Probably nothing in life is more distressing than a herdacke. You can't work, you can't rest, you can only fret and suffer.

But did it ever occur to you who suffer from headaches that you have yourself and no one else to blame? Nine-tenths of all headaches are caused by the stomach not working right. And if you give your stomach a chance it will work right. Think of the quick lunches you have eaten, of the rich foods you have partaken of, and then confess that you have often overworked your stomach without ever thinking to give it any assistance.

STRAINED BACK AND SIDE.

"While working in a naw mill," writes C. E. Konney, from Ottawa, "I strained my back and side so severely I had to go to bed. Every movement caused me torture. I tried different oils and liniments, but was not helped till I used Nerviline. Even the first application gave considerable relief. In three days I was at work again. Other men in the mill use Nerviline with tremendous benefit, too." An honest record of nearly fifty years has established the value of Polson's Nerviline.

"How old does a single woman have to be before she is considered an old maid?" asked the youth from Ludlow.
"If homely and poor," replied the Cumminsville sage, "she breaks into that class at 25; but if handsome and rich, 99 years is the limit."

PURGATIVES ARE DANGEROUS.

They gripe, cause burning pains and make the constipated condition even worse. Physicians say the ideal lax ative is Dr. Hamilton's Pills of Mandrake and Butternut; they are exceedingly mild, composed only of health-giving vegetable extracts. Dr. Hamilton's Pills restore regular movement of the bowels, strengthen the stomach and purify the blood. For constipation, sick headache, biliousness and disordered digestion no medicine on earth makes such remarkable cures as Dr. Hamilton's Pills. Try a 25c. box yourself.

Remarkable Curative Properties of a Remedy for ladigestion and Stom-

Stuart's Dyspepsia Tableta, a pre-paration for the cure of dyspepsia and the various forms of indigestion and stemach trouble, owes its great success as a cure for these troubles to the fact that it is prepared for disease and weakness of the stomach and digestive organs only, and is not recommended or advised for any other disease.

and digestive organs only, and is not recommended or advised for any other disease.

It is not a cure-all, but for any stomach trouble it is undoubtedly the safest, most sensible remedy that can be advised with the prospect of a permanent cure. It is prepared in tablet form, pleasant to taste, composed of vegetable and fruit essences, pure pepsin and Golden Scal, every one of which act effectively in diagesting the food eaten, thereby resting and invigorating the weak stomach; rest is nature?s cure for any disease, but you cannot rest the stomach unless you put into it something that will do its work or assist in the digestion of food.

That is exactly what Stuart's Dyspepsia Tablets do, one grain of the digestive principle contained in them will digest 3,80 grains of meat, eggs or similar wholesome foods, they will digest the food whether the stomach is in working order or not, thereby neurisbing the body and rest and courishment is nature's cure for any weaklesses.

and rest and mourishment is nature's oure for any weakness.

In persons run down in flesh and appetite these tablets build up the strength and increase flesh, because they digest flesh-florming food which the weak stomach cannot do, they increase the flow of gastric juice and prevent fermentation, acidity and sour watery risings.

Stuart's Dvspepsia Tablets can be found at all drug stores at 50 cents per package.
