is suggested by Dr. Stevenson, M.P. for London, who has brought the matter before Hon. F.C. Biggs, minister of highways. Other parties favor the Dunwich-Aldborough route being shorter and more feasible for a connecting link.

The Glencoe Ministerial Association met in the vestry of the Presbyterian church on Monday afternoon, to the bereaved ones in their sad and sudden affliction.

In addition to the routine business Rev. Mr. Charlton gave a scholarly and well-prepared paper on a scriptural passage. The next meeting of the association will be held in the Sunday school room of the Anglican church, and the December meeting will be held at the Sunday school room of the Methodist church.

A social time was had on Monday evening when the Presbyterian Young

DIED IN LONDON HOSPITAL

The people of this community were greatly shocked to learn of the death in Victoria Hospital, London, on Friday evening, of Mrs. John Gould of the Longwoods road, Mosa. Mrs. Gould had gone to the hospital two or three weeks ago for a surgical operation. The operation proved a success, but was followed by an attack of pneumonia. From this the patient was making satisfactory recovery and it was thought in a few days would be able to return to her home. On Friday evening, however, while partaking of supper, Mrs. Gould suddenly collapsed and expired in a few moments. It is supposed from a clot of blood on the brain.

The funeral took place on Monday afternoon from the family residence to Oakland cemetery, the services being conducted by Rev. D. G. Paton, pastor of the Glencoe Presbyterian church, assisted by Rev. Mr. Weir of Ridgeway.

Mrs. Gould was in her 46th year and is survived by her husband and a family of four girls and one boy. Two of the girls, Violet and Alfie, are nurses in training at Victoria Hospital and were in the institution at the time of their mother's death. The sympathy of the community goes out to the bereaved ones in their sad and sudden affliction.

EFKRID STATION

The anniversary and Rally Day services will be held in S. S. No. 4 next Sunday, Oct. 9th, at 2.30 p.m. and 7.30 p.m. Robert Campbell of Melbourne will conduct the services in the afternoon and Rev. H. D. McCulloch of Appin in the evening.

A REQUEST FROM THE MINISTERIAL ASSOCIATION

The Ministerial Association of Glencoe, realizing that the social season is about to begin, respectfully urge upon the people of our village that consideration be given to the week-night activities of the churches. The ministers in a kindly spirit request that social engagements be arranged with the desire to avoid a clash. As a Christian community let us not ignore the claim of the churches upon our interest and time.

The only explanation of Tania's great success is Tania's true worth. —P. E. Lumley.

APPIN

Very successful anniversary services were held here in the Methodist church on Sunday. A large and appreciative congregation listened to two excellent sermons by Rev. Mr. Finlay of Oil City. In the afternoon the subject was "Life's Beginnings," and in the evening "Life's Beginnings," from the text "In the beginning God..." The music at both services was excellent, the choir doing their part admirably and ably assisted by Miss Powe, Miss Glebe and Delmor Lewis of London. Cyrus Henry of Metcalfe and Norman Loe of Melbourne. On Monday evening one of the finest programs ever listened to by the people of Appin was given by the Dutton Methodist choir of London to a crowd who filled the auditorium of the church, after partaking of the splendid tea served in the basement by the ladies. Total proceeds amounted to over \$200.

IT PAYS TO ADVERTISE

To find out how closely and painstakingly his paper is read, an editor has to consult an occasional reader. A paper might run for 999 years and never hear a word of commendation, but when a slight error is made, a howl is at once raised. The people who say they do not read the papers are just plain liars.—Jackson, Ga., Progress.

You will want a bottle of the wonderful Tania remedy. You can get it from P. E. Lumley.

Found Rare Picture.

A windfall is due to King George's private purse as a result of the discovery in Buckingham Palace in the course of Queen Mary's house cleaning of a rare Gainsborough, the existence of which had not been known to the present generation. The discovery was made by Queen Mary had three oil paintings sent from the royal library to be cleaned. One of the pictures was "Virginia Waters," by an unknown artist, purchased for Windsor Castle by Queen Victoria. Beneath the picture was found another, which experts pronounce to be "Portrait of a Lady," by Gainsborough.

Queen Mary is personally directing the housecleaning at Buckingham Palace and Windsor Castle, and hopes to unearth many forgotten treasures. Especially the meaning of Windsor will be a gigantic undertaking and will probably last a year, because of the size of the castle and the remoteness of the apartments, which have been closed for generations.

The Queen is an enthusiastic antiquarian and in the past has made several interesting discoveries in the castle as well as in other royal residences. Some of the new discoveries in the private apartments of the King and Queen was found in this manner. As formerly no catalogue of royal possessions was kept, historians are keenly interested in the result of the Queen's explorations.

Oyster-shell Scale.

This is a very common orchard insect. It attacks not only apples but also pears, plums, currants and many ornamental and fruit trees and bushes. Full grown scales are round and almost exclusively on the bark and are easily recognized by their oyster-shell appearance. They are about 1/4 of an inch long, 1/24 inch wide, taper towards one end and in color resemble closely the bark.

The injury is caused by their sucking the juices out of the bark and thus weakening the trees. When very abundant they almost completely cover the bark and in that case may kill either the whole tree or portions of the branches. Most infested trees, however, are not killed but only weakened.

Control.—Spraying the trees just before or just after the buds burst with lime-sulphur solution, 1 gallon to 8 or 9 gallons of water, is a satisfactory remedy. The regular Codling Moth spray with one gallon of lime-sulphur to about 35 gallons of water, to which two pounds of arsenate of lead paste or one pound arsenate of lead powder is added will also help greatly, because it will hit the young scale insects just after they have hatched, while they are still unprotected and easily destroyed. Dead scales may remain on the trees for several years after date of killing. Pruning the trees early makes it easier and cheaper to spray them well.

CRIPPLED WITH RHEUMATISM

Then She Took "FRUIT-A-TIVES"
And Has Been Well Ever Since

MADAM SLOAT

PERIN JUNCTION, N.B., Jan. 22nd, 1920
"For many years, I was a great sufferer from Indigestion, Constipation and Rheumatism. My stomach was weak and gave me constant distress, while Rheumatism in my joints made me almost a cripple. I was treated by two different doctors but their medicine did me no good.

Then I tried "Fruit-a-tives" and at once that fruit medicine helped me. Soon the Constipation and Indigestion were relieved and the Rheumatism began to go away, and in a few months entirely disappeared. For twelve years now, my health has been first class, and I attribute it to the use of "Fruit-a-tives" which I take regularly."

CROPS IN THE WEST

Manitoba's crop is counted to be 25 per cent. below average. Alberta 10 per cent. below, while Saskatchewan is somewhat over the average. Southern Alberta is hardest hit, registering a fifth successive year's failure, necessitating substantial assistance from Governments and other sources. In Northern Alberta the crop is slightly below average, owing to the failure of the June rains.

Mothers Value This Oil.—Mothers who know how suddenly croup may seize their children and how necessary prompt action is in applying relief always keep at hand a supply of Dr. Thorpe's Eucalypti Oil, because experience has taught them that this is an excellent preparation for the treatment of this ailment. And they are wise for its various uses render it a valuable medicine.
