What C C C F are saying in MacKenzie Constituency
(Ex Liberals, Ex Tories, Ex Progressives Etc.)

" Why ^{did not} (not did) the Liberal Government give us banking and monetary reform prevention of watered stock and other exploitations when in power and why, in Parliament since then have they not joined with Progressives and Independents in Parliament for these and other reforms the Liberal party now has in their platform. Why, also, have they not in the past, when in power, carried out previous platform policies. Not having done so, why should they now expect our confidence and support.

What the Tory candidate and Tory speakers in MacKenzie are saying at meetings.

"That the Liberal Government when in power, maintained a higher tariff than the Tories, by increasing valuations of imports for tariff assesment."
That the same applies to Liberal policy re- British preferences.
