Put a "BT" SLING CAR In Your Barn

The largest load can be handled in two or three lifts with the "BT" Sling Outfit, and it is a pleasure to fill any barn with it. "BT" Slings clean the rack clean.

The "BT" Sling Car never injures the rope. Any sized rope, 1/2, 1 or 1 1/2 in., may be used in it. It has the largest draft wheel and puts the easiest bend in the rope, so that the draft is lighter than with any other car. "BT" Slings are made of the best Manila rope and always trip easily.

The "BT" Steel Track is guaranteed to carry three thousand pounds, with the rafters three feet apart. No other hay track will carry this load.

The "BT" Sling Car will work with a fork without change. The "BT" Sling Outfit is built for Heavy Work. It is the one to buy. Write today for our Catalogue. The "BT" Line also includes Steel Stalls and Stanchions, Feed and Litter Carriers.

I should say the machine will have a great future in this country.'" BEWARE OF imitations, friends! C. LUNN.
