

## WOMAN NOW IN PERFECT HEALTH

### What Came From Reading a Pinkham Advertisement.

Paterson, N. J.—"I thank you for the Lydia E. Pinkham remedies as they have made me well and healthy. Some time ago I felt so run down, had pains in my back and side, was very irregular, tired, nervous, had such bad dreams, did not feel like eating and had short breath. I read your advertisement in the newspapers and decided to try a bottle of Lydia E. Pinkham's Vegetable Compound. It worked from the first bottle, so I took a second and a third, also a bottle of Lydia E. Pinkham's Blood Purifier, and now I am just as well as any other woman. I advise every woman, single or married, who is troubled with any of the above ailments, to try your wonderful Vegetable Compound and Blood Purifier and I am sure they will help her to get rid of her troubles as they did me."—Mrs. ELISE J. VAN DER SANDE, 36 No. York St., Paterson, N. J.

## INTERESTING LETTER FROM BATTLE FIELD

The following letter, which will be found of thrilling interest, was written to Miss Bessie Flewelling of Avondale:

Some Where In France Feb. 22, 1917.

Dear Friend: Well at last got a few minutes to write in acknowledgment of your very welcome box. I got it some time ago but only just had time to drop you a card. I enjoyed the candy very much. Thank you; you are very kind. So your brother is over here now? If he is in the ranks he has some idea of what it means to face the hardships of trench war. I hope he can stand it and is lucky. If you would send me his address I might get to see him. I passed one battalion that had some 140th boys in it but they were C company and

## FOR HEADACHES, BILIOUSNESS, CONSTIPATION, INDIGESTION

Nearly all our minor ailments, and many of the serious ones, too, are traceable to some disorder of the stomach, liver, and bowels. If you wish to avoid the miseries of indigestion, acidity, heartburn, flatulence, headaches, constipation, and most of other distressing ailments, you must see to it that your stomach, liver and bowels are equal to the work they have to do. It is a simple matter to take 30 drops of Mother Seigel's Syrup daily after meals, yet thousands of former sufferers have banished indigestion, biliousness, constipation, and all their distressing consequences in just this simple way. Profit by their experience. As a digestive tonic and stomachic remedy, Mother Seigel's Syrup is unsurpassed.

## Kendall's Spavin Cure The Old Reliable Horse Remedy

THOUSANDS of farmers and horsemen have saved money by using Kendall's Spavin Cure for Spavins, Curb, Ringbone, Splint, Bony Growths and Lameness from many other causes. It keeps horses working. A \$1 bottle may save a horse for you. Get a bottle the next time you are in town. Sold by druggists everywhere, \$1 a bottle, \$5 for \$5, also ask for a copy of our book "A Treatise on the Horse"—or write to Dr. B. J. KENDALL COMPANY, Enosburg Falls, Vermont.

I didn't happen to know your brother. I am still all right. Don't you think me pretty lucky? But, believe me, I have plenty of it. It is the nearest to hell a person can get. Still it has some wonderful things about it. Take for instance as a bombardment starts up on a pitch-dark night. Guns going off so talking is almost impossible. Instantly everything is that light it is almost blinding; every shell bursts with a different light, clear from a dull red to a blinding white flash and some almost a blue shade to them; all sorts and shades of flares, some for light and others for signals. Some go up and float along, others go up and burst into different colors; others go round as they go up, all sorts of them. But it takes a fellow's attention when a shell lands along side of him and knocks out two or three of his chums and the concussion knocks down the rest. Believe me there is some jar to them. I have had some pretty close calls, too many to be worth mentioning; but enough: I am here yet. Every one don't get hit. I have seen lots of fellows get hit their first trip in. I always think that looks hard, but it is luck. Some are unlucky. Canada seems good to me now. Won't I enjoy getting back and be among people I know again! If I can manage to get past the next five or six months alright I think I'll be safe after that. It is a dreadful thing this war. I hope there never is another. Just to think, the suffering and hardships it has caused! What fools there is in the world even at this advanced stage of civilization. I expect they worry awful over us boys at home, more than we do ourselves. I hope we both get back safe. Harold is still in "Blighty." He has been lucky. If I get another week in I'll have spent the same length of time in France, he did. Well, Bessie, it is not light enough for me to see whether this paper is dirty or not but I know it must be; every thing else is; but if you really wish me to write it will be enough to answer for a letter. At present I am in the tightest corner I have ever been yet. It is almost impossible to get any writing done.

Ever as always your sincere friend

Fred W. McElwain.

### Rockland Ripples

(Intended for last week) Special services are being held in the United Baptist church, led by Rev. I. E. VanWart.

Little Eugene Drake is recovering from pneumonia.

Mr. and Mrs. W. A. Hayward and little niece of Williamstown were guests of Mr. and Mrs. E. B. Estabrooks a few days last week.

Little Mabel VanWart has been very sick with appendicitis and rheumatism but is considered some better.

Fred Carter of Oakville has been visiting friends in the village.

Miss Laura Page returned home last Thursday from Liverpool where she has been visiting her sister.

The Circle was held at the home of Mrs. Janie Bridges last Thursday and was largely attended.

## THE COST OF GROWING POTATOES

In potato growing provinces like New Brunswick there is always more or less discussion as to what it should cost to grow a good crop of potatoes and statements vary from as low as \$40 per acre to as high as \$125. Naturally there will be much variation in cost according to local conditions and especially to the ability of the land to produce without expensive fertilizing. It should be borne in mind that it will usually cost the potato spec-

alist more to grow his crop (than it will the farmer who follows mixed farming and makes his potato crop merely one of his many activities).

With a view to getting actual figures under the average conditions in New Brunswick, a careful record has been made at the Dominion Experimental Station, Fredericton, for the past two seasons with an acre of land set apart for this particular purpose.

Neither rent of land nor depreciation of machinery was included in the calculation, for these two are items that are largely in the hands of the individual grower. As a general rule, however, it would be fair to charge as rent, 10% of the value of the land, and special potato machinery will depreciate from 25 per cent to 50 per cent per year if used steadily for ten days each season. In 1915, the depreciation of the potato digger alone, used at the Experimental Station, was \$6 per acre.

In 1915, the acre was planted with Green Mountain, Irish Cobbler and Empire State. Seed, cultural operations and harvesting cost in all \$67.93. Eighty barrels of 165 pounds each of marketable potatoes were obtained and sold at \$1.75 per barrel making a profit over cost of production of 90c per barrel. Seven barrels of culls were sold for 35c, so that the total profit for the acre amounted to \$75.50.

This land was very wet naturally and during the very rainy weather of June and July was several times flooded, causing missed hills and inferior plants generally. This land was originally cleared many years ago and after cutting hay for thirty years it was allowed to grow up to spruce, birch and alder. It was again cleared in 1913 and grew buckwheat in 1914.

In 1916, an acre was planted with Green Mountain seed.

The total cost amounted to \$92.33, the increase over 1915 being due to high priced seed, higher priced fertilizer ingredients and very dear copper sulphate.

One hundred and twenty barrels of marketable potatoes were harvested and could have been sold at \$2.25 per barrel, making a profit per barrel over cost of production of \$1.56; plus six barrels of culls at 50c, \$3, making a total profit of \$190.20.

Market price when potatoes were dug was \$2.25 per barrel.

## Had a Nervous Breakdown, Could Not Sleep or Work

Is Now Cured and Attributes His Recovery to the Use of Dr. Chase's Medicines.

Some splendid results have been reported to us from the combined use of Dr. Chase's Kidney-Liver Pills and Nerve Food. In complicated cases they work together with great success.

While the Kidney-Liver Pills arouse the action of liver, kidneys and bowels, and so overcome derangements of these organs, the Nerve Food enriches the blood, strengthens the nerves and builds up the system in a general way.

Mr. R. B. Hillman, Purbrook, Muskoka, Ont., writes: "About four years ago I was all run down and could not work, and as to writing a letter, I could not do it on account of my hand shaking so badly. My nerves were unstrung and I was troubled with a nervous breakdown. I could not

sleep soundly and would start up so suddenly as to almost jump out of bed. My kidneys were bad, too, and I had awful pains in the back all day. I doctored with our family doctor, but he did not seem to know what I needed. I was recommended to try Dr. Chase's Nerve Food and could sleep well three nights after starting the use of the Nerve Food and Kidney-Liver Pills. I take great pleasure in recommending these medicines, as I have proved that they do all that is claimed for them."

When used together the Nerve Food should be used after each meal and at bed-time, and the Kidney-Liver Pills only as often as is necessary to keep the bowels in healthy condition. Dr. Chase's medicines are for sale by all dealers, or Edmundson, Bates & Co., Limited, Toronto.

**SICK TO DAY!** Disorders of the stomach and constipation are so common with children. Mothers should know that Chamberlain's Tablets are mild and gentle, but very effective. The little folk often need a cathartic, and they do appreciate Chamberlain's Tablets instead of nauseous oils and mixtures.

## CHAMBERLAIN'S TABLETS Good for children

You should always keep a bottle on the shelf. A little dose at night and the fretful, feverish little chap wakes up bright and sunny in the morning. The liver is stimulated, the stomach cleansed and the bowels purified, but all safely and gently. They help break up a cold very quickly.

Later they could have been sold at \$3.25, but are held for seed.

This land grew hay for many years and was broken up and grew potatoes with 750 pounds of fertilizer in 1913, corn with 18 tons of barnyard manure in 1914, oats without manure in 1915. This land is on a slope, fairly well drained and except for washing, out slightly between the rows felt no bad effects from the June deluge.
