Railway News

Irish newspapers follow up the careers of Irishmen who leave the Green Isle. The Irish Independent had the following item a few days ago:

Sir Herbert Samuel Holt, of Montreal, whose eldest son, Capt. H. P. Holt, M.C., is to marry Aileen Elizabeth, elder daughter of Mr. and Mrs. G. L. Cairns, of Montreal, is a man of considerable standing in Canadian commercial circles. He is a banker and railway engineer, and, besides being President of the Royal Bank of Canada, is a director of the C.P.R.

He is an Irishman, being born in the Co. Kildare in 1856, the son of the late Mr. Gratton Holt. Capt. Holt was in the 3rd Dragoon Guards.

J. M. Gilmour, chief clerk in the C.P.R. general offices at Lethbridge, has been transferred to the same position in the superintendent's office at Medicine Hat. J. H. Fairley, chief clerk at Edmonton, will succeed Mr. Gilmour at Lethbridge. The former is being replaced in Edmonton by S. C. Connelly of Medicine Hat. J. M. Gilmour was the first chief clerk in the Lethbridge division, having been placed here to open the office August 1, 1914.

He has been with Supt. C. D. MacKintosh since that date. He has always taken a keen interest in the activities of the C.P.R. Social and Athletic club.

No man in Canada has the reputation of equalling Geo. H. Ham, of the Canadian Pacific Railway Co., as a raconteur and a wit. Sir Thos. White once called him "a great national asset."

Mr. Ham added that he was glad that Sir Thos. had fortunately not forgotten the "et." Even in the hospital undergoing an operation for appendicitis, Mr. Ham sustained his reputation, as his best story, probably, will show.

When he lost consciousness, he says, his last thought was "This is eternity."

"When I recovered from the effects of the opiate, I found myself in a darkened room, and wondered where I was and what it was all about. The kindly-natured nurse quickly discovered that my consciousness had returned, and came to my bedside, and then I remembered everything. 'But why this dark room? It was early morning when they operated on me, but now it can't be night.'

"No, it isn't," she seriously responded, 'but we were afraid of the shock you might get.'

"Why, what shock?"

"Well, there was a big fire just across the street, and we were afraid if you awoke, and saw the flames, you might think that the operation hadn't been successful."

"That shows you what it is to have a reputation."

The Commercial Cable Company and C.P.R. Telegraphs have taken over the Postal Telegraph Service in Newfoundland and are now handling all business over the Newfoundland government's cables and land lines.

Whatever the volume of the coal and grain business this fall, the Canadian Pacific would be in position to handle it. This was the assurance given by Grant Hall, vice-president of the company, at Calgary. Mr. Hall is on his annual tour. He is in a most hopeful frame of mind regarding the crop situation in the three western provinces. Present prospects, he stated, were that there would be a fair average crop.

"No, I do not anticipate any complications arising on this side owing to the strike among United States shippers," he remarked in reply to a question. "There is no occasion to think this at the present time," he added.

Assistant Superintendent W. M. Neal of the C.P.R., who is leaving Toronto, to become general superintendent of Algoma district with headquarters at North Bay, and H. J. Humphrey, superintendent of the Trenton division of the C.P.R., who is to succeed Mr. Neal, were entertained to dinner by C.P.R. officials at Toronto recently. Mr. Neal was presented with silver candlesticks and Mr. Humphrey with an umbrella.

A meeting of a committee of citizens named to consider the building of a Seamen's Institute at Quebec, on the site in the harbor secured from the Government, was held recently at the Royal Bank building.

Mr. J. T. Ross presided over the assembly, and a letter was read from Commander Elliot of the Canadian Pacific Steamships, stating that he was authorized by Mr. George M. Bosworth, on behalf of the E. W. Beatty, president of the C.P.R., to say that the latter company would subscribe \$5,000 towards the building, provided that the remainder of the amount required for the purpose is obtained from other sources.

The plans call for an expenditure of from \$25,000 to \$30,000.

It was decided to accept this offer with gratitude, and preliminary discussion took place as to ways and means of collecting the balance of the amount.

TRIBUTE TO DEAD

German Writes of American Cemetery in France.

Spot Where More Than 21,400 of the Bravest of Our Land Are Buried, Is Field of White.

Paul Block, Paris correspondent of the Berliner Tageblatt, was recently a sympathetic observer of the destruction wrought by his countrymen in northern France, and sent to his paper a detailed report of his trip through the devastated region. Of a certain point in his journey he writes: The guide relates in a matter-of-fact way that of the 131 villages which he covers in his trip some eighty have been utterly destroyed. This part of the journey, from Clermont-en-Argonne to Boureuilles, has all been wrecked by the war, but the worst came after we reached Varennes. From there to Verdun it is a desert—over which the horsemen of the Apocalypse have swept.

At only one point is there any evidence of restoration, and this has become one of the sights of the region. I mean the American cemetery at Romagne below Montfaucon. Whenever the Americans take anything up they do it in a wholesale way. Although we had come solely to see ruins, we could not pass this cemetery without a visit. It is the only one of its kind.

On a gently rising hill purchased outright for this purpose are buried the 21,400 Americans, who fell during the fighting around Montfaucon. Some kilometers before we reached this point we noted little white signboards along the road directing us to this gigantic graveyard; for many of the relatives of the fallen cross the sea in order to visit the last resting place of those dear to them.

But when you come within half a mile of the point you need no further guidance. An apparently limitless field of white suddenly greets the vision in the distance. This is the effect of the 21,400 tombstones of equal size shining in the sunlight. There are crosses for protestants and Catholics, and stars for Jews, ranged closely side by side, at the heads of 21,400 uniform, well-kept graves. They all lie there, the officers in the middle. A great star of foliage plants separates the world of the dead from the world of the living. High above the graves flutters the Stars and Stripes. Sad, indeed, as is the thought that a whole army of vigorous young boys here slumber in death, this cemetery has nothing gloomy about it. It is a bright and cheerful burial place.

And the army of the dead has its commander. An American officer and his staff reside in the group of tidy houses opposite the entrance, to guard the resting place of their dead countrymen. One of them came forward and greeted us, a cheerful, young man with a wholesome ruddy countenance. What had induced him to exile himself here in this solitude? High pay? A sense of duty? Love for France? The last suggestion is not very plausible, for he does not know a single word of French. In any case, his nerves must be sound, else he could not live here day after day, hour after hour, guarding these 21,400 graves, without going mad.

Canada's natural wealth equals \$1,500 per capita.

Canada has five women members of Provincial Legislatures, viz.: Mrs. B. Smith, N. B.; Mrs. C. McKeown, Alta.; Miss R. G. McAdams, Alta.; Mrs. Rodgers, Man.; Mrs. Nellie McClung, Alta.
