

## King of Wild Oat Separators

### THE OWENS "New Superior" WILD OAT SEPARATOR

With our patented open and blank space sieves, it positively separates every wild oat seed, causing them to lie flat, and not up on end.

#### PATENTED ADJUSTABLE WIND BOARDS

are provided so that the blast is always under control. You can blow out as much or as little as you like, making it a perfect oat cleaner and grader. The lower shoe is fitted with a cleaning rack that is adjustable, never touching the sieve, but

just close enough to knock out any grain that gets stuck when going over the sieve. It is movable, working back and forth about two inches in opposite directions to the shoe. By this improvement the capacity is increased about 25 per cent.

Made in sizes 24, 32 and 42 inches wide, with or without bagger, and with power attachment for engine drive if desired. Write Today for Prices and Full Particulars.

## Duplex All-Steel Cordwood Saw

Every farmer should have a "DUPLEX ALL STEEL CORDWOOD SAW." At our price it is indispensable. It is one of the handiest and most often wanted pieces of machinery on the farm. With a 24-inch blade and gasoline engine it will keep four or five men busy. A splendid accessory to work in conjunction with a Windmill. One of our 12 or 14 feet geared windmills in a good wind will drive it at sufficient speed to saw wood as fast as three men can handle, using only an 18-inch blade. The saw frame is entirely built of heavy steel angles such as we use for heavy windmill towers. Shaft is of cold rolled steel, with 110 lb. balance wheel. The boxes are built on the ball-and-socket joint method, so they are perfectly self-aligning. It can also be used as a pole saw by removing balance wheel.

# The History of Canadian Wealth

By GUSTAVUS MYERS

Without exception it can be said that this is one of the most remarkable books ever published on any Canadian question. The author spent several years in Canada studying the records of the past and present. It shows how the natural resources of Canada have been exploited for more than a hundred years by a small number of men. He exposes the system by which the foundations were laid for the fortunes of many of the wealthy families in Canada. The story of the feudal system as it existed

in the early days of Canadian history is set forth in all its baldness. The revolt against feudalism and the establishment of the rule of the fur traders and the landed oligarchy is described with fact and date and the names of the rulers. Mr. Myers proves beyond a doubt that many of our greatest Canadian fortunes were founded on graft and he names the families without fear or favor. The era of railway rule and the appropriation of our coal, timber and public lands is exhaustively dealt with. Any person who wants to know the secret of why there are multi-millionaires in Canada and also paupers will understand it pretty clearly after reading the "History of Canadian Wealth." The book contains 337 pages, and is attractively bound in blue cloth covers.
