Snowball Fight

Your Winter Carnival Committee along with several Fredericton Area merchants is sponsoring the first of what is hoped will be an Annual Inter-Residence Snowball Fight

1. Each residence should select a team of 12 warriors with captain.
 2. Since there are eight (8) residences competition should be keen. Opposing forces will be chosen prior to game time by draw.
 3. It is recommended that some form of fortification (i.e. semi-circle fort) be constructed before the fight. This could be a joint effort of the residences. Stakes marking the proper positions will be in place on the preceeding evening. The forts will be 100 feet apart.
 4. One pint will be placed in no-mans land 50 feet from each fort. One team member from each force will then run out at the whistle to retrieve the pint for his team. The men in the forts will try to prevent the other teams man from claiming the pint by a bombardment of snowballs. ANYTHING GOES (within reason).
 5. The team earning the best of 13 pints wins the battle and has the right to proceed to finals. The winners also get an additional case of pints as a trophy.
 6. The overall winning house team will receive four cases of pints and a cup to hold as proof of superiority.
 7. Team lists should be submitted to the SUB Office no later than Monday, January 25, 1971.
- Remember this is your carnival. Remember too the glory of having beaten all other houses while you swill refreshments. To be held on ground in front of SUB Saturday afternoon January 30, 1971 1:00 p.m.

Campus Quickies

The Campus Police have proposed that an automatic \$100 fine be imposed on anyone who strikes a C.P. "This type of regulation is in effect at other Maritime universities and has proven quite acceptable", said Ken Lewis, the chief of police.

The final computations in SRC elections this year will be

done by the IBM computer in Head Hall. This is only for the Arts reps however, as this is only on a trial basis. No costs were given, but it was reported that the administration may be willing to foot the bill.

The Annual Winter Carnival Ice Dice, sponsored by the UNB Sports Car Club has been

moved to Oromocto on Saturday, January 30. It is to be held in conjunction with the other carnival activities.

The Overseas Chinese Students Association proposes to start a Chinese (Mandarin) class. Anyone interested is invited to Mr. T.J. Tseng, room 120, Dept. of Chemistry.
