NELSON.

Lines to the Village of Nelson, the last resting plac of my sister Marguerite.

BY MICHAEL WHELAN.

Dear Nelson, nestling by the river,
The broad, majestic Miramichi,
What cause thou hast to bless the Giver
For gifts to thee.

Sweet village resting by the river,
That flows forever to the sea,
While shadows on its bosom quiver,
I sing to thee.

The day I passed the wind was blowing
All wildly from the far North West,
Thy stream was tossing, moaning, flowing
In deep unrest.

A nameless charm is flung around thee,
Far more of nature than of art;
A scenic beauty still surrounds thee,
Dear to the heart.

And yet the highest art is in thee,
The fairest forms that nature knows;
A smile from Heaven seems to win thee
To sweet repose.

Thy happy homes that seem to nestle
Amid their lawns and shady trees,
Far from the noise of business bustle,
But woo the breeze.

The scene is simply one of beauty,
From Flett's fair grove to Chatham Head;
Thy splendid setting seems to suit thee
Where sleep thy dead.

Thy noble church its spire raises
To Heaven's blue and blessed dome,
Pointing all hearts unto His praises,
And their true home.

Each tomb recalls some friend departed,
Who once walked on thy single street,
Those faithful friends, the happy hearted,
No more we meet.

They're gone to God: His holy heaven
Now holds the hearts you once held dear;
They thankful that the bonds are riven
That held them here.

Long in their midst has she been sleeping,
My sainted sister fair and sweet;
I leave unto your kindly keeping
My Marguerite.

The name you bear is one of glory,
Recalling Nile and Trafalgar,
And the brave sailor's splendid story
Who sailed afar.

To win for England fame forever
To make her mistress of the sea,
And give, dear village by the river,
His name to thee.

Renous River, N. B., Sept., 1898.

General Intelligence

TRAGEDIES OF THE DAY.

MAN STRANGLED TO DEATH FOR HIS MONEY.

NEW YORK, Sept. 20.—Three men strangled Andrew Cassogue to death early this morning in his bedroom in a tenement house in Williamsburg. They also attempted to strangle his wife, who was sleeping by her husband's side, but she was aroused, made her escape and gave an alarm. She found her husband on the floor dying, with two men standing over him. These two and the man who had attempted to strangle her fled when she made an alarm. The woman then discovered that five hundred dollars which her husband had placed under the pillow before retiring, was gone. Cassogue died soon afterwards and the marks on his neck showed that he had been strangled. The police found two men running from the house and arrested them. They gave the names of Siegel and James Thomas and said they knew nothing about the crime. The Cassogues are Italians, and the stolen money represented all their savings.

NILES, Mich., Sept. 20.—Nearly one-tenth of the entire population of Blainwell, a little village in Allegan county, is ill from eating canned pressed beef at a church social. Fifty-five persons were poisoned, twenty are dangerously ill, and four are expected to die. The ladies of the Presbyterian church gave a supper in the church parlors and about one hundred guests were present, all of whom had supper and part of them ate canned beef. An investigation will be made.

CAMPBELLTON.

A FIFTEEN YEAR OLD DAUGHTER OF D. RICHARDS ATTACKED BY A TRAMP.

CAMPBELLTON, Sept. 20.—A fifteen year old daughter of D. Richards, the well known lumberman, was attacked this afternoon in a little frequented portion of the town by a tramp. The extent of the injuries of Miss Richards has not been announced. Police Officer Duncan arrested a suspicious character later, who, it is said, admitted the attack, but denied the charge that he used a knife. He is supposed to be one of the pair of tramps for whom Duncan was searching earlier in the day.

WHAT ABOUT THE REVENUE?

A great many people in Canada to-day are asking how will the revenue be made up. They are afraid of increased taxation, because of diminished revenue. In reality the taxation will be greatly reduced. The people are taxed $40,000,000 under the present system of collecting revenue off of strong drink, and about $100,000,000 in loss of time and health, and in taking care of the victims of drink. Sir Leonard Tilley said that St. John city lost $20,000,000 worth of property by the great fire, receiving $8,000,000 in insurance, and Sir Leonard said the people would think him mad if he proposed to burn the city down again in order to get the insurance; and yet, frenzy of frenzies, madness of superstition, the government of Canada, in order to raise $8,000,000, legalizes the incendiaries which all admit consumes not merely $20,000,000, but directly $40,000,000, and directly and indirectly $140,000,000. Vote for prohibition on the 29th of September and save this great waste, lift this great burden from the shoulders of industry and behold the result. Gladstone, Cobdek, Bright, Chamberlain, Mowatt, and a whole host of statesmen have declared that a wonderful prosperity and lightening of taxation would result from abolishing strong drink.

Those who want the bar-room say that the Maine law is a failure. It has nearly emptied its prisons and poor-houses, it has changed general poverty, disorder and wretchedness into soberiety and prosperity. Without even the recources of the Maritime Provinces, Maine has ten times the amount per capita in its savings banks that the whole of Canada have $40,000,000, while 661,000 in Maine have $53,397,590. Maine's convict record is lower than that of any State in the Union, much lower than that of Canada, and its tendency is steadily downward. Canada has one to 3,989. Maine one 6,959 of population.

Ireland affords an illustration of how the loss of revenue from drink works out. All the pessiments were alarmed just as some are alarmed to-day, when the great temperance revival under the ministrations of Father Matthew reduced the consumption of liquors so that breweries and distilleries all over Ireland were compelled by stern necessity to close up, and were allowed by their owners to go to ruin, and they stood with doors and window shutters unhinged and not a square of glass to be seen in any of them. The people came together from long distances, and, kneeling by ten thousands, they called God to witness their vow never more to take intoxicating drink. Sometimes these crowds numbered as many as fifty thousand people, and they were taught that their pledge was a solemn obligation to God and the church, taken under sacred religious sanctions. The income to the revenue from whiskey and beer became almost nothing. The duty had been enormous, nearly seven hundred per cent. Here, if anywhere in the wide world, was a country whose people could not bear increased taxation. Where did they get the revenue? Did they get it? How? No increased taxation, but simply by the expansion of trade. Not only did they get the same amount, but the revenue increased by four hundred thousand pounds—two millions of dollars.

The Liquor traffic produces no wealth—it produces only poverty, vice, crime, disease and death. The Liquor Traffic has not one single redeeming feature. Its friends do not defend it, only apologize for it as the relic of an ignorant age that must be indured because the people are too ignorant, or too weak, or too lazy, or too cold-hearted to do their duty, and wield the royal sceptre of power which responsible government places in their hands.

CHANG'S DISMISSAL.

PEKIN, Sept. 20.—The diplomatic representative of Russia, France, Belgium, Spain and Holland have called upon Li Huug Chang to condole with him upon his dismissal from the Chinese foreign office. Much comment has been excited by the action of these ministers.

PROTEST PREVAILED.

NIU-CHWANG RAILWAY LOAN TO BE FLOATED IN GREAT BRITAIN.

LONDON, Sept. 20.—The Pekin correspondent of the 'Times' says that as a result of the British protest, the Tsung-Li-Yamen has authorized the conclusion of the Niu-Chwang Railway loan with a British syndicate.

CUBA AND THE PHILIPPINES.

THE FORMER DRIFTING INTO ANARCHY AND THE PHILIPINOS VERY ACTIVE.

LONDON, Sept. 20.—The Times this morning publishes a letter from a Havana correspondent in which the writer points out that though as in the mother country there appears no dispcsition among the Spaniards in Cuba to attempt a pronunciamento, the soldiers and civilians alike having accepted the disfatistic calm, the island is fast drifting into a condition of anarchy. Insurgent bands, the correspondent says, are enjoying immunity in the commission of outrages and plundering, and this is especially true in the western provinces, where the insurgents bitterly complain that they have been ignored and abandoned by the United States, and, being left utterly destitute, can only save themselves from starvation by repine. Without food, medicine and clothing, they are dying like flies, and unfortunately, it is the best elements among the insurgents that are suffering the most severely. The Times in an editorial article draws attention to these difficulties facing the Washington government and to the advisability that the peace conference be not unduly protracted.

THE DREYFUS SCANDAL.

GEN. ZURLINDEN REAPPOINTED MILITARY GOVERNOR OF PARIS.

PARIS, Sept. 22.—The Cabinet Council this morning reappointed Gen. Zurlinden, who last week resigned from the Cabinet because he disagreed with the majority of the ministers about the propriety of having a revision of the Dreyfus case, to the post of Military Governor of Paris, which he occupied previous to accepting the portfolio of Minister of War.

Dreyfus, the former captain of French Artillery, whose alleged unjust conviction in 1894, on the charge of selling important French military secrets to the agent of a foreign power, is seemingly on the point of being investigated at Paris, is kept in solitary confinement on Devil's Island, a small place not far from Cayenne, where a mutiny of convicts has just taken place, and it is not improbable, therefore, that he may be shot by his guards, as it is understood the latter had strict instructions to kill their prisoner if any attempt is made to release him or if there is any possibility of escaping.

PICQUART TO BE PROSECUTED.

PARIS, Sept. 21.—The papers here say the Minister of War, General Chanoine, has examined the documents in the Dreyfus case and has ordered the prosecution of former Colonel Picquart, on the charge of forgery and using forged documents.

A TREE IN HER THROAT.

STRANGE EXPERIENCE OF A PRINCE ED WARD ISLAND WOMAN.

CHARLOTTETOWN, Sept. 20. — Elijah Saunders of Winsloe Road, pulled from her throat a short time ago a small tree six inches long in a growing and healthy state, and upon examination by Dr. S. R. Jenkins was found to be a lemon tree. Mrs. Saunders was not troubled much previous to the finding, with the exception of a tickling in her throat at times. Mrs. Saunders is now enjoying the best of health and is none the worse for her serious experience. The tree is now on exhibition at Mr. John Hughes', Winsloe.

FIVE INQUESTS.

MONTREAL HAS FIVE DEATHS FROM ACCIDENTS IN 24 HOURS.

MONTREAL, Sept. 20.—City Coroner was called on to hold five inquests to-day on the bodies of victims who met death in various forms last night and this morning: Nap Courturier was killed by an electric wire, Hugh Jones fell down the hold of his vessel and was killed, Joseph Larallee was maggled by a street car and an unknown man was cut in two this morning in the same way, while a beggar named Desmond was found dead.

DRIVING ACCIDENTS AT BATHURST.

BATHURST, Sept. 20.—A serious runaway accident occurred on the Nepisiquit river bridge about six o'clock this morning. While Mrs. James Eddy was driving to town the horse became unmanageable, the wagon upset, and Mrs. Eddy was thrown out and received serious if not dangerous injuries, being kicked several times by the frightened animal. Mr. A. T. Hinton, who happened to be on the road near by at the time, took Mrs. Eddy to her home, about half a mile distant. The vehicle was badly damaged having come in contact with a telegraph post.

An accident of a similar nature occurred last evening. A horse driven by J. P. Leger, with Mr. Richard, was going down the Station hill at the end of the bridge. The horse shied, upsetting the wagon, throwing both in the river. They were not seriously hurt.

SHOE FACTORY BONUS VOTE.

Fredericton, Sept. 20.—Of the citizens who voted yesterday upon the question of granting a civic bonus of $10,006 to the shoe factory enterprise, 92 per cent voted "yes," and the ratepayers have said as emphatically as the most sanguine could desire that they are willing to tax themselves in order to encourage manufacturing enterprises.
