MOST SECRET

MEMORANDUM FOR THE PRIME MINISTER

THE THREE OFFICIAL UNITED KINGDOM REPORTS
ON POST-WAR INTERNATIONAL AIR TRANSPORT
POLICY.

PART ONE

INTRODUCTION

The three official United Kingdom reports. The unanimous recommendations in favour of internationalization. The United Kingdom government's recent proposal that an approach now be made by the nations of the Commonwealth to the United States Government commending the proposal for full internationalization.

PART TWO

ANALYSIS OF THE THREE OFFICIAL REPORTS

Why a return to the pre-war system would be undesirable from the point of view both of the general world interest and also of purely United Kingdom interests. Why supervision or international regulation of international air transport would not be enough. An outline of the three main types of internationalization: full internationalization; internationalization excluding internal services; European (plus dependencies) system.
