ON HIGHWAYS DEPUTATION

Among those who went to Toronto today to help swell the deputation who will wait on the government to urge the building of the proposed Provincial Highway through Kitchener were Messrs Allan Bechtel, Reeve Bohlender, H. Stumm, J.H. Smith, P.J. Wright, C.W. Wells, A.H. Cochrane, and others.

The regular meeting of the Park Board was held last night the members present being chairman Wells and Messrs F.G. Hughes, Al. McIntyre, E.M. Devitt, J.H. Smith, G. Gross and S. City Laing.

One of the main items of business was the passing of a resolution to request that a day be set aside early in April to be known as Arbor Day. The Board suggesting that it be recognized by all citizens for the purpose of planting tree throughout the town. If the request is generally acceded to many hundreds of trees can be planted and the artistic beauty of the town maintained.

The question of planting trees in the park as a memorial to the boys who enlisted and those who have made the supreme sacrifice was also discussed and the committee who were appointed sometime ago were given a little more time to complete their plans. As the picnic season is fast approaching and a work has not been started on the proposed comfort station a committee composed of chairman Wells, and Messrs Hughes Gross and Devitt, were appointed to secure the necessary information plans etc, as speedily as possible with a view of having the building erected before the season opens.

Other matters of a general nature were discussed the Board adjourning at 10:45 p.m.

Opening Meeting
at Zion Church

Rev. H. L. Stephens Addresses Large Gathering at Zion Evangelical Church. Interesting Meeting To-night.

A large congregation assembled at Zion Evangelical Church last night to welcome back Rev. H. L. Stephens, who conducted a large Union Evangelistic Campaign in this city last May, and to listen to an earnest address on the present need of the church. Rev. Stephens returned a month ago from his western tour where he conducted large Union Campaigns in Swift Current, Regina, Sask., and Lethbridge, Alberta. Since coming back he has held short missions in Woodstock, Tavistock, Stratford, Brantford, Lingebach and New Hamburg. Last Sunday he was in Chicago supplying at the large Tabernacle where Rev. Paul Rader ministers.

Rev. Stephens spoke from Luke 11:13 "How much more will your heavenly Father give the Holy Spirit to them that ask Him." The church has the greatest opportunity of her life right now and Evangelist Stephens and if she does not rise up and grasp it in will find thousands of our young men outside her doors as they return from the front. We do not need something new particularly in the way of reconstruction but a new empowering from God received by a fresh anointing of the Holy Spirit. We are responsible to God and to our fellowmen for what we could do if we were truly equipped by the definite surrender of our lives to God. He is ready to give His power to us. "How much more will He give the Holy Spirit to them that ask Him." Receive Him and you will get all the Love, the Power, the guidance and the blessing you need. Mr. Stephens speaks again to-night and will be pleased to welcome all who attended the services of the Campaign. A meeting for the deepening of Spiritual Life will be held to-morrow at 3 p.m. for everybody and for young people at 7 o'clock.

Rev. H. L. Stephens, who conducted the Evangelistic Meetings here last May and is back here for a week.

County Cases Heard
At Guelph Court

DESERTERS AND PARENTS APPEAR IN GUELPH.

GUELPH, March 26.—The recent exciting windup at New Germany of military service deserters was brought to a close at the police court to-day, when Anthony Berberich, Thomas Hummell, of New Germany, and Anthony Rumig, of Josephsburg, who pleaded guilty to being deserters were fined \$500 and costs. George Berberich was also charged, but the magistrate would not allow him to plead, remanding him for a week and in the meantime he will be examined as to his mental condition.

Joseph Berberich, the father of the two boys, pleaded guilty to having harbored deserters under the M.S.A. Mr. Jeffrey was present on his behalf and while he stated there was no possible excuse for the action he took in the matter, pointed out that it was obvious to all that neither of the boys could have passed the medical examination and been accepted as soldiers under such circumstances it was only natural that the father would like to protect them.

He also referred to the fact that it was through the father's influence that the boys had surrendered themselves and made a strong plea for leniency. The magistrate took these things into consideration and imposed a fine of \$100 and costs.

A similar charge against Jane Berberich, mother of the two boys, had been laid, but after it had been pointed out to Inspector Duncan, that she was not responsible for what took place

in the house and such a charge could not be legally laid it was withdrawn. Jos. Hummell was charged with harboring his son, Charles. He pleaded not guilty, but he too was fined \$100 and costs. He admitted that he knew his son was a deserter, but claimed that when his son had his foot out the door he could do nothing else but take him in. He claimed to be of French descent and in sympathy with the cause of the allies.

Emil Rumig, a brother of Anthony's was charged with failing to register under the M.S.A. in 1917. He was remanded for a week.

Great Powers Agreed

LEAGUE OF NATIONS PROVIDED FOR AND PEACE OF WORLD GUARANTEED.

LONDON, March 26.—The Paris correspondent of the Pall Mall Gazette says, on high authority, that "in order to avoid perils which would inevitably arise if preliminary peace terms are not drafted until such time as the various commissions shall have finished their labors and have presented their respective reports, the representatives of the great powers have drawn up certain proposals which seem ample to constitute the basis of the first treaty, or one analogous to that signed at Versailles in 1871."

The correspondent adds that these proposals are under the consideration of the inner council of four—Premiers Lloyd George, Clemenceau, Orlando and President Wilson, which has temporarily superseded the council of 10, and that this arrangement will greatly expedite decisions.

"A final settlement will not be aimed at," continues the writer, "but the terms will be sufficiently firm, drastic and definite to provide for an enduring peace which will justify in large measure early demobilization, simplify the grave international food problem and pave the way for speedy industrial reconstruction and financial reorganization.

"The principal aims of the proposals now before the inner council are: (1) To insure ample security for the future protection of France, especially on her eastern frontier; (2) to establish a strong Italy with a formidable northern barrier against aggression; (3) to create a strong Poland; (4) to found a league of nations pledged, on material as well as moral grounds, to the preservation of world peace."

BONAR LAW MAKES ANNOUNCEMENT IN BRITISH HOUSE.

LONDON, March 26.—Andrew Bonar Law, leader of the Government in House of Commons, made a statement to-day on the fiscal policy of the Government in reply to a motion of Mr. Newdegate. He said that the property of the country depended upon increased production. The Government's efforts would be directed to framing a policy on that basis.

The election declaration would be carried out at the earliest possible moment. The chancellor of the exchequer was considering how to give effect to it in the budget. There would be no hesitation in announcing the general fiscal policy of the Government whenever it was possible to decide how it could be carried out.

The election declaration of Mr. Lloyd George would be fulfilled in the later and spirit, but the Government must consider the permanent system for the country until an anti-dumping bill had been drafted but had not been examined by the Government.

Mr. Bonar Law promised that the Government would arrive at a decision as soon as possible and that an announcement would be made promptly thereafter.

Canada's Share.

The Government leader referred to the discussion in the Canadian Parliament upon Canada's share in the indemnity and the acting premier's declaration that the British Government was treating them generously. He said that spirit was worth more than any fiscal policy to a nation.

Mr. Law's statement was greeted with loud cheers.

The Government leader contended in the course of an argument he advanced in favor of tariffs that the most vital vested interest in this country was high wages. He might be asked by labor how it would be possible to maintain high wages if cotton goods from Japan were put out into the markets at a low price than British manufactures must pay for cotton. It was ridiculous to suppose that the old conditions would continue. For instance a preference on sugar would enormously effect the empire's production of sugar.

"It is not too much to say that we must not have gained victory but for the help of the dominions," said Mr. Law. "Therefore" he continued "any measure increasing the productive power and man-power of the dominions is a good thing for Britain as well as the empire."

Members of Dominion
Council Are Here

HOLDING ASSOCIATION TALKS AT THE Y.W.C.A.

An increasing interest in needs of Girls' Welfare.

There are in the city, conducting an association talk at the Y.W.C.A., members of the Dominion Council of the Y.W.C.A., namely, Miss E. F. Jones, Assistant City Secretary; Miss W. Thomas of the Girls' Work Department and Miss E. Harcourt, R.N. of the Social Education Department, all of Toronto.

The visitors are holding a series of talks in all Y.W.C.A. institutions in Ontario. The talks include the consideration of the details of Y.W.C.A. work in the respective centres and are held with the various Boards, committees and the girls of the institutions.

Speaking about the work Miss Jones remarked: "People are waking up as never before regarding the needs of providing for the welfare of the nation's girls, especially after the great war, recognizing the question is the most vital. The Association hopes through its work to contribute to the Reconstruction after the war."

Miss Jones emphasized the fact that the interest in the country, especially in the rural districts, in Y.W.C.A. work is increasing. There is an earnest demand in the rural sections to make the life on the farm more attractive and it is the aim of the Y.W.C.A. to make a contribution towards the purpose of meeting these requirements.

"There is a great need of recreation and real wholesome recreation. One fact which has to be dealt with to-day is that so much recreation is commercialized. We hope to provide something in the line of recreation without the blackness of life accompanying it."

The Program Here

Yesterday afternoon the visitors met members of the Committees, Miss Jones, leading in the discussion on the requirements for the girls' welfare in the city and how these are being met. She pointed out that a survey of the girls' life in the city had never been made. The school, home and church phases and facilities should be ascertained so that definite knowledge could be secured.

Miss Thompson emphasized the need of a girls' gymnasium at the local institution. This she pointed out was an essential part of any town for health, it affording an outlet for that energy and life which they must have.

Miss Harcourt of the health department spoke on how the association might help to build up the girls.

Another point that was emphasized in the course of the discussion was the necessity of girls forming themselves into clubs and of a girl's work secretary who would devote all her time to the work among teenage girls.

Besides the discussion an afternoon tea was partaken of.

In the evening a meeting for teenage girls was held. This evening a public meeting is being held at the institution.

A phase of the work that was also mentioned to the Record was that of immigration. This was begun before the war, continued in the war period and now that the war is over will be developed more than ever. It is a travellers' aid work. Secretaries are now to be found on the ships as well as two workers at the docks at St. John, N.B., where a cordial welcome is extended.

By the way Miss Thomas up to three years ago was a resident of St. John, N.B. While she loves the eastern country, with its beautiful natural scenery and pastoral life, she has become accustomed to Ontario and is quite at home wherever she goes in this part of the country.

Card of Thanks.

The undersigned are grateful for all deeds of kindness and tokens of sympathy including the beautiful floral tributes received during the hours of their bereavement, occasioned by the untimely death of their daughter, Marguerite.

Mr. H. Ford, of the Park Board is in Toronto making application on behalf of the Board to the Ontario Railway and Municipal Board to have the athletic grounds extended seventy-five feet into Victoria Park grounds.

British Military Bill
Passes Report Stage

WITHOUT ANY AMENDMENT.

LONDON, March 27.—The military service bill passed through the report stage without amendment in the house of commons yesterday. The proposal to limit operation of the bill to Dec. 31, 1919, instead of April 30, 1920 was rejected by vote of 283 to 70 and another amendment excluding liability to service in Russia from the scope of the bill was voted down 281 to 48.

In declining to accept this amendment, Winston Spencer Churchill, secretary for war, said the Government had no intention of raising a large conscript army to send to Russia. The general question of the Russian policy he said, is not a question for the British government. It is a matter to which the league of nations or league of victorious nations, must address itself.

WILLIAM FREEMAN APPEARS IN COURT AT CHATHAM.

Chatham, March 26.—Charged with attempting to kill his aged mother, William Freeman, colored, of North Buxton, was arrested and arraigned in county police court to-day.

The charge, which has been preferred by members of the family, reads: "That on the 4th of August the defendant did attempt to kill his mother Mary Ann Freeman, by attempting to smother her with a pillow, and stuffed bedclothes in her mouth when she resisted."

Freeman pleaded not guilty when arraigned this morning. He will be given a hearing on Thursday. Application of J. A. McNevin, counsel for the prisoner, to have his client released on \$500 bail was refused.

It is said that trouble in the family has been caused as a result of the division of certain farm property.

BETWEEN THE GOVERNMENT
AND RAILWAY MEN'S LEADERS ON ALL MAIN POINTS

LONDON, March 26.—Confidence prevails here that the danger of stoppage of work by the miners, railway men and transport workers has been averted.

A settlement on all the main points in the national program of the National Union of Railwaymen and the Associated Society of Locomotive Engineers and Firemen has been reported by the Government and the leaders of the two unions and all that is needed is ratification of the terms by the men.

The provisions of the agreement will be put before a special general meeting of the National Union of Railwaymen on Thursday.

The burglar who has his eye on any of the treasures in the British Museum would stand little chance of succeeding, for, after the building is closed to the public, every gallery and room is carefully examined and then locked up. An hour later every room is again searched thus providing a double precaution against fire and burglary. It takes more than an hour merely to examine and lock up the rooms every night. Every one of the policemen who helps to guard the building is also a trained fireman, and the hose is so arranged that there is not a spot in the building which these policemen could not swamp with water within two minutes.

Bricklayers of Winnipeg ask \$1.25 an hour, contractors offer 90 cents, and both parties refuse to make concessions.

Port Hope Board of Trade has increased its membership to 301. Last night a banquet was tendered to the men of the new industries there.

Information against J. Alexander, charged with defalcations of \$15,000 from the Royal Bank at Strassburg, Cocaine and morphine to the value of between six and ten thousand dollars were seized at Windsor Station Montreal.
