"From No. 1 hard"

That designation means a whole lot when it is lived up to, as it is in Horton Flour. It means the very finest Canadian wheat; it means greater strength and more nutritive value in your bread; and it means more loaves of crisp, appetizing texture and snowy-whiteness.

By looking for the trade-mark on the bag you make sure of getting all the goodness that the term "No. 1 hard" implies.

The Effect of Moonlight
It was at the seashore and they were sitting on the beach while the moon shone beautifully on the surging waves.
What effect does full moon have upon the tide? she asked, looking sweetly up into his face.
None, he replied, as he drew closer to her, but it has considerable effect upon the un-tide.

How to avoid Operations

These Three Women Tell How They Escaped the Dreadful Ordeal of Surgical Operations.

Hospitals are great and necessary institutions, but they should be the last resort for women who suffer with ills peculiar to their sex. Many letters on file in the Pinkham Laboratory at Lynn, Mass., prove that a great number of women after they have been recommended to submit to an operation have been made well by Lydia E. Pinkham's Vegetable Compound. Here are three such letters. All sick women should read them.

Marinette, Wis.—"I went to the doctor and he told me I must have an operation for a female trouble, and I hated to have it done as I had been married only a short time. I would have terrible pains and my hands and feet were cold all the time. I took Lydia E. Pinkham's Vegetable Compound and was cured, and I feel better in every way. I give you permission to publish my name because I am so thankful that I feel well again."
—Mrs. FRED BRINKE, Marinette, Wis.

Detroit, Mich.—"When I first took Lydia E. Pinkham's Vegetable Compound I was so run down with female troubles that I could not do anything, and our doctor said I would have to undergo an operation. I could hardly walk without help so when I read about the Vegetable Compound and what it had done for others I thought I would try it. I got a bottle of Lydia E. Pinkham's Vegetable Compound and a package of Lydia E. Pinkham's Sanative Wash and used them according to directions. They helped me and today I am able to do all my work and I am well."
—Mrs. THOS. DWYER, 989 Milwaukee Ave., East, Detroit, Mich.

Bellevue, Pa.—"I suffered more than tongue can tell with terrible bearing down pains and inflammation. I tried several doctors and they all told me the same story, that I never could get well without an operation and I just dreaded the thought of that. I also tried a good many other medicines that were recommended to me and none of them helped me until a friend advised me to give Lydia E. Pinkham's Vegetable Compound a trial. The first bottle helped, I kept taking it and now I don't know what it is to be sick any more and I am picking up in weight. I am 20 years old and weigh 145 pounds. It will be the greatest pleasure to me if I can have the opportunity to recommend it to any other suffering woman."
—Miss IRENE FROELICHER, 1923 Manhattan St., North Side, Bellevue, Pa.

If you would like special advice write to Lydia E. Pinkham Med. Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

The Patriotic Fund raised in Canada ranks high among the splendid things the people of this Dominion have done since the war began. More than \$10,000,000 have been subscribed by personal and public subscriptions. A suggestion worthy of adoption has been made urging that the Government should augment the pensions payable to British and Allies' reservists who were in Canada when war broke out, so as to raise them to the level of the Canadian scale.

The Republicans have about decided on Elihu Root as their candidate for the Presidency and "Teddy" will support this nomination.

There is no withdrawal of United States forces from Mexico. They are moving rapidly south and the orders to Gen. Funston, following the massacre at Columbus, have been unchanged. The bandit Villa is to be taken dead or alive.

Why do you go out rowing with that man? He thinks it's funny to rock the boat.
I've heard so, replied the athletic girl. I took a dislike to him the first time I saw him, and I'm just dying for an excuse to hit him over the head with an oar.

Algy—Gwace has a hohwid father. When I awsked him for her hand I said, 'Love for your daughter has dwiven me hawf cweasy.'
Cholly—And then, dear boy?
Algy—Then the old bwute said, 'Has. eh? Well, who completed the job.'

The little girl timidly asked the drug clerk for a package of pink dye. "What do you want it for," responded the clerk, "woolen or cotton goods?"
"Neither," said the child. "It's for ma's stomach. She said she'd have to—diet—and so she wants it a pretty color."

Ethel—"Bella told me that you told her that secret I told you not to tell her."
Madge—"She's a mean thing! I told her not to tell you."
Ethel—"Well, I told her I wouldn't tell you she told me—so don't tell her I did."

Feeding on souls—A certain minister applied to his church for an increase of salary.
"Salary!" cried one of the members. "Salary!"
Why, I thought you worked for souls.
"And so I do," meekly replied the impecunious minister, "but I cannot eat souls; and if I could, it would take a good many souls the size of yours to make a decent meal."
