FACTORY OF J. & D. A. HARQUAIL CAMPBELLTON, N. B.

When you think of building or improving your home please bear in mind that we have one of the Largest and Best Equipped Planing Mills, Drying Kilns and General Woodworking Establishments in the Maritime Provinces; this, with our advantages of handling large quantities of lumber at little expense, places us so as to compete with any. Special attention given to kiln drying.

THE QUALITY OF OUR WORK CANNOT BE EXCELLED

Eternal Vigilance is the price of Success
Our first year's experience in the wood-working business has taught us that there are 3 Things Necessary to Success

The Man Machinery Material

1st the Man, having secured the services of M. Lavalles foreman, a gentleman who has had 20 years experience having charge of some of the largest manufacturing establishments in the Western States and in Montreal, and who thoroughly understands his business, we are now prepared to give estimates on all material used for building purposes, cabinet work as well, and will guarantee satisfaction.
2nd the Machinery, during the past year we have added a number of new machines to our already large variety, and we contemplate adding other machines this year which will make our factory the best equipped in the Maritime Provinces.
3rd the Material, having our own long lumber and shingle mill, we manufacture direct from the tree every part both the rough and finished wood-work of a house from the foundation to the saddle board.

We also keep on hand a full supply of hardware and nails, brick, lime, etc., for building purposes. A car of lime just arrived, will be pleased to furnish quotations on anything in our line.

Boat For Bay Chaleur Service Described

Admiral to run for May

Ottawa April 23.—The North American Transportation Co. (Connollys) who have received the contract of the Baie des Chaleurs Steamer Service after the local company had given up, being unable to secure a boat, have asked the Department of Trade and Commerce to put on the steamer Admiral again during May until they can get out from England a steamer they intend purchasing there. The Department give the following description of the new steamer called "The Britannia." She is of steel, paddle wheels, built at Glasgow, two funnels, 231 ft long (60 ft larger than the Admiral) 27-23 ft breadth, 605 tons gross tonnage, 268 tons net tonnage drawing 7 ft 9 in. light, speed 16 miles per hour with first class passenger accommodation of 219, proportionate stowage and suitable for freight as well. The first order in Council giving the contract to the local company has been rescinded at their request and another order passed awarding the contract as stated above. Mr. Connolly is negotiating with Sir Richard Cartwright who promises that he will see to it that a good service is given. If the Britannia is accepted a crew will have to be sent over for her. Tenders are being called for Port Daniel Wharf Extension. Tenders will be received up to May 16th. Tenders will be shortly called for New Richmond Wharf.

Newport Point

Mr. A. C. Bourget left here on Tuesday to go to Barachois to do work of surveying formerly begun. He has surveyed the Lake of Seven Islands and intends taking his departure from Barachois to his home in Louzon after the work is completed, but will return again in the summer in order to survey the 2nd, 3rd and 4th range in New-

port which folks have obtained thanks to the influence of Hon R. LeMieux, Sol. Gen., and his good Newport friends especially Mr. Jos Menier who gave himself much trouble so as to obtain this work. We offer our sincere thanks and congratulations justly to our popular member and secondly to his popular friends.

A large concourse of people were at the Roman Catholic Church Monday morning to witness the marriage of Miss Delina Grenier to Mr. Jos Albert. The ceremony was performed by our worthy priest Rev. Father St. Lawrence. The bride was given away by her father Mr. Adam Grenier; she was prettily dressed in a neat gown of shaded blue with picture hat to match. The gathering of friends at her home was very much in keeping with the general popularity of the couple. She received a large share of costly and useful presents.

The marriage of Miss Adeline Beauchamp teacher and one of our most popular young ladies to Mr. Raymond Cronier took place the same morning. Miss Roy acted as bridesmaid while Mr. J. Cronier did the honours of supporting the groom. The bride was the recipient of many handsome presents among them being a costly dinner-set.

The last couple married on Monday morning, but not the least, were Miss Mary Grenier of Duck Cove to Mr. Mike Cyr (dit Musicien). After the ceremony all repaired to the home of the bride where a sumptuous repast was partaken of, after which they proceeded to the home of the groom where a great reception was given to the numerous guests. Among the intimate friends present from the west were Mr. Gabel Miles and Miss Miles, Messrs McGrath, Furlotte and McRae.

An ordinary pill

Is liable to cause gripping pains, but but Dr. Hinton's Pills of Mandarins and Bismuth never gripe or cause any pain whatsoever. The mildest and effective physic. Sure cure for headache and biliousness. Use only Hamilton's Pills. Price 25c.

New Richmond

As we have noticed no notes from this little village for some time I thought I would write a few.

Spring is coming on and the roads are getting very bad.

We are pleased to see Miss Jennie Harvey among us: again she has been spending her winter in Portland Me.

We are pleased to hear Mr. Edgar McRae has purchased a beautiful house and lot in St Jules the late residence of Mr. Stephen Best. The house is beautifully situated near the Cascapedia River and is quite near the new cheese factory. Wedding bells in the near future.

A very pleasant evening was spent at Mr. W. Pidgeon's home on Apr. 7th in honour of Miss Ida and Alice Miller of Port Daniel who is visiting Miss Emma McKenzie.

The governor spent a few days

Ayer's

If your blood is thin and impure, you are miserable all the time. It is pure, rich blood that invigorates, strengthens, refreshes. You certainly know

Sarsaparilla

the medicine that brings good health to the home, the only medicine tested and tried for 60 years. A doctor's medicine.

"I owe my life, without doubt, to Ayer's Sarsaparilla. It is the most wonderful medicine in the world for nervousness. My cure is permanent, and I cannot thank you enough."

Mrs. DELIA McWILLIAMS, Newark, N. J.

for

Poor Health

Laxative doses of Ayer's Pills each night greatly aid the Sarsaparilla.

McKenzie & Flett

A GREAT BARGAIN
FOR MONDAY.-----

A CLOTH SKIRT
AND SHIRT WAIST for \$1.14

ON MONDAY, MAY 2nd, we will place on sale 50 Skirts and 100 Good Quality Cotton Shirt Waists at the unheard-of price \$1.14.

THE SKIRTS are made of a fairly good quality melton, well made and finished. We bought them to sell as a leader at \$1.00, but we have decided to offer them on Monday at 75c. This don't begin to cover the cost of making to say nothing of the material

THE SHIRT WAISTS were bought before the great advance in Cottons and are the same quality and make as we have always sold at 50c

If you want to participate in this Greatest of all Bargains, be on hand Early Monday Morning

PHYSICAL CULTURE and
ELOCUTION CLASSES...

Miss M. Florence Rogers,
Graduate of Emerson College of Oratory, Boston, Mass.,

will open classes in Physical Culture and Elocution at Campbellton ABOUT MAY 1st.

The Emerson system of Physical Culture aims at the highest condition of health in the body. If a student practices faithfully, in a reasonable length of time valuable results will appear in his person; for increasing health will continue to reward his perseverance. The exercises will eventually overcome Stoop in Neck and Shoulder, Forward Carriage of the Head, Curvature of Spine, Misplacement of the Vital Organs, Incorrect Breathing, Frigidity in Walking Which so Exhausts the Back and Stomach, Imperfect Circulation.

Special Attention Given to the Development of Narrow and Contracted Chests

Try One of Our Suits For that Boy

who is hard on his clothes: There's no satisfaction in putting a poor suit on a boy, a suit you fear won't stand the strain.

The foundation of a sturdy suit is the cloth, for if it isn't right the tailoring is wasted.

We have **BOYS' SUITS** in Single and Double Breasted, Two and Three Piece Styles.

PRICES RANGE FROM \$2.50, \$2.75, \$3.00, \$3.50, \$4.00, \$4.50, \$5.00, \$5.50, \$6.00, \$6.50 UP TO \$8.00

These suits are made from selected fabrics—

MADE TO STAND ABUSE

still they are stylish and handsome. We take great pleasure in showing the new spring styles to mothers.
