

bear a very close resemblance to those of the south coast; and it is not unlikely that they will also be found auriferous. But whether this should prove to be the case or not, the great extent of our gold fields along the southern coast cannot fail to place Nova Scotia in a position second to no other country in the northern hemisphere as a gold producer, should deep mining be extensively engaged in over the whole extent of her auriferous field.

I have the honor to be,

Sir,

Your obedient servant,

J. CAMPBELL.

SAMUEL P. FAIRBANKS, Esq.,
Commr. Crown Lands and
Superintendent of Mines.
