

Mahomet and the Mountain.

The mountain would not go to him, so Mahomet had to go to the mountain.

Trade is a mountain full of gold and treasure, but it will not come to the merchant who sits and waits for it. He must go to the mountain and when he gets there, he must dig for the treasure and work both to obtain and to hold it.

Advertising, intelligently handled, is the best means to get to the mountain, to unearth the treasure and to hold it, and newspaper advertising is the best and by far the cheapest when results are considered.

Don't Buy a Pig in a Bag.

When you send money to a mail order house, you "Buy a pig in a poke." You may not get what you send for, as you are always asked to make "A Second Choice." If goods are damaged in transit, there is trouble and at best, an irritating delay in getting matters straightened out.

If your local merchant asked you to pay for an article before you ever saw it, what would you say? Yet that is what the mail order house insists upon. Read the advertisements, see what you are buying, and spend your money at home.

A NERVOUS BREAKDOWN.

Can be Averted by Feeding the Starved Nerves With Rich, Red Blood.

Nourish your nerves—that is the only way you can overcome life's worst misery, nervous exhaustion. The fits of depression and irritation, the prostrating headaches, the weakness and trembling of the legs, the unsteady hand and the imperfect digestion that mark the victim of nerve weakness, must end in nervous breakdown if neglected.

Nourish your nerves by the natural process of filling your veins with rich, red, health-giving blood. Your nerves are crying out for pure blood and the mission of Dr. Williams' Pink Pills is to make new, rich blood. This explains why these pills have proved successful in so many cases of nervous diseases that did not yield to ordinary treatment. For example, Mr. Wilfrid Donald, West Flamboro, Ont., says:—"Before I began the use of Dr. Williams' Pink Pills I was in a serious condition. I was not only run down, but my nerves seemed to be completely shattered. I slept badly at night, and when I got up in the morning was as tired as when I went to bed. I seemed to be on the verge of a nervous breakdown. At this stage I began the use of Dr. Williams' Pink Pills. In the course of a few weeks I felt relief, and continuing the use of the pills they completely restored my health. I can now sleep soundly, eat well, and am enjoying complete freedom from the old nervous troubles." You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

HEART OF AMERICANS IS IN THE WAR.

OTTAWA, May 21.—"Gentlemen, we wrestle, not against flesh and blood, but against powers and rulers of wickedness, against spiritual evil in high places, and our flags entwined are the flags of the Almighty bearing His truth; our sons, the messengers of the Almighty, bearing His message of righteousness," declared United States Secretary of Commerce, William Redfield, addressing the Canadian Club yesterday afternoon.

The distinguished American statesman made a brilliant speech on what America is doing in the war, dealing in extenso with the question of her entering struggle. He declared that it was not until a few weeks ago that it could be said that every element of distrust among the people of the United States had been wiped out of existence for it had been imbedded deeply in the hearts of the American people for scores of years past that they should have nothing to do with the affairs of Europe and it had required a complete reversal of American thought to bring them into line. Referring to American and Canadian soldiers as fighting for home, the honor and purity of womanhood, for the protection of childhood and to defend the civilization of a thousand years now questioned and attacked by the Hun, Mr. Redfield said he was glad to tell his audience that there was gathering to the south a power greater than he could even venture to think.

Referring to the loan, Mr. Redfield, said it had not been a question of getting the money for there existed no fear that this nor further loan would not be subscribed. There was a serious question that it could be shown that the heart of the American people was in the war and he said this had been shown by the seventeen million subscribers which meant a bondholder in every family throughout the American republic. "This is a tremendous record." The speaker said, amid applause, "and one Germany listens to with fear."

REGULATIONS FOR EATING PLACES.

Following announcement by the Canada Food Board that, on and after June 1st, no person may legally operate a public eating place without first having obtained a license, the Board has now issued regulations which will govern such licenses. Licenses are required by every hotel, boarding house, cafeteria, club dining car, steamship, ice cream stand and every other place whatsoever, where meals or refreshments to the number of twenty-four or more per diem are served to persons other than members of the family or household of the proprietor.

The regulations governing public eating places licenses prohibit business dealings with persons who have not complied with the license requirements of the Canada Food Board. The same general rules applicable to other licenses will apply also to persons holding public eating places licenses.

It is presumed that the new arrangement will continue for the remainder of the year.
