BANK OF NOVA SCOTIA

(INCORPORATED 1832.)

CAPITAL, - - \$3,000,000
RESERVE FUND, \$5,250,000

Unexcelled facilities for the transaction of all kinds of Banking Business.
Special attention given to the Savings Department and interest credited quarterly on Savings Accounts.
This is the only bank having its head office in Canada that submits its books and statements to Independent Audit.

Newcastle Branch, J. S. Lewis, Manager.

IT IS GRAND

To live in a time of such great opportunities. Some years ago we had difficulty in finding situations for all our graduates. Now it is difficult to keep our students till they graduate, so great is the demand for proficient bookkeepers and stenographers. We have not yet advanced our rates but the great advance in almost everything we have to buy may soon compel an increase. Students can enter at any time. Send for catalogue.

HARCOURT.

Harcourt, Aug. 29.—The marriage of Miss Stella Grace Wilson to John L. Watlen, of Harcourt, is announced to take place in the middle of September.

Miss L. E. J. Ingram has returned from a few days visit to Chipman.

Mr. and Mrs. B. Taylor, of Moncton, are spending to-day in town.

R. Bruce Buckenfield, of the Canadian Bank of Commerce, has been transferred from Middleton to Barrington, (N. S.)

Mr. Douglas Barnes visited his home last week.

Messrs. Tait and Rob Atkinson left for St. Pamphile on Thursday.

Miss Margaret Cameron has returned from Chatham.

Miss Susie Atkinson has gone back to her school at Coburn, York Co.

Miss Maud Warren who was visiting her home, has returned to St. John.

On Thursday grand picnic and dance were held by the ladies of Bass River in their Public Hall. The day was perfect, and attendance was large, many coming from Harcourt and Rexton and all in-

termediate points. The receipts were about \$150.00, which netted over \$126.00.

On Wednesday, September 4th, the Catholics of Bass River intend holding a picnic and dance in the Public Hall, picnic to commence at one o'clock and dancing to continue all night. Tea will be served on the grounds and refreshments will be for sale in the Public Hall. If Wednesday should not be fine it will be held the next fine day.

To-day the erection of the new fence around the Bass River cemetery was started.

A WAY TO BETTER BREAD.

Good housekeepers, it is said, are known by the bread and pastry they provide for their homes. When we come to think of it, is there and one thing in which a housekeeper should excel—in which she should take more pride—than in her snowy, delicious, wholesome home-made bread?

Any woman can make white, light, nourishing bread. One of the commonest causes of failure in the baking is the use of poor flour. Flour, made of Ontario fall wheat alone, though nutritious and faultless as to flavor, is not strong enough. Manitoba wheat, on the other hand, is deficient in fine flavor and delicacy, although full of strength.

A blend of the two has been found to give wonderful results. This does not mean that you can mix them at home—it is difficult to do that except with the finest

EDITOR'S MAIL.

(The opinions expressed in this column are not necessarily those of the editor.)
THE INDIANTOWN QUARRY.
The Editor Union Advocate.

Dear Sir,
I wish to say a few words in reference to this Quarry, which might more properly be called a Man Trap. I am not after blood-money or anything like that, but I think it is time something was said in reference to the management of this concern.

From the first it was always unsatisfactory, the men's pay being kept back from three to six months, and many persons said that somebody would be killed there. People about the place took their boys away from the Quarry lest they should be killed, and many if not most of the men were afraid to work there, lest they should be killed. Besides, the men complained of poor lodging and all that.

The accident in which my boy, Herman, and two others were killed was, as the Jury well said, the result of criminal carelessness, for which the Company should be made to pay dearly if they were worth anything. Another accident has happened since and no one knows how long this is to go on, unless the authorities interfere.

For my part nothing can repay me for the loss of my boy, and I hereby beg to thank most sincerely all those who turned out to show their sympathy, from all parts of the county where he was known and respected. I have lived in this country a long time and everyone who knows me will believe me when I say that I always tried to treat everyone fairly.

But this blow has fallen so heavily on us all that I feel there are no words in the language sufficiently strong to condemn the cruel carelessness that led to that accident.

Yours very truly,
JOHN O'BRIEN.

Minard's Lament for 'sale everywhere.

MOOSE CAUSING CONSIDERABLE DAMAGE

One Farmer Has Had a Four Acre Field of Oats Eaten Off By Them Lately

Moose have been doing considerable damage of late. One recent complaint was from James Savage of Lower Newcastle, who saved a field of four acres in extent with oats. The land lies about a mile away from any settlement and Mr. Savage says that the grain has never grown above six inches in height as the moose feed there, coming in small herds and even lying down at last in order to crop close to the ground. Adjoining his field is one belonging to Gordon Brown, and here in a twelve acre field of crops the moose have wrought the same havoc.

"What can we do?" demanded Mr. Savage. "We can build fences to keep out the moose, we dare not shoot them, or John Robinson will come down on us with fire, and if we haven't money then it is the lock up for us. They are destroying a big lot of property and we can do nothing."

Mr. Savage has others with him in this matter. One Napan farmer not only had part of his crops destroyed but a moose got tangled up with his hay rake, and when he came out the rake wasn't worth hauling in to the barn.

and most delicate machinery. Most of the best millers are blending the rich Ontario fall wheat with the flinty Manitoba wheat, thus bringing out all the good qualities of both.

With this Ontario Blended Flour you will have no trouble in making light, white bread—bread with that peculiarly sweet, wholesome taste which one naturally associates with home-made bread.

GREAT QUEBEC BRIDGE FALLS.

Without Any Warning the Southern Extension Collapses Into the River.

SCORES DROWNED.

Many Crushed to Death by Falling Girders, And Only a Few Rescued

Quebec, Aug. 29.—The great Quebec bridge collapsed this afternoon, and now the vast mass of steel work lies a tangled wreck across the St. Lawrence channel, while so far as can be estimated 84 men have lost their lives in the disaster.

The bridge fell exactly twenty-three minutes to six this evening, just as many of the workmen were preparing to leave. It was, however, so horribly effective in wiping out the lives of the men employed on it that very little is known as to how it happened, and those who are left are so completely numbed by the horror of the situation that they can do little to aid the situation.

It was the southern extension of the bridge which collapsed, and this was rapidly nearing the zenith of the immense steel arch which was to span the river. For 800 feet from the shore the massive steel structure reared an arch, with no support but the piers from the shore and one pier erected in the river about 200 feet from the shore while the outward extremity was 180 feet above the water.

Suddenly those on the northern shore saw the end of the hall arch bend down a little, and a moment later the whole enormous fabric began to break down, slowly at first, then with a terrific crash, which was plainly heard in Quebec and which shook the whole country-side so much that the inhabitants rushed out of their houses, thinking an earthquake had happened.

There were about ninety-two men at work on this part of the bridge, and only eight have so far been taken out alive. The bodies rescued so far are in a terrible state, crushed and broken until they can scarcely be recognized. Only one man was taken from the bridge alive, and he was so frightfully injured that he died a few minutes after being taken to his home.

Work was going on as usual, the men being employed in placing the immense girders in position. At this work a track had been laid on the bridge and an engine with freight cars and several moving cranes were employed on getting the steel into position.

The engine was seen to start out for the end of the bridge with a load of steel, and as it approached the end, the first premonition of disaster was experienced by the engine driver who felt his engine jerk. He at once shut off steam, but the engine continued to move. The outward side of the structure literally ducked a little, and a moment later collapsed.

This much has been gathered from the engineer who by some marvellous chance escaped the general destruction. He fell with his engine, as the bridge gave way, but is not able to say how he escaped. He was picked up later by a boat, and became unconscious, and when he recovered his senses, knew little beyond the fact that he felt the bridge go and knew he was falling. When he returned to consciousness he was on the shore. The rest of his crew were in the river.

It was stated this evening by men working on the bridge that the terrible accident was caused by the anchor pier giving way under the tremendous strain. The property loss is about \$2,000,000.

I have suffered with tetter for thirty years and have tried almost countless remedies with little, if any, relief. Three boxes of Chamberlain's Salve cured me. It was a torture. It breaks out a little sometimes, but nothing to what it used to do.—D. H. BEACH, Midland City, Ala. Chamberlain's Salve is for sale by all druggists.

CASTORIA

For Infants and Children.
The Kind You Have Always Bought
Beware the Signature of J. C. Atterton

MARITIME BAPTIST CONVENTION.

Vote for Technical School And in Favor of Union.

At the Maritime United Baptist Convention in Wolfville, last week, a committee of twelve were appointed to confer with a like committee from the Disciples of Christ with a view to arranging articles of union. The first meeting of the joint committee was set for Tiverton, N. S., during the last three days of the week.

The Convention endorsed the resolution of the Maritime Board of Trade in favor of the founding of a technical school for the Maritime provinces.

Hon. Geo. F. Foster moved in favor of the union of the Baptist bodies of Canada.

It was moved in amendment and carried by a vote of 69 to 68, "That we affirm the principles of an organic union of Canadian Baptists, but defer the consideration for one year."

Rev. N. Hutchison, Truro, was elected president; Rev. J. H. MacDonald, Fredericton, secretary; Dr. H. C. Creed, Fredericton; Editor of the year book. Rev. D. McIntyre, of St. John, is the new secretary for foreign missions.

STATE OF OHIO, CITY OF TOLEDO, 1883

LUCAS COUNTY.
Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

Take Hall's Family Pills for constipation

FISH DIET AND CLEVERNESS

A short time ago The Capital referred to the large number of Miramichi men who have held and now hold high public positions in Fredericton. To emphasize this point, we merely call attention to the remarkable fact that the present Lieut.-Governor of this Province, (Hon. Mr. Tweedie) and his predecessor (Hon. Mr. Snowball) were both Miramichi men. Now, Mr. John F. McKane, (another Miramichi man) is becoming an important political factor. The North Shore is famous for its fisheries, and it is said, that fish is an excellent stimulant for the brain. Perhaps this has something to do with the marvellous success of our North Shore neighbors. —Fredericton Capital.

A GUARANTEED CURE For All Forms of Kidney Disease

We the undersigned Druggists, are fully prepared to give the following guarantee with every 50 cent bottle of Dr. Pettigill's Kidney-Wart Tablets, the only remedy in the world that positively cures all troubles arising from weak or diseased kidneys:—

"Money cheerfully returned if the sufferer is not relieved and improved after use of one bottle. Three to six bottles, according to the nature and extent of the case, guaranteeing permanent cure. No money."—F. R. Dutton, Newcastle, N. E.

AFTER 50 YEARS.

London, Aug. 27.—Marriage with a deceased wife's sister has finally become legalized in Great Britain. The House of Lords last evening having by 98 to 54 votes passed the bill making such marriages legal.

IRON FIND NEAR BATHURST.

Dr. A. G. Young, of the Dominion Geological Department, who was in Londonderry last week, stated in conversation with a gentleman at that place that there is a great body of ore at or near Bathurst, N. B. The doctor further stated that it is a good article, ranging from 35 to 65 per cent. It is situated near to tide waters and near by is a great water power sufficient to run the machinery of an extensive iron manufacturing plant. On top of the above statement comes what perhaps is a more interesting one to many readers of the Sun, namely, to the effect that the Londonderry Iron and Mining Company, Limited, is about to acquire the property mentioned. It is said that a prominent mining official of the company recently visited Bathurst and examined the mine, which has been developed in a small way along prospecting lines.—Truro Sun.

A HEALTHY OLD AGE

OFTEN THE BEST PART OF LIFE
Help for Women Passing Through Change of Life.

Providence has allotted us each at least seventy years in which to fulfill our mission in life, and it is generally our own fault if we die prematurely.

Nervous exhaustion invites disease. This statement is the positive truth. When everything becomes a burden and you cannot walk a few blocks without excessive fatigue, and you break out into perspiration easily, and your face flushes, and you grow excited and shaky at the least provocation and you cannot bear to be crossed in anything, you are in danger; your nerves have given out; you need building up at once! To build up woman's nervous system and during the period of change of life we know of no better medicine than Lydia E. Pinkham's Vegetable Compound. Here is an illustration. Mrs. Mary J. Dabruz, of 129 Main Street, Winnipeg, Manitoba, writes: Dear Mrs. Pinkham—

"Lydia E. Pinkham's Vegetable Compound has been a blessing to me through that delicate period known as the change of life. For six years it disturbed my entire system. I had hot flashes, was extremely nervous, became pale and debilitated, very irregular in the monthly flow, and the blood seemed to be in my head. I had frequent palpitation and throbbing of the heart, in fact, my whole system seemed to be in disorder.

"I received no relief from the suffering incident to this period until I took Lydia E. Pinkham's Vegetable Compound; but I date my relief from the time I took the first bottle. I gradually improved, nature took her course peacefully, and in due time I was a well woman.

"Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, of Lynn, Mass., invites all sick and ailing women to write her for advice. Her great experience is at their service, free of cost.

NOTICE OF SALE.

Notice is hereby given unto all whom it may concern, that there will be sold at PUBLIC AUCTION at the Court House, in the Town of Newcastle, in the County of Northumberland, on MONDAY THE 14th DAY OF OCTOBER NEXT at the hour of three o'clock in the afternoon, all the right, title and interest both at law and in equity, of William E. McEvoy in the following described lands and premises:

All and singular that certain lot or parcel of land, and premises, situate, lying and being in the Town of Newcastle, in the County and Province aforesaid, bounded and described as follows; to-wit: Southerly or in front by Mitchell Street, Northerly by the Estate of the late Allan A. Davidson, Easterly by land now occupied by Joseph Major, and on the Western side by the upper half of said lot of land deeded by W. E. McEvoy to Heber Sproule by Indenture dated the 24th day of June, A. D., 1904, being the same lands and premises deeded to said W. E. McEvoy by Deed of Partition registered in Volume 79, Northumberland county records on page 636; together with all the buildings and improvements thereon, the same having been seized and to be sold under and by virtue of executions to be issued out of the Northumberland County Court against the said William E. McEvoy.

Dated the 6th day of August A. D. 1907.

JOHN O'BRIEN,
Sheriff of Northumberland Co.

No. 45—2ms.

SAYS THIS IS BEST

A leading health journal in answering the question, "What is the best prescription to clean and purify the blood?" prints in a recent issue the following:

Fluid Extract Dandelion one ounce;
Compound Salsolone, one ounce;
Compound Syrup Sarsaparilla, four ounces.

Shake well and use in teaspoonful doses after each meal and at bedtime. A well-known physician states that these are harmless vegetable ingredients, which can be obtained from any good prescription pharmacy. This mixture will clean the blood of all impurities. In just a few days the skin begins to clear of sores, boils and pimples. It puts vigor and energy into run-down debilitated men and women. For many years Sarsaparilla alone has been considered a good blood medicine. But while it built up and made new blood, the impurities remained within and the good accomplished was only temporary. Sarsaparilla, however, when used in combination with Compound Salsolone and Extract Dandelion, works wonders. This combination puts the kidneys to work to filter and sift out the waste matter, uric acid, and other impurities that cause disease. It makes new blood and relieves rheumatism and lame back and bladder troubles.
