When Your Back Hurts.—Of course it's hard to work. Stooping over hurts, lifting is tedious, and you wonder what to do. Ever try Nerviline? Nothing like it for weak or lame back. It penetrates to the core of the pain, cures from the first application, brings cure that defies a relapse. No liniment is so clean, so soothing, so certain to kill muscular, rheumatic or sciatic pains. Your dealer sells Poison's Nerviline in large 25c bottles. Why not try it?

Hon. Dr. Pyne, Minister of Education has issued two circulars with a view to developing "elementary agriculture and horticulture and school gardens" in the village and rural schools. It has been decided to grant direct to the rural teacher, who qualifies for the teaching of this branch at the Ontario Agricultural College, and inaugurates the work in the school, a sum of \$30 per annum as long as the work is continued.

Questions as to how the school law respecting salaries now is, are frequently asked. The present arrangement is that each section receive from the township council \$300 annually for salary purposes. Trustees are obliged to pay this \$300 to the teacher, and they may pay any amount they please above that figure. The minimum salary clauses of the School Act, based on the assessment of the section, were repealed at the last session of the Legislature.

No Liniment Can Cure It.—That pain between the eyes isn't neuralgia. Many think so, but it is catarrh, plain ordinary catarrh that needs attention right now. Your proper lead is to use Catarrhazone. Doctors recognize it as a cure that surpasses all others. Sure, because it does not hurt; the trouble, safe, because no drugs to take, you breathe its healing vapor direct to the course of the trouble, and cure is guaranteed. Two sizes, 25c and \$1.00. Sold everywhere.

A petition originating at Warton is being circulated throughout the County of Bruce asking the Minister of Justice to revoke the sentence of eight months handed out by Sir Wm. Mulock at the Fall Assizes to Walter, William and Jno. Lancaster for complicity in the recent raid upon Agnes Thomas' tent. The petitioners do not pretend to encourage raids, riots or other kinds of mob law, but think the Lancaster brothers should not alone pay penance for a crime in which so many were implicated.

Mr. A. S. Clarke, barrister, of Mt. Forest, has served the Council of this Township with a notice of an action for damages in the case of Henry and Mary O'Brien, who sustained injuries on the highway while returning from this village on July 1st. At the meeting on Monday the matter was discussed and it was decided to take no action. Mr. Newton of the Alsfeldt bridge calamity, also petitioned for further claims, but the Council deemed the amount paid before, in the neighborhood of \$2,000, sufficient.—Aytton Advance.

Elliott & McLaughlin,
PRINCIPALS.

She was a smart pretty girl. She wrote the advertising for a large dry-goods concern in Owen Sound. Her mind used to run so much upon her business, that one day, when she wrote to her lover to meet her that night at home, she unconsciously added as a postscript: "Come early and avoid the rush!"

A visitor recently told us a story of a canny Scot who believed in getting all that was coming to him. He had invested ten cents in a lottery ticket—and drew a fine horse and carriage. Going to claim his property, he surveyed it critically and slowly, and noticing a lack in the equipment, exclaimed with a sternness in his tone that made the clerk tremble: "Whaur's the whip?"

THE JAPANESE DIFFICULTY.

The treaty with Japan, which forms the special difficulty of what is now becoming a most formidable question, was surely a very adventurous proceeding. It might have involved Great Britain and Canada with her, perhaps by some Japanese contrivance, in a war with Russia. It was the outcome of the anti-Russian policy which has been pursued for the last half century, in the unfounded belief that Russia has designs upon British India. Had Russia formed any such design she hardly would have neglected the opportunity given her by the absorption of all the forces of Great Britain in the Boer war. It does not appear that on a measure of such importance to Canada her Government was consulted, or that it even received information of the treaty. So much for Canadian nationality! When shall we learn that it is impossible to be at once a dependency and a nation?

Japan is flushed with victory and her people are almost insanely patriotic. It is difficult to see a solution. But the Japanese Government, being still friendly, and seeing the danger, might perhaps consent, if not to the withdrawal, to a temporary suspension of its immigration privilege, which would give feeling, now so dangerously incited, time to cool. This, as a mere measure of temporary precaution, equally needed by both Governments, Japanese sensibility might bear.—Goldwin Smith.

CURED PAINFUL IRREGULARITIES.

STRONG TESTIMONY FROM A LADY RESIDENT OF CLARKSBURG, PROVING THAT FERROZONE SURPASSES ALL OTHER REMEDIES.

The health of many women is constantly imperiled through failure of certain organs to work according to nature's requirements. Where this condition occurs there is no safer remedy to employ than Ferrozone, which has a specific action in female troubles. Not only does it act directly on the organs, ensuring regularity and freedom from pain, but by forming rich red blood fortifies the system against weakening drains.

FERROZONE MAKES STRONG WOMEN. Ferrozone possesses a volume of merit totally absent in the ordinary medicine, and its superiority is proclaimed by thousands of women it has restored to vigorous health. From Mrs. F. G. Caldwell comes the following endorsement, written from her home in Clarksburg: "I went through a most trying experience with what is commonly known as Female trouble. It isn't necessary to state my symptoms, but I suffered a great deal. My health was well nigh ruined, and I got into such a condition that I couldn't even sleep. I was dreadfully nervous, weak and pale. Different prescriptions were recommended and I tried them. But Ferrozone was the first to help. I improved steadily under Ferrozone, and normal conditions were finally established. I gained weight, my color and spirits improved, and my former health was restored. Ferrozone cured me, and with a full heart I recommend this good medicine to all other women." Beware of imitations—don't allow a druggist to palm off anything else for Ferrozone, which costs 50c per box or six boxes for \$2.50 at all dealers.

With nearly 150 acres of wooded lands per head of population, Canada possesses a forest heritage incomparably greater than that of any other nation. According to the dates and figures compiled by the Dominion statistician, Norway comes next to Canada, with a little over 9 acres per capita, Sweden with about the same, the United States with 7 acres, and Russia with about 4 acres.
