

You are going to buy

a Cream Separator this year. You have your choice of a number of standard makes, including the famous

EMPIRE

Cream Separators

which will do some things others won't do—because Empires have some patented features that have never been successfully imitated, although competitors would gladly copy them if it were not for Empire Patents. Just what these features are, is fully explained in the Empire booklet.

Get a copy—Learn the facts

If they interest you deeply, as we believe such facts will, go to our agent in your locality (we will furnish you his name) and tell him to deliver an Empire to you for Free Trial, without obligation on your part to buy, unless it is proven to you that the Empire fulfills our claims. We are willing to let the Empire demonstrate its efficiency to you. It's your ultimate choice—the machine you'll buy sooner or later. Just hasten that day by writing to us by first mail.

Moderate Speed Engines and Machinery

Atlantic Red Engine Oil is just the right oil for slow and moderate speed engines and machinery. It is a medium bodied oil; works freely between the wearing surfaces, and forms a cushion that lasts.

Capitol Cylinder Oil is *all* lubricant. It lifts the load off the engine and saves all the wear and friction possible. Cut down your fuel bill. Lasts much longer than other cylinder oils. Equally good on all "bearing" surfaces.

S. Peerless Oil.—The best general lubricant for farm machinery on the market. Specially suitable for reapers, mowers and threshers, Uniform body. Heat and moisture do not affect it.

We have made a special study of the requirements of farm machinery. Read our "Easier Farming" booklet; free, postpaid. Call or write
