AN APPLE TREE IN FRANCE. An apple tree beside the way, Drinking the sunshine day by day, permitting him to act as an instructor Had been a faithful friend to man. Nor asked the traveler's race or name,

When autumn brought the harvest happens. The author represents a badge on the cuff of a private indi-family of brothers and sisters as cates that he is the best marksman in its branches all who wished might erty. Yet they all live together in a house which, as I remember they Jwn, and their combined wages at the work which the author describes must have which the author describes must have louse and leave them all a decent are picked out by the little grands.

of that particular story had always his honours in the form of two cross- Have never done one mortal harm. Then came the Germans into France also, might well fall on the enemy.

A good macaroni pudding can be And found this apple tree by chance. They shared its blossoms in the spring. They rested in the cooling shade And in the fall its fruit they ate,

And then they turned on it in hate. Like beasts, on blood and passion They hewed great gashes in its trunk Beneath its roots, with hell's delight. They placed destruction's dynamite. And blew to death with impish glee A gentle, friendly apple tree. Men may rebuild their homes in time Swiftly cathedral towers may climb And hearts forget their weight of wor As over theal life's currents flow, But this their lasting shame shall be: They put to death an apple tree!

Fish Notes.

(N. Y. Fishing Gazette.) The advancing market on hard salted salmon from Newfoundland and Nova Scotia seems to have been occasioned by Pacific Coast prices. Now i that Halifax salmon is about at the level with that from Alaska, probably the market will strike a balance at the
