The question that all newspaper publishers are now considering is to go out of business or increase the revenue in some form from their papers.

It is the most serious problem that ever faced the Fourth Estate in Canada. What will be done is now to be decided, and at once too.

They were brought before Stipendiary G. W. Marshall and fined 20 dollars each.

In reference to the Exhibition at Stewiacke, special mention should be made of the O. G. T. Club, of little girls who had a booth in the building where numerous articles both fancy and useful were on sale and every one of them were disposed of and the neat sum of \$30 realized to be given for R. C. work.

This is one of our Clubs who never get weary in well doing. They raise money in various ways to assist in sending comforts to our soldiers. And now they are going to "put on" a "concert" in Union Hall on Friday evening, of this week, Oct. 4th, proceeds for "Red Cross". LOWER MACCAN, CUMB. CO.

Sept. 23. The unusually high tides of last week caused considerable damage to the dykes here and also at R. Hebert and Mimidje. The wet weather, which has prevailed nearly every day this week, is very discouraging to the farmers, as the grain is ripe and in many instances cut and lying on the ground. Some are complaining that potatoes are rotting. We all hope for fine weather soon.
