Held, that plaintiffs in bringing this action are pursuing an undoubted right, and that they are not doing anything of a vexatious character, see Higgins vs. Woodhalt, 6 T. L. R., and G. N. W. Citizens generally will remember Charlie West, who studied medicine in Chatham years ago, and will therefore be interested in the following item which appears in Sunday's Detroit Tribune:

well-known physician around Baker and Eighteenth Sts., was sent to the house of correction yesterday by Justice Peter B. DeLisle for 30 days, on charge of assault and battery. Dr. West was complained of by Mrs. Nellie Millan, of Radmacher Ave., in Spring-wells. The doctor had created quite a Millan, of Radmacher Ave., in Springwells. The doctor had created quite a scandal on the morning of his arrest by kicking in the door of their dwelling. He was arrested for this, but when released went back and abused the woman. The case of malicious destruction to property was dismissed by the justice. A fine of \$25 was imposed. Five years ago Dr. West removed from Eighteenth street to Cleveland, but came back over a year ago. He has been involved in several scandals and it is believed that whiskey and various kinds of "dope" are responsible for his downfail."

The facts of the case seem to have been that Dr. West had been rooming at this woman's house. He went back there to claim some things and she locked the door on him. He kicked in the door. She had him arrested. The judge released him immediately on his own bail to appear later for trial. He at once went back to the house and beat Mrs. Millan. She had him areersted a second time within two hours and the court this time sent him to jail.
