The importance of the road and the necessity of opening it were generally acknowledged by all present, and there is no doubt that a liberal grant will be recommended to the County Council by its committee—Blenheim Tribune.

John Douglas & Sons, of the "Witness," has pushed its way, in a few months, beyond all expectation chiefly owing to the goodwill of its rapidly-growing constituency. "World Wide" has found its place on hasty table. Preachers, teachers, writers, and thinkers generally have hailed it as a new and most welcome companion. As a pleasant tonic, a stimulant to the mind, "World Wide" has no peer—at the price, no equal among the journals of the day. Regular readers of "World Wide" are kept in touch with the world's thinking. Fifteen cents will bring this interesting and valuable paper to the end of the year. International Bible Lesson for Tomorrow—Proverbs xlii, 29-35.

Teaching Outline—Wine is now considered a light drink. In the days of Solomon it was the pure juice of the grape fermented. It is rarely that now. Compared with our intoxicating beverages it was as little harmful as an alcoholic drink could be, yet we find every ill credited to brandy, rum or whiskey, given as the disastrous fruit of the wine habit. Teacher, make verse 30, which shows that the light wines lead to the stronger ones, the heart of the lesson. Verse 29 is an equity, verse 30 the answer, verse 31 the remedy, verses 32-35 reasons that move to the adoption of the remedy. Let us remember that pride, envy, love of money, ambition and even love itself are all intoxicants and lead to excess and intemperance. Beware of the carnal mind.

FATE.

It is very convenient to attribute the disasters which overtake us to fate. But if we went behind the "weak heart" we should find a "weak stomach," probably, and lack of the weak stomach is careless eating at irregular hours.

When the stomach is diseased the organs depending on the stomach for nutrition are starved. Starvation means weakness of the body and its organs.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. When these organs are cured, diseases of heart, liver, lungs and kidneys, caused by the diseased stomach, are cured also.

In the case of my stomach, which was diseased, I consulted a doctor and he said I had organic heart trouble. He gave me some medicine, but it did me no good. I then tried different kinds of patent medicines, but they did me no good. I then sent for a bottle of Dr. Pierce's Golden Medical Discovery. Before the first bottle was gone I felt change. When the five bottles were gone I began to work. I had not worked any year before.

I am well and can eat anything now with the exception of pork and greasy food.

Doctor Pierce's Pleasant Pellets cure biliousness.

and Orphan's Fund will be taken up in Christ Church to-morrow, both morning and evening.

Christ Church Annual Tea will be held Thursday, Oct. 10th.

The annual meeting of Kent Deacons will be held in Christ Church S. S. Hall on Monday next.

It Will Keep the Blood Rich, Red and Pure, Strengthen the Nerves and Prevent Declines.

Mrs. Hiram Rinkler, the wife of a respected farmer in South Pelham township, Welland county, Ontario, says: "It is with great pleasure that I give this tribute to the restoring virtues of Dr. Williams' Pink Pills. When my daughter, Lena, (now thirteen years of age) began the use of your medicine, a little over a year ago, she was a pale, thin, nervous, and in fact we were seriously alarmed lest she might not recover. The first symptoms were a feeling of lameness and weakness, gradually growing worse. She became pale, lost flesh, had little or no appetite and was apparently going into a decline. Finally the trouble became complicated with a persistent cough, which she could not get over. I began to give her Dr. Williams' Pink Pills. The confidence with which this medicine was urged upon us was not misplaced, as I soon noticed a decided improvement in my daughter's condition. The use of the pills for a few weeks longer seemed to completely restore her, and from that time she has been a cheerful, light-hearted girl, the very picture of health. I will always recommend Dr. Williams' Pink Pills to other sufferers, feeling sure as they did in my daughter's case."

Mothers with growing daughters will make no mistake if they insist upon the occasional use of Dr. Williams' Pink Pills; they will help them to develop properly; will make their blood rich and pure, and thus ward off disease and decline. The capsules are sold in boxes bearing the full name, "Dr. Williams' Pink Pills for Pale People" on the wrapper around each box. None other is genuine, no matter what some self-interested dealer may say. If in doubt send direct to the Dr. Williams' Medicine Co., Brockville, Ont., and the pills will be mailed post paid at 50 cents a box, or six boxes for \$2.50.

CARRIE INDIGNANT.

Ottawa, Sept. 19.—Mrs. Carrie Nation left for New York on the 1 o'clock train to-day. She told a reporter that she came here on a guarantee of \$100 for the lecture, and did not get over the \$50 offered her as a commission, owing to the financial failure realized. She sent word that she would take it, but that a man who came to her room, made himself obnoxious by sitting on her bed and smoking a cigar. Mrs. Nation said that she was going home on money belonging to other people, and strongly resents the treatment accorded her in Ottawa.

SHAMROCK II.

Capt. Hank Huff, the famous skipper, had a look over the Shamrock II, while she was in drydock in New York, and he is of the opinion that she is a dangerous boat in a moderate breeze and a dangerous boat in windward work in any breeze, whether strong or moderate.

"It is an open question with me whether she will be as fast running as Columbia or not. I think she would have been faster off the wind if she carried her width out further."

The underbody of Shamrock closely resembles that of the Defender. She has about the same dead-rise and I should judge about the same lateral resistance. If she should prove to be as good or better than the Defender the cup is truly in danger, as I consider the Defender the best boat Herreshoff ever built; I do not believe that the people who re-rigged the Defender in 1899 did it with the intention that she should beat the Columbia.

"The rig of Shamrock is extremely neat and snug looking, though she might be on two or two on each side might not be amiss in a strong breeze on a heavy sea. The blocks of the Challenger are all of American make, and Watson seems to have followed the American idea in the whole rig."

"Judging from the appearance of spar, she has a shorter boom than Shamrock; but more hoist to her mainmast, while her forward mast does not appear to be any larger. Therefore I do not believe she will have to allow the Columbia much, if any, time."

From what I read in the newspapers I had been led to believe that the Shamrock had an extremely broad mainsail, but I doubt if it tapes more than 104 feet or 106 feet. Instead of being broad her rig is narrow and lofty, as compared with the Columbia.

"Viewing the two boats as they now lay in the dock one is at once impressed with the snooty and light and moderate workmanship of the Watson boat."

"In making comparisons of this kind it is easy to be mistaken, but judging the two models as I saw them to-day, I consider that in light and moderate breezes the chances are in favor of Shamrock, though I look for Columbia to win in fresh or strong winds, especially over a triangular course."

There are no questions but both boats will be well and ably handled, and any the best boat win."

FOOTBALL.

This, above all sports of the year, is the season for football playing. Chatham has always had a winning football club, and why it should not this year is an unanswerable question. The talent is here and all that is wanting is the push. The C. C. I. have organized and purchased a ball in order to get a go at the C. B. C. which has also organized and is very strong this year. The C. B. C. boys are having practice games on the park almost every evening, which is by all means the best way to get into match shape.

A meeting of the city club is to be held some evening next week to get the team together and for other important business. Among the players are Fraser, Simpson, Wilson, Pigeon, Laurier, Mowbray, Sowerby, Courtney, Anderson, Bowers, Mercer, Richards, Douglas, Angus, Pritchard, Colles, Robert, Benson, and a great many others. Surely one of the best teams can be picked from the above. (Get right into the game, boys, and push it along.)

Football will be the rage now until hockey and skating comes in. By the way, how about that skating rink? All other places as large have skating rinks and here we are with only a rough old rink. The Diamond Dyes are enough curling and hockey enthusiasts in this city of ours to form a stock company, with say two dollars a share and a charge of a dollar a season for the rink. The rink is certainly coming—as the cold weather is certainly coming.

The Detroit Western League Club, according to report, will clear \$30,000 this season.

The lacrosse team played in hard luck this season; but organize earlier next season, boys.

Pete McAulay's wagon-making braves have done exceedingly well in baseball this season.

Jack Handboe, who will be remembered as a former Chatham Canadian league, is dead.

The Bruce-Fergus contest comes off at the International A. C. at Port Erie Monday night. Fergus is slightly the favorite in the betting.

Bowling on the green has been thoroughly enjoyed this summer; a great many matches have been played, and also practice games have continued a great deal of interest.

Cricket has been a very prominent feature of the season's local sport. The team is a good one, all but one of the games played being won. The loss was to the Gordon-McKay team, of Toronto.

THE OCTOBER SMART SET.

The Smart Set for October opens with an amusing novelette entitled "The Case of the 36 Skatons," by S. Cartland and Helen Milcote, the latter the author of "Miss Vandeleur, Pirate," one of the successes of last year. The present story concerns the adventures of two charming young women who escape from tiresome country relatives and take an apartment in London under the fictitious chaperonage of "Mrs. Osborne." Their escapades, their many devices to avoid detection and their final disposition of "Mrs. Osborne" are highly diverting.

FOREST FIRE.

Denver, Colo., Sept. 19.—A special from Eldorado, Boulder county, last night, said that the town was seriously threatened by a forest fire, which started on Woodland Mountain on Sunday. All the inhabitants of the town were fighting the fire. Already 35 square miles of heavy timber had been burned and many mine buildings destroyed. Now the telephone wire has gone down and it is not known how much damage was done.
