HOLLOWAY'S OINTMENT.

CURE OF RHEUMATISM AND RHEUMATIC GOUT.

Extract of a Letter from Mr. Thomas Brunton, Landlord of the Waterloo Tavern, Crowthorne, Berkshire, late of the Life Guards, dated September 28th, 1848

To Professor Holloway,

Sir—For a long time I was a martyr to Rheumatism and Rheumatic Gout, and for ten weeks previous to using your medicine, I was so bad as not to be able to walk. I had tried doctoring and medicines of every kind, but all to no avail, indeed daily got worse, and felt that I must shortly die. From seeing your remedies advertised in the paper I take in, I thought I would give them a trial. I did so. I rubbed the Ointment in as directed, and kept cabbage leaves to the parts thickly spread with it, and took the Pills night and morning. In three weeks I was enabled to walk about for an hour or two in the day with a stick, and in seven weeks I could go any where without one. I am now, by the blessing of God and your medicines, quite well, and have been attending to my business more than seven months, without any symptoms of the return of my old complaint.

Besides my case of Rheumatic Gout, I have lately had proof that your Pills and Ointment will heal any old wound or ulcer, as a married woman, living near me, had had a bad leg for four years, which no one could cure, and I gave her some of your Pills and Ointment, which steadily healed it when nothing else would do it. For your information I had the honour to serve my country for twenty-five years in the first regiment of Life Guards, and was eighteen years a corporal. I was two years in the Peninsular War, and was at the Battle of Waterloo. I was discharged with a pension on the 2nd September, 1838. The Commanding Officer at that time was Colonel Lygon, who is now a General. I belonged to the troop of Captain the Honourable Henry Baring.

(Signed) THOMAS BRUNTON

CURE OF A BAD LEG OF TWENTY-ONE YEARS' STANDING.

Extract of a Letter from Mr. Andrew Brack, Blacksmith, Eymouth, near Berwick, dated the 10th of August, 1848

To Professor Holloway,

Sir—With pleasure and gratitude I have to inform you that after suffering for 21 years with a bad leg, which yielded to no kind of treatment, although I consulted, at different times, every medical man of eminence in this part of the country, but all to no purpose. I was frequently unable to work; and the pain and agony I often endured no one can tell. My leg is now as sound as ever it was in my life by means of your Pills and Ointment, which I purchased from Mr. I. Davidson, Druggist, Berwick-upon-Tweed, who knows my case well, and will, I am sure, be happy to certify with me, if necessary, as to the truth of this wonderful cure.

(Signed) ANDREW BRACK.

AMPUTATION OF TWO TOES PREVENTED.

Extract of a Letter from Mr. Oliver Smith Jenkins, dated Falkirk, August 13th, 1848.

To Professor Holloway,

Sir—I was superintending, about six months ago, the erection of one of our Railway Bridges, and by the fall of a large stone my right foot was seriously bruised, which ultimately got so bad, that I was advised to go to Edinburgh to consult some of the eminent Surgeons, which I did, and was told that in order to save my foot, two of my toes must be taken off. In despair, I returned home to impart the melancholy news to my wife, intending to submit to the operation. It was then a thought struck me to try your valuable Ointment and Pills, which I did, and was by their means in three weeks enabled to resume my usual occupation, and at this time my toes are perfectly cured.

(Signed) OLIVER SMITH JENKINS.

AN EXTRAORDINARY CURE OF A DESPERATE SKIN DISEASE. On the 21st July, 1848, the Editor of the "Wesleyan" Newspaper, published in India, inserted the following Editorial article in his paper. "We know for a fact, that Holloway's Pills and Ointment act in a most wonderful manner upon the constitution, as an eccentric Coole, called Eliza, employed in our Establishment, was affected with myriads of Ringworms, which defied all the Mercurial Doctors, and promised to devour the poor man before he was under ground; we tried 'Holloway' upon him, and in a month he was perfectly restored to his former condition and cleanliness of skin. The effect was miraculous."

The Pills should be used conjointly with the Ointment in all of the following cases:— Bad Legs, Cancers, Scalds, Contracted and Sore Nipples, Burns, SHIF-Joints, Sore throats, Bunions, Elephantiasis, Skin Diseases, Bites of Mosquitoes, Filaria, Scurvy, Filariæ, Gout, Sore Heads, Coco-Bay, Glandular swell Tumours, Chigo-foot, Ings, Ulcers, Chilblains, Lumbago, Wounds, Chapped-hands, Piles, Rheumatism, Corns (Soft).

Directions for the guidance of patients are affixed to each Pot and Box. Sold at the Establishment of Professor Holloway, 224 Strand, London, and by most respectable Druggist and Dealers in Medicine throughout the civilized world. Prices in Nova Scotia are 9d., 4s., 6s. 3d., 16s. 8d. 3s. 4d., and 50s. each Box. There is a considerable saving in taking the larger sizes.

None are Genuine unless the words "Holloway's Pills and Ointment, London," are engraved on the Government Stamp, pasted on every Pot and Box; with the same words woven on the water-mark of the Books of directions wrapped round the medicines. Also, be careful to observe that the address on the Labels, to the covers of the Pots and Boxes, is "224, Strand, London," (and not 210 Strand, London) and that there is an initial, as "H", or any other letter before the name "HOLLOWAY," nor is the word "Genuine" on the labels. STEWARDS.—MR. THOMPSON TREUMAN.

THIS Institution has been opened and in successful operation upwards of eight years. The manner in which it was founded and established, the principles enunciated at its opening as those upon which it should be conducted, and the arrangements which were made for carrying out its designs in all its departments, in both school and family, were such as to secure for it, from its very commencement, a very high place in the public estimation. And the Committee of Management and Board of Trustees, upon whom the direction of its affairs has devolved, have been encouraged and stimulated by its prosperity to continued efforts to render it ever increasingly efficient. Every year in its history has been marked by important additions to its educational facilities, and by more or less extensive general improvements throughout the establishment. The attention of young men seeking an education, and of Parents and Guardians of Youth, is, therefore, confidently invited to it as an Institution, at least equal in every respect, for the purposes for which it was founded, to any in British America.

The next Term will begin on Thursday, the 7th August, and continuing nineteen weeks, end on Wednesday the 17th December. Expenses.—For Board, Washing, Fuel, Lights, &c. and Tuition in Primary Department, £25, New Brunswick currency, per annum. In the higher Departments, from £25 to £30 per ann. The Principal will give any further information which may be desired, to any person who will apply to him, (if by letter, post paid.) MOUNT ALLISON, July, 1851. A & W. Hazard's Gas., P. M. L., St. Ledger, St. John's, N. F.

LIFE AND FIRE INSURANCE.

The Underigned is and appointed Agent for the "Trenton Mutual Life Insurance Company of Trenton," United States, and having previously to taking the Agency, received satisfactory proof of the good standing and respectability of the Institution, he begs to inform the public generally that he is now prepared to issue Policies for eligible lives at moderate rates of premium, and to receive proposals for Policies, which will be forwarded to the Directors, and if accepted, Policies will be immediately returned. The Capital stock of the Trenton Mutual is now \$250,000, well secured in good productive Stocks, Mortgage on Real Estate, and Cash in Banks—and is doing a very large and as yet from its commencement in 1847, a very successful business.

In the Life Department they issued the first year, and in the Fire Department 1849, 957 Policies—a number which will compare favourably with any other company of long standing ever reached in the same time. The benefit of the mutual system in Life Insurance is very apparent, and is most favourable to all Policy holders in this Society, inasmuch as they receive a portion of each year's profits yearly, being deducted from the Premium then payable, which are lower than any of the English Companies and not subject to stamp duty—all the particulars of which are fully set forth in the Pamphlets which the Agent has for distribution, who furnishes all Blankets and every necessary information, together with the Medical Examiner's Certificate gratis. All persons intending to insure are invited to call on the Agent, who will give them every information. ROYAL S. BLACK, Esq., M. D. is Medical Examiner for the Company. DANIEL STARR, Agent. Halifax, 15th June. 18
