THE CARE OF THE WARDROBE!

Since, according to Shakespeare, the apparel proclaims the man, the care of the clothing should engage the attention of every man, and still more of every woman. Strangers can only judge by appearances so that any person whose clothes are shabby, soiled or uncared for, will certainly suffer in the estimation of the world. On the other hand, a "well-groomed" smartly dressed man or woman commands respect at once.

If your garments are to look their best, and retain their smart appearance, you must employ the services of a Dry Cleaning establishment.
