

## The Union Advocate.

Established 1867.

NEWCASTLE, MIRAMICHI, N. B.

WEDNESDAY, AUGUST 8, 1888.

## EDITORIAL NOTES.

For the purpose of the better prevention of the introduction of contagious diseases into Canada via the St. Lawrence, the Minister of Agriculture has had plans prepared for a new disinfecting house to be erected at Grosse Island, the quarantine station some distance below the City of Quebec. The disinfecting chamber will be 50 x 80 feet, fitted up with racks on the principle of the most approved style of laundry. On these large quantities of clothing, bedding, ships' linen, curtains, carpets, &c., likely to be infected by disease may be suspended. The chamber will be superheated so as to furnish at will dry or moist heat, or both, and by a simple turn of the hand a temperature of 200 degrees Fahrenheit may be obtained. During the process of hanging up the articles the dry heat is turned on, and by the time the work of filling the racks is completed the entire mass of material reaches a temperature of 190 or 200 degrees Fahrenheit. When free steam is turned on, every article becomes saturated with moisture and every particle of infection is eliminated on being exposed to the open air. Articles thus treated dry very quickly, and the texture of the finest material is not injured in the slightest degree.

We have received a descriptive catalogue of the mineral exhibit of the Province of Ontario at the Centennial Exposition of the Ohio Valley and Central States, opened at Cincinnati July 4th and which will be continued until October 27th, 1888. T. W. Anglin, Esq., is the Commissioner in charge of the exhibit. The catalogue gives a full description of the various specimens shown, and which appear to have been a most gratifying exhibit, and calculated to present to public view the varied mineral resources of but one of the Canadian Provinces. An appendix gives the various sections of the General Mining Act of Ontario and other valuable information of interest.

Want a number of drowning accidents have been recorded of late. Hardly a paper we take up but gives the particulars of lives lost, sometimes purely accidental, in others the result of carelessness in boat sailing or otherwise. Surely the record of so many deaths by drowning should warn all of the necessity of care and caution in bathing, or sailing, especially in unfamiliar waters.

General Phil Sheridan died at Monticello, Mass., at 10 o'clock on the evening of August 5th. His death was unexpected, there having been no unfavorable change in his condition during the day, he having taken a full supply of nourishment and the usual preparation for the night were made at 8:30. At 9:30 symptoms of heart failure suddenly appeared and despite all that could be done the General gradually sank and at 10:30 breathed his last. Thus passed away, in his 57th year one of the most dashing soldiers on the Union side during the late war. He was born at Somerset, Ohio, his parents being Irish. The military funeral will take place at Washington on Thursday or Friday.

The death is announced of Mr. M. C. T. Couriel, M. P. for Montreal East, aged 80 years. His death causes another vacancy in the Dominion House of Commons.

## The Foresters.

A large number of members of the High Court of Foresters arrived in Newcastle on Wednesday last, and the Annual Session of the High Court of New Brunswick commenced in the Temperance Hall on Wednesday afternoon.

The committee on credentials reported the following officers and representatives entitled to seats:

H. C. Ored, H. C. R.; J. E. B. McCready, P. H. C. R.; J. A. Kilpatrick, H. V. C. R.; F. W. Emerson, H. Secretary; E. P. Robinson, H. Treasurer; Dr. B. S. Thorne, H. Physician; H. Atkinson, H. Chap.; Rev. J. C. P. Bart, H. J. W.; T. J. Granville, H. S. B.; F. Anderson, H. J. B.; Thos. Kelly, H. M.; G. L. Perkins, H. Coun.; R. L. Malby, H. Mess.

Ex-officio members—Geo. Smith, H. V. C. R.; Dr. W. A. Norfolk, P. H. Physician; John Bette, P. H. V. C. R.; and Dr. G. A. Hetherington, P. H. Physician.

Representatives—Court Moncton—W. McK. Weldon and John T. Hawke. Bittern Ridge—E. A. Keith and C. W. Thorne. Gordon Falls—W. B. Jones and Rev. I. N. Parker. Loyalist—Hugh Stevens, L. B. Coleman, H. J. Pratt. Salisbury—A. J. D. Patterson and A. Sherwood. St. Marys—W. Kinghorn, G. A. Hughes, W. L. McFarlane and Alonzo Kelly. Miramichi—J. A. Blair, J. H. Taylor and A. D. McPherson. Court Campbellton—C. L. Ritchie and W. E. Gilman. Petticoat—J. A. Little, E. R. Lockhart, E. Simpson and S. J. Jones. Bearcroft—C. F. Stultz, A. Hiram Falkins. Kenebec—Dr. J. J. Lawson, A. P. Sherwood. Intervale—W. E. Freeze, S. D. Robinson. Happy Retreat—W. A. Wilson, R. N. Weeks. Alexander—Dr. J. C. Sharp, W. T. Day.

Miramichi—B. Fair, E. Lee Street. Alton—A. J. Jamieson, A. Albert Sherwood.

Hillboro—J. V. Skillen and Geo. A. Robinson.

Supreme Chief Ranger Dr. Oronahy.

Some twenty delegates were then initiated in the high court degree.

## COMMITTEES.

High Chief Ranger Creed then appointed the following committees:

Distribution—High Treasurer, J. A. Blair, H. J. Pratt.

State of the order—Rev. I. N. Parker, C. F. Stultz, W. T. Day.

Finance—E. L. Street, L. B. Coleman, W. Kinghorn.

Appeals and petitions—J. A. Blair, Dr. Lawson, E. A. Keith.

New business—W. B. Jones, A. Sherwood, J. A. Ritchie.

On motion, the following Press committee was appointed—High Secretary Emerson, John T. Hawke, Geo. A. Hughes, A. W. Kelly.

## HIGH CHIEF RANGER'S REPORT.

High Chief Ranger Creed then delivered his annual report, in which thanks were returned to the Supreme Ruler of the universe for the blessings bestowed on the country and the order. During the year the order had gained its strength. There are seven High Courts, some 240 subordinate courts scattered over a dozen provinces and states; and a surplus amounting to one hundred thousand dollars. In this province during the year, three new courts and about a hundred new members have joined the order. Three deaths in the province's membership have occurred during the year. He then detailed some matters of more immediate interest to the order, and referred to his official visits to subordinate lodges. He paid a tribute to the zeal in the cause shown by his brother High Court officers, and especially so by High Secretary, F. W. Emerson. In conclusion he said: "May this session of the High Court prove to be the most agreeable and satisfactory yet held, and may these thriving communities on the banks of the noble Miramichi, once laid waste by the fiery spirit of the neighboring forest, hereafter realize more and more the beneficent influences that may go forth from the Forest Homes now established in their midst."

## HIGH SECRETARY'S REPORT.

High Secretary Emerson presented his annual report. The number of official visits during the year had increased. The endowment claims falling due during the year had been promptly paid. He suggested the gradual payment of the high court's indebtedness to the supreme court. Several Foresters of P. E. I. desire that the Island courts should attach themselves to this high court; and he believed it was in the order's interest that this be done; and suggested that steps be taken to promote this object. He pointed out that the attendance at the high court had in four years increased more than six fold. During four years the membership had increased from 100 to 700, and the number of courts by 13. There are now 24 courts in the province.

## OTHER REPORTS.

High Treasurer E. P. Eastman presented his annual report which showed the funds in hand in the high court on July 1, 1887, as \$100; money received up to June 30, 1888, \$91.64; paid out by vouchers \$88.40, leaving in hand of treasurer on July 1, 1888, \$132.24.

## ADDRESS BY E. C. RANGER.

Supreme Chief Ranger, Dr. Oronahy, then addressed the court. He contrasted the attendance at present and past high courts in this province. The order's progress generally was remarkable. On July 1 there was a surplus of \$96,000; but on August 1, notwithstanding heavy claims during the month, was \$100,000. The effect of this must be to strengthen the order in the country. During May there were 652 applications, and of these the medical board rejected 66; showing that they protected the interests of the brethren. During the month of June there were 700 applications for membership. The order was manifestly gaining ground in N. B., but there was room for expansion. In Ontario there were over six thousand members. He suggested whereby the surplus could be used to promote the general prosperity of the order.

## THE COURT THEN ROSE.

## EVENING SESSION.

The court resumed at 6:30. After routine business—Bro. W. T. Day presented the report of committee on good of the order, and by the proposal of P. E. I. to this high court, and complimenting high court officers on their zeal and services.

## RESOLUTIONS OF CONDOLENCE.

H. C. R. Creed referred in feeling terms to the bereavement sustained by high physician Dr. Thorne through the death of his wife, and by Bro. John Humphrey through the death of his mother. Appropriate resolutions of sympathy with the brethren were adopted.

Moved by Bro. J. V. Skillen and seconded by Bro. F. W. Emerson and unanimously carried.

Whereas, the sad intelligence has just been received by this lodge, that our esteemed brother, Dr. B. S. Thorne, High Physician of the High Court of N. B., has been bereaved of his beloved wife:

Resolved, That we the officers and representatives in High Court assembled, unite in tendering to Bro. Dr. Thorne, expression of our sincere sympathy with him in the distressing calamity with which it has pleased the Almighty to visit him.

A number of matters respecting the good of the order were then discussed.

Bro. W. B. Jones, chairman of the new business committee, presented a report recommending that the high standing committee take steps to bring about the union of P. E. I. with the high court of New Brunswick.—Report was adopted.

Some discussion then took place on the best mode of investment; and the

burden of the speeches was in favor of investing in Dominion, provincial or municipal securities. It was estimated that probably \$10,000 would be invested in N. B. provincial debentures.

## THE FINANCE REPORT.

Bro. Kinghorn on behalf of the finance committee presented a report. Among his recommendations were these: That the high chief ranger confer with the supreme executive council respecting the investment of \$10,000 in New Brunswick provincial debentures. It further provided for the payment of certain salaries.

The court then adjourned until Thursday morning.

The presence of the Sup. Chief Ranger, Dr. Oronahy, added much to the pleasure of the High Court.

The H. C. R., welcomed him cordially to the session of the High Court. The Sup. Chief Ranger's report was listened to with great attention. At the close of his eloquent address he was heartily applauded. His presence gave the delegates an opportunity of getting acquainted with some questions connected with the Order which were not thoroughly understood before. The explanations given were considered quite satisfactory and accepted as such.

The High Court Officers for the ensuing year are as follows:—

H. C. R.—H. C. Creed, H. V. C. R.—J. V. Skillen, H. S.—F. W. Emerson, H. Treas.—E. P. Eastman, H. Phys.—Dr. Lawson, H. Coun.—E. Lee Street, H. Auditors—Coleman, Pratt.

The following were the appointed officers:

H. C.—Rev. I. N. Parker, H. S. W.—J. W. Taylor, H. J. W.—W. Kinghorn, H. S. B.—C. F. Stultz, H. J. B.—W. S. Day, H. Mar.—A. Sherwood, H. Con.—B. A. Keith, H. Mess.—McK. Weldon.

The installation of these officers closed the session of the High Court on Thursday morning.

The members of Court Miramichi very kindly invited the Officers and members of the High Court, together with all visiting Foresters, to go on an excursion down the river. The invitation was accepted and a vote of thanks was given to C. Miramichi for their kindness.

The excursionists during the trip were treated splendidly, refreshments of different kinds were served, and the courtesy and kindness of the Foresters was particularly marked. The visiting Foresters speak highly of Court Miramichi.

This ended a very enjoyable session of the High Court.

The H. C. meets next year at Moncton at a time to be decided by High Court.

## PERSONAL.

Rev. Benjamin Chappell, M. A., who is well known to this city, was a few days since presented with an address by the congregation of the Presbyterian church and the Summersdale literary and scientific society, at Summersdale, on the occasion of his departure from that place. Rev. Mr. Chappell has been in charge of the Methodist church there and leaves to assume charge of the church at Campbellton.—Sun.

The Pope sent a telegram congratulating Emperor William upon the birth of his fifth son. The Emperor in reply thanked the Pope for this new proof of his friendly regard. The Emperor and his son are doing well.

At Lord's cricket ground, London, the other day, the Australian eleven defeated the picked eleven of all England by 61 runs. W. G. Grace's score was 10 and 24. It was the Australian bowling that did it.

Congratulations to Mr. McDade. It's a girl this time.—Farmer.

Miss Frances E. Willard will be fifty years old next year, and the National W. C. T. U. have decided to celebrate the event. At the convention in Nashville last year, it was resolved that she be invited to write her autobiography, with the history of the Temperance Union during the sixteen eventful years.

Miss Willard accepted the invitation, and is now busily engaged upon the book.

Lieut. Col. Maunell, D. A. G., commander of the Fredericton Military school, has telegraphed to the Militia Department at Ottawa offering the services of the school for Skeena river, and also offering to raise a provincial battalion for the same service.

Mr. Norman MacLeod, son of Rev. Geo. J. Cale, has got first prize in English and third in French in his classes in George Watson's school, Edinburgh. He was 200 marks ahead of the second boy in English. There are 1,540 boys in that school.—Forster Herald.

The Rev. Mr. Cale is a native of Chatham, N. B., and his many old friends in this vicinity will learn with pleasure of the success of his son in his studies.

Hayer Reed has been appointed Indian commissioner, vice Dewdney; A. E. Forgal, assistant commissioner, vice Reed, and R. B. Gordon, clerk of the Northwest assembly, vice Forgal.

Hon. Mr. Chapleau has been compelled by ill-health to abandon his proposed trip to the maritime provinces this summer.

## HOWE'S WILD WEST SHOW.

This show exhibited in Newcastle on Monday afternoon and evening. There was good attendance in the afternoon but very few present in the evening owing partly to the threatening state of the weather. Some portions of the performance were excellent, the most notable being the rifle shooting, the handling of the heavy cannon balls, the slack wire performance and the exercises of a small boy and girl on the trapeze.

The manager, Mr. James T. Johns, is an ex-journalist, having formerly occupied prominent positions on the editorial staffs of the Toronto World, Ottawa Free Press, and as editor of the Marquette Review, Portage La Prairie. He is a genial and congenial gentleman who will make friends wherever he goes.

## DROWNED.

Kenneth Campbell, well known on this Northern section of the I. C. R., and for some time a driver, was drowned while working in the Buctouche river, Wednesday last. The deceased was stated above for some time drove a locomotive on the I. C. R. during the busy period, but when business slackened he was notified among others that he would be put back to the position of freeman for a time. He then asked and obtained a vacation, and went to work on the Moncton and Buctouche railway, and had just closed his engagement with that road and was taking a few days holiday preparatory to resuming work on the I. C. R., when he came to his sad and sudden death. As soon as the alarm was given efforts were made to recover the body \$30 reward being offered by the I. C. R. The body was recovered by Mr. Thomas Williams, manager of the B. & M. railway, which offer was supplemented by another offer of \$20 from a relative of the deceased. Search was continued until a thunder storm set in on Wednesday night and resumed on Thursday morning, and at last the body was brought up by James Bastarache, an oyster rake. The body when recovered was much swollen and the features almost past recognition. The remains were taken to Moncton and from thence to the home of his widowed mother at Dundee, Restigouche County, and on Friday his remains were interred in the Dalhousie Presbyterian burial ground, the services at the grave being performed by Rev. Mr. Russell, and afterwards the ceremonies of the Brotherhood of Locomotive firemen were performed at the grave, sprigs of evergreen were deposited as tokens of respect for their departed brother so suddenly taken from among them, the grave was filled up and the sorrowful assembly dispersed. Much sympathy is felt for his mother, a widow, in her sad bereavement.

## FORESTERS EXCURSION.

The excursion down river on Thursday afternoon last on the St. Nicholas was a most pleasant and enjoyable affair. The visiting brethren and some of the residents of Newcastle and Chatham were invited by Court Miramichi to attend, and about fifty persons availed themselves of the kind invitation. Refreshments in the shape of sandwiches and temperate drinks were provided. The day was fine, with a heavy north-west wind blowing, which raised quite a commotion in the river in front of Chatham, as much so that quite a number were expecting there for fear of sea sickness, where the water to be much rougher as the boat proceeded down river, which did not turn out to be the case as it was rougher about the wharves of Chatham than further down river. The boat went about three miles below Shields Island and then headed up river on her return. The new steamer St. Nicholas, owned by J. B. Snowball, Esq., is a staunch addition to the steam fleet of the Miramichi, being fast, remarkably stiff and comfortable sea boat, pitching and rolling but very slightly in the waves. She is intended for work; and will be employed for wrecking purposes, having a powerful steam pump on board the deck of which alone is valued at the vicinity of \$2,000. This, together with her sea going qualities will make her available for all northern ports in cases of water logged or leaky vessels requiring to be pumped out. On returning to Newcastle all expressed their appreciation of the kindness of Court Miramichi in thus providing for them so pleasant an excursion.

## PAY UP.

Subscribers to the UNION ADVOCATE, as well as other persons indebted to us for advertising or job work will confer a favor by remitting what they owe or a portion of it at least. It takes money to keep a printing office going; with hands to pay, bills for paper and other materials to meet and unless those indebted to us are prompt in their payments it is difficult to have business running smoothly and satisfactorily. The amount due by each individual may be a small matter to them, but when such amounts mean a total of between two and three thousand dollars locked up in the carelessness or thoughtlessness of many of our patrons it is a serious matter at times to meet our business engagements with that promptness we should like. We know that times are hard and we have deferred demanding those indebted to us on that account, but we have a little to lessen their indebtedness to this office we should be relieved from much embarrassment for want of the needed. Will each of our patrons be kind enough to perform their duty in this regard.

## ROGERSVILLE FETTERIES.

On the 15th of August will take place at Rogersville the last night and laying of the corner stone of the new church, followed by a procession and the opening of the Bazaar and Picnic organized in favor of said laudable enterprise.

In the evening of the first day, for the festivities will continue two consecutive days, there will be given a concert by a club of amateurs, and also several discourses by distinguished orators.

Half rate tickets will be issued on the I. C. R. from Sticks and Campbellton, and intermediate stations, also on the Chatham Branch and Kent Northern Railway.

All amusements permissible on such occasions will be afforded, and the Bazaar and Picnic tables will be abundantly supplied.

Whilst encouraging a good work and deserving people, patrons and friends will have a favorable opportunity of enjoying a pleasant and agreeable recreation.

Passenger cars will be attached to all regular trains on the I. C. R., and the Kent Northern will meet the Express for the north the night of the 15th.

School Assessment Blanks can be obtained at the ADVOCATE office. Also School Rate Notices, County Rate Notices, Teachers Agreements and legal and commercial blanks of all kinds.

## ELECTING A CHIEF AT BEL GROUND.

A correspondent of the World writes that paper—July 28th was St. Ann's. According to instructions from Ottawa the election for Chief to fill the place of the late Chief of the school house at Bel Ground. The poll opened at 10 a. m., and the voting at once commenced. C. Sargeant, Indian Commissioner, acting as Sheriff, Present John Niven, P. M., from Newcastle and M. Pfeiffer, teacher for the district of Bel Ground, where he has done good work among the Indian children. The school is well furnished and very clean and neat, and well supplied with maps and everything required for instruction. All males over 21 years were allowed to vote. The candidates were Thomas Barabai and Peter Glash, represented by the poll by Peter Lemack for Barabai and Lemack for Glash. The electors came in singly and voted openly, and it so happened that the sturdy Mic Mac pronounced the name of his candidate in a few soft but clear voice. The voters were clean and well dressed, and conducted themselves very respectably. I can assure you that I have been at the polls in many parts of the country for a number of years and must say never saw better order. The voting occupied a little over an hour. A great many people from around the country were on the grounds. Rev. R. C. Cumley had services, and the church for neatness is certainly a credit to this place—in fact, would be a credit to many country places.

## AGROUND AND LEAKING.

The Norwegian barque Laeta, Capt. Olsen, which sailed from Chatham on Wednesday last, bound for St. Nazaire, France, with deals, grounded near Robichau buoy the same evening, and was towed off the str. St. Andrew the following Friday. She was found to be making considerable water, and the crew objecting to go to sea in her. The Captain prevailed on them to go, and they consented. There was a strong wind outside, and she lay too off Esquimaux till Saturday noon, when, as the barque was making more water than at first, she was brought back to Chatham, arriving Saturday evening. Mr. James Henderson, of Douglastown, Capt. Brown, Shipping Master, and the Capt. of the Norwegian barque Alida, held a survey Monday and ordered the deck-laid, and part of the cargo between decks, to be discharged, after which a further survey will be held.—World.

## CHATHAM.

At Port Ludlow, Washington Territory, Puget Sound, U. S., on the 10th July, Agnes Gifford, relict of the late Henry Wallis, in the 83rd year of her age, leaving a son and two daughters, to mourn the loss of a fond and devoted mother. Their many friends in Miramichi sympathize with them in their affliction. She was buried in the Cemetery at Seattle.

## DECEASED.

The deceased was a native of Dumfriesshire, Scotland, and came to Miramichi at 21, 1823, where he resided till two years ago, when he left to join his children in W. T. She was a great sufferer for ten months, which she bore with Christian resignation to the Divine will. During her residence in Miramichi she proved herself a good citizen, was transparently honest, and conscientious for her candor and singleness of purpose, her kindly disposition and gentleness of character.—Com.

## BATHURST'S NEW CHURCH.

The new Catholic church at Bathurst is well under way, and will, when completed, be the finest church edifice in the north. The walls are now nearly ready for the roof. The stone being made use of in its construction is granite from the local quarries in the vicinity. The walls in general are built of grey granite, while the red rock of the same character is being used for the finishing about the windows, thus offering an agreeable contrast to the more sombre stone of the walls. The structure will do great credit, as well to Mr. Dunn the architect, as to Mr. Lawlor the contractor. This church will be in the southern part of the province would cost \$85,000, but with native labor, cheap and handy material will be much less than this. Rev. Father Barry, under whose auspices the church is being erected, is a man of well known ability both as ecclesiastic and as a scholar, and is one possessing all the energy necessary to the completion of such an important work.

## STATION BURNED.

The Bathurst station of the Carleton railway, together with the freight shed, was totally destroyed by fire Thursday afternoon. A gale of northwest wind prevailed, making it impossible to save the building, but all the freight, which was considerable, telegraphic and telephone fittings, books and other movable property, were rescued without damage. It is supposed the fire was caused by a spark either from K. F. Burns & Co's mill or from the locomotive which left the station a few minutes before the alarm was given. The loss is covered by insurance.

## NEW BOOKS.

From Mr. Wm. Bryce, the Toronto publisher we have received copies of Canadian Copyright editions of recent volumes added to his list of publications. They are as follows:—"Diana Barrington," a romance of Central India, by Mrs. Julia Crocker, price 30 cents; "The Case of Doctor Piemen," by Rene de Pont-Jest, price 35 cents; "The Ironmaster, or Love and Pride," by Georges Olmet, price 30 cents; "Geoffrey's Victory or the Double Deception," by Mrs. George Sheldon, price 25 cents.

## ANNUAL BAZAAR.

DEAR ADVOCATE.—Our Annual Bazaar was opened Monday evening, the 20th inst., and will continue several days. Excursion tickets will be issued at one first class fare August 21st from Chatham Junction and intermediate stations to Campbellton, good to return same day or day following. All are very cordially invited.

## RESPECTFULLY,

JOHN L. McDONALD, Pastor. Campbellton, Aug. 6, 1888.

## PUBLIC INSTALLATION.

Holifast Lodge of Good Templars publicly installed its officers on Friday evening last. There was a goodly number of temperance friends present and after the ceremony of installation had been performed by Mr. B. Fair, assisted by Mr. W. B. Robinson, a very interesting programme was gone through with. During an intermission refreshments were handed round, pies, cakes, &c. in variety, with ice creams and lemonade. After the time of refreshing was over the programme was proceeded with and brought to a close at eleven o'clock, when the meeting adjourned.

A very pleasant social time was spent and friends of temperance not members of the Lodge are indebted to Holifast Lodge for being invited to so pleasant an evening's entertainment.

## FIRE.

Three alarms of fire were made in Frederickton early on Friday morning, and all of which are credited to an incendiary, and an attempt was made on a fourth building to set it on fire which failed to ignite. While the firemen were working at the first fire and had got it under control some of the hosemen returned to Engine house No. 5, and were ordered to find a large hole bored in the floor and the flames spreading to the ceiling of the building. It is to be hoped that the miscreant will be discovered and receive the punishment he so surely merits.

## RESTIGOUCHE FISHERMEN.

The fly fishermen on the Restigouche river are completing bitterly that small summer legging parties, who are now having logs laid to the main Restigouche, are to a large extent destroying the fishery there. These logs are running into the pools where the salmon lie and frighten them out, and thus spoil the sport of those camping at the pools. That this matter is a serious one as regards the fishermen is proved by the fact that the complaint emanates from the officer in charge of the Restigouche Salmon Fishing Club.—Gleaner.

## PIC-NIC.

A picnic will be held near the grounds of St. James' Church, Nelson, on Monday, August 20th, to commence at 10 a. m. Arrangements have been made for a steamer with large attached to convey passengers from Chatham, Douglastown and Newcastle to the picnic grounds. A good time is expected. See advertisement or bills for particulars.

## "THE ENTERPRISE."

We have received a copy of a new weekly newspaper bearing the above title. It is published in New Glasgow, N. S., and its first number shows ample proof that its proprietor intends making this weekly worthy of the name he has given it. We have much pleasure in placing it upon our exchange list.

## S. S. ASSOCIATION.

The attention of our readers in this county is called to the Sabbath School Convention to be held in St. John's Church, Chatham, on Friday next, August 10th, commencing at 10:30 a. m. Superintendents and teachers are invited to attend the meetings which are expected to be of a most interesting character. C. J. Cowden, the agent of the Provincial S. S. Association will be present.

## PROPERTY SALES.

The John M. Johnson homestead, the McFarlane house near the Bank of Montreal, and the Koonough house, were sold at auction by Mr. Wyse on Tuesday, under orders of the Equity court. They were bid in by the parties interested in the mortgages.—World.

## POLITICAL.

The announcement is made that W. D. Perley, Esq., M. P. for Eastern Pictou, has been called to the Senate, and that Hon. Mr. Dewdney will run for the seat thus vacated.

## HINDOO SALVATIONISTS.

About a dozen soldiers of the Salvation army, male and female, natives of the East Indies, arrived in picturesquely dressed, having travelled from Quebec and intend making a tour of the army stations in Canada. They are billed to appear in Newcastle on Friday evening next, August 10th.

## ODD FELLOWS.

The annual session of the Grand Lodge of Oddfellows, of which J. L. Stewart of the Chatham World is Grand Master, opened at Windsor, N. S. yesterday.

## OUR BIG RIFT.

Our St. John's exchanges state that the Joggins timber raft appears to be making good progress towards New York. Its rate of travel being about five miles per hour.

## DENTISTRY.

Dr. Thompson will be found at the residence of Mr. J. C. Brown, Newcastle, where he will attend to the wants of patients.

## "HEIRES TO MILLIONS."

The newspaper stated, and how many women, probably read the same, and envied her. But little was she to be envied, however, for in spite of her great wealth she was miserable. It was her lot, in common with myriads of women, to suffer from those "chronic weaknesses," which are peculiar to the female sex. Miserable, nervous, and discouraged, she would gladly have given every dollar of her fortune for one brief moment of health. How easy and how inexpensive would be the journey to health, if Dr. Pierce's Favorite Prescription was selected as a remedy, and the use of the same persisted in; that is, the experience of thousands of women afflicted in the above manner, teaches us to predict so, and it is the only medicine for women, sold by druggists, under a positive guarantee, from the manufacturers, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle-wrapper, and is faithfully carried out for many years.

Dr. Pierce's Pellets, or Anti-Bilious Granules, cure sick headache, dyspepsia and constipation.

Children Cry for Pitcher's Castoria.

## RECENT PUBLICATIONS.

THE CENTURY MAGAZINE for August contains the following table of contents:—"Portrait of George A. S. P. P. P.
