### QUALITY

in the flour means quality in the bread and the pastry you bake. Without quality behind your efforts, no knowledge or skill can bring good results. Better be without the skill than without the quality.  
**"BEAVER" FLOUR**  
 is the highest development of blended wheats, embracing the rich health-giving properties of Manitoba Spring wheat and the carbohydrates of Ontario Fall wheat, which make delicate, white, light bread and pastry.  
 Remember, it is for bread and pastry, both. With BEAVER FLOUR in the house, you only need one kind to attain the best results in every form of baking.  
 BEAVER FLOUR means economy as well as efficiency. Ask your grocer for it to-day.
