

Certainly Ends Stomach Misery.

Indigestion, Gas, Heartburn, or Dyspepsia go in five minutes.

You can eat anything your stomach craves without fear of indigestion or dyspepsia, or that your food will ferment or sour on your stomach, if you will take a little Diapensin occasionally.

Your meals will taste good, and anything you eat will be digested; nothing can ferment or turn into acid or poison on stomach gas, which causes belching, dizziness, a feeling of fullness (like a lump of lead in stomach), biliousness, heartburn, water brash, pain in stomach and intestines or other symptoms.

Headaches from the stomach are absolutely unknown where this effective remedy is used. Diapensin really does all the work of a healthy stomach. It digests your meals when your stomach can't. A single dose will digest all the food you eat and leave nothing to ferment or sour and upset the stomach.

Get a large 50-cent case of Pape's Diapensin from your druggist and start taking now, and in a little while you will actually brag about your healthy, strong stomach, for you then can eat anything and everything you want without the slightest discomfort or misery, and every particle of impurity and gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance.

Should you at this moment be suffering from indigestion or any stomach disorder, you can get relief within five minutes.

City Council Meeting.

The City Council held a special meeting yesterday, during which a conference was held with the Premier about proposed amendment of certain clauses in the Municipal Act. The Council will deal with the licensing of cabmen, taxing of motor cars and licensing of chauffeurs. It is likely that an amendment will be made in the Rebuilding Act as it applies to the erection of sheds along the waterfront. A tax will be levied on motor cycles and automobiles according to the horsepower. Drivers and chauffeurs will have to prove themselves capable before being granted a license by the City Council. A standard scale of charges will be laid down for the cabmen, to which they will have to conform.

Seamen Delay Vessel.

Almost every vessel sailing for foreign ports of late have been delayed by seamen who go ashore and fail to return until sought for, and this causes annoyance and loss often. Yesterday the schooner Jean was delayed owing to this and Capt. Kennedy had to make a search for the missing seamen who were all found after some hours in the search except one. He could not be discovered, another man was shipped in his place, and the vessel sailed during the afternoon.

Putting in the Time.

The passengers going west, who were delayed at Port aux Basques since the 11th of February, passed the time very pleasantly considering the circumstances. They had a programme of sports arranged for day in the open air and in the nights concerts were given on the train. Two sleeping cars were at their service all the time, and the R. N. Co. did everything possible to make the passengers comfortable.

BACK FROM BOTWOOD. — Capt. Kean, Jordan Milley and J. C. Puddister, who had been attending the L. O. A. meeting at Botwood, returned last night.

Toronto Newfoundlanders Denounce Reciprocity.

Special to Evening Telegram.

TORONTO, This Morning. A meeting of the Newfoundland Society, held last night, Mr. A. B. Morine presiding, passed a resolution condemning the Reciprocity Agreement as tending to injure the Empire and the Dominion.

WINNIPEG, This Morning. The Manitoba Legislature passed a resolution against Reciprocity and advocated in its place Imperial Preference and the free extension of trade within the Empire.

Panama Canal Fortifications.

Special Evening Telegram.

BERLIN, This Morning. Col. Gaedke, the German military critic, discusses from a military point of view the fortifications of the Panama Canal. He declares that the military position of the Pacific is unsatisfactory owing to the lack of warships, which are practically concentrated in the Atlantic. The Philippines would fall a prey to Japan in a few weeks, and Pearl Harbor, Kawai, would be easily captured. Gaedke concludes that the United States should fortify both ends of the Canal.

Newsy Notes from Jackson's Arm

Dear Mr. Editor.—Would you kindly give me space in your valuable paper to insert a few lines about the affairs of this part of St. Barbe District. Truly, we live in darkness and can't see light until while the s.s. Prospero is running. We thank Capt. Kean for his good help towards us this winter by bringing the Prospero over the frozen ocean to Jackson's Arm and delivering all the freight, especially the provisions, which may be needed badly before we see a coast-steam again in May next. Capt. Kean deserves great praise for getting the ship to us so late in the season.

Seals have been very scarce all the winter, only about 60 having been killed in this neighborhood. The weather has been very severe. Fur has been very plentiful so far this winter. Seven foxes have been captured.

We have not made much progress on our new church. The ladies are getting up a fancy sale of work in aid of the church. They intend to have it on Easter Monday night and are already busy in making preparations.

Mr. James Adams is very busy getting out his big lumber cut for the Covey Arm Lumber Co. Mr. K. Lush is also very busy in the lumber business and expects to make a good cut for the mill during the coming summer.

A little boy, Charles, son of Thomas Pafford, of North Arm, Conception Bay, died in January.

We are very weary waiting for our "popular" Government to extend the telegraph wires to this part of St. Barbe District. We think that we have waited long enough now and with great patience. We hope to see work started early in the coming spring. Yours truly, B. S. A.

Gould's Son-in-Law Gets a Job.

A. J. Drexel Starts in as Messenger in Brokerage Business.

New York, Feb. 9.—In order to learn the brokerage business from the ground up, Anthony J. Drexel, Jr., son of Anthony J. Drexel, the Philadelphia banker, and a son-in-law of George J. Gould, has gone to work as a messenger for a leading Stock Exchange firm. It is young Drexel's first job and he seems to like it immensely, although he admits that the weather is not very pleasant for running around. A messenger for a big brokerage house has a lot of running to do, too, and no effort is made to spare Mr. Drexel. He reports for work at 9.30 o'clock in the morning and from that hour until about 4.30 o'clock in the afternoon, with the exception of a short interval for luncheon, he is kept as busy as any other \$7 or \$8 messenger boy, in the street, performing the various duties of his job.

Spaniard Ready to Sail

The big Spanish barque Gaudelherci will sail for Spain to-morrow if the weather serves, taking 5,000 qtls. fish shipped by Don Manuel Cabellas. The ship during her stay here, which has been all winter, received new sails, had her rigging repaired and her hull and decks were also given considerable attention. Besides the Spaniards on board the vessel five men—natives of Carbonar—will be shipped to-day to take her over to Cadiz. As already stated in the Telegram this vessel will ply in future in the Newfoundland trade, and will leave Spain to come here for a fish cargo next summer.

Brigade Hockey.

Last night in the C. C. C. Armoury the inter-company basket ball match for the championship and cup, was played between the St. Patrick's Hall team and the Regulars before a large number of spectators. The game right through was a very fast one, and after good play the St. Patrick's won by 9 points to 8. They are now champions and winners of the inter-company basket ball cup, and also winners of the hockey cup. They played right through and were not beaten once. Their line-up during the game was: Basket Ball—J. Walsh, Captain; C. Forristal, P. Whelan, B. Hart, T. Gladney. Hockey—J. Walsh, A. Doyle, J. Conway, T. Gladney, C. Forristal and A. Joy.

Express Arrived.

The Bruce express arrived here at 9.45 last night bringing 167 bags and 4 hampers of foreign mail and 40 bags of local. A snow plow and two engines headed the train from Port aux Basques to Brigus Junction. The weather was very cold crossing the country and there is snow to a depth of about six feet west of the Topsails. Conductor Pusbie, who brought in the train, says that the road has been cleared by the excellent work of the snow plows.

TRAIN NOTES.

The local for Carbonar went out at 8.45 this morning taking 12 of the Knights of Columbus and about 20 others.

The west bound express left St. John's at 9 a.m. to-day with the blizzard ahead.

The local from Carbonar was delayed by snow on the track and did not arrive here till 2 p.m. to-day.

NO PRACTICE.—There will be no practice for George St. Choir to-night owing to the storm.—Feb. 21, 11.

The Dorothy Duff arrived here from Carbonar this morning and will take a load of fish for Bishop and Barr to Pernambuco.

Over 100 per cent. of LaGrippe was cured last week by using Stafford's Liniment, at 10c. per bottle.—Feb. 20, 11.

POSTPONED.—The Congregational Endeavour Society's Social has been postponed until to-morrow, Wednesday, evening, at 7.30. M. E. WHITELEY, Sec.—Feb. 21, 11.

Mr. A. Drummond, formerly of the Bank of Montreal, in this city, has an excellent position at the headquarters of the Bank at Montreal. Andy's many friends in St. John's will be glad to hear of his promotion, for he was very popular while residing here.

Magistrate McDonald, his wife and children arrived in town by the express last evening from St. George's. They came to attend the ceremony of the taking of the white veil and making the final vows of Miss McDonald, their daughter, who is at the Convent Torbay.

Mr. Frederick Hiscock, son of Mr. Arthur Hiscock, who was in the Bank of Montreal, at Bay of Islands, as manager, and who left here during the New Year for Montreal, has been appointed to a permanent position in the Bank at Montreal. This goes to prove that Newfoundlanders are capable of taking the very best situations when they receive fair treatment.

JAMES STOTT.

Infantile Paralysis.

Disease Declared to Have Originated in Scandinavia.

New York, Feb. 10.—The Tribune says: "As Havana harbor was made clean of the yellow fever for the protection of the world, so Scandinavia as the source of infantile paralysis must be freed from that disease for the safety of other countries, according to Dr. Jaechyn Manning, of Philadelphia, Wis., who is in New York for a series of lectures before the American Academy of Medicine."

"All our infantile paralysis appears to have come from Scandinavia," said Dr. Manning. "There in those little homes where the people, through the long dark winters, live in close, dark quarters in close proximity to their animals, we find much infantile paralysis. Now, there is a sailor in nearly every family there, and naturally they carry the germs to other seaports from where they are carried to land. The true way to meet this disease is to stamp it out of Scandinavia."

8846—LADIES' APRON.

Here is another desirable model for the busy home dressmaker, and its practical points will appeal at once to the woman who likes an apron that will keep in place, look trim and protect her skirts. The apron has a shaped front panel over which the strap portions are stitched; these cross each other in the back where they are fastened to the belt that holds the full gathered skirt portion of the apron. The pattern is cut in 3 sizes—Small, Medium, and Large. It requires 4½ yards of 36 inch material for the Medium size.

A pattern of this illustration mailed to any address on receipt of 10c. in silver or stamps.

WAS IN COLLISION.

When the Damaraland, which arrived to George Neal yesterday, arrived at Bahia, a Brazilian coaster collided with her, striking her on the starboard bow, carrying away the jibboom and fore topmast and damaging the bulwarks and cutwater. The schooner was docked and given repairs before leaving.

Kidney Suffering

Backaches and tired feelings tell of weak kidney action—Prompt relief by using DR. A. W. CHASE'S KIDNEY AND LIVER PILLS. There is no treatment for kidney disease which will afford you relief so quickly as Dr. A. W. Chase's Kidney and Liver Pills, and none which will so certainly cure the most complicated forms of this disease. There is a reason for this. Dr. A. W. Chase's Kidney and Liver Pills awaken the action of the liver and bowels as well as the kidneys and thereby effect a thorough cleansing and regulating of the excretory system. Mr. S. J. Argue, Kars, Caledon, Co. Ont., writes:—"I have suffered a great deal with kidney troubles and pains in the small of the back and have tried a good many remedies without obtaining very much benefit. I wish to say, however, that I can heartily recommend Dr. Chase's Kidney-Liver Pills as a splendid medicine as they have proven of very great value to me. Liver Pills, Dr. Chase's Kidney and Liver Pills, one pill a dose, 25 cents a box, at all dealers, or Edmans, Bates & Co., Toronto. Refuse substitutes."

The EVENING TELEGRAM.

The advertiser who puts his Advs. in the EVENING TELEGRAM never complains of results. It is read and believed by the people who buy goods. That is one reason why the TELEGRAM'S advertising columns

Carry More Advertising Than Any Other Newspaper in Newfoundland.

That fact "speaks for itself," and it is not our intention just now to emphasize it further. What we want to do is to bring home to the business men (if there are any who have not availed of our columns in the past) the advantage to be gained through a liberal use of the TELEGRAM, in bringing before the people what they want the public—the great buying public—most to know:

The Kind of Goods They Have To Sell, the Quality of the Goods, Prices, &c.

If that is what the shopkeeper wants the public to learn, the TELEGRAM is the right medium through which it can be conveyed, because—

1st. It has the largest circulation, and

2nd. Consequently it is the most widely-read newspaper in Newfoundland;

3rd. Naturally, then, it must be THE BEST ADVERTISING MEDIUM in Newfoundland;

4th. Therefore, the advertiser has everything to gain, and nothing to lose, by availing of the services of the EVENING TELEGRAM during 1911.
