Dear Sir.

In further reference to your letter No. 28170. of date the 18th inst., I have to say that today I received the Map you sent me on a former occasion & which I sent to Mr. Archambault, so that he could give the desired information. I now return, herewith, the Map, & Mr. Archambault's letter to me, also a letter that I wrote him on the 1st December last. It would appear that the Map does not take in the Port of Manowaran, it is 45 miles from the lake of the same name -

Yours Truly

R. M. Kenzie

Referred to Mr. Macrae

In connection with his report of 28th June 1898 and Mr. Tache's letter of 23rd July 1900, to be good enough to indicate on the plan accompanying Mr. Tache's letter the land required at Manowaran Lake.
