War Beneficiaries.

to be-or already-formulated will be situation are not yet satisfied; and in same predicament. support of their opinion they advance the argument that though hostilities between the Allies and the Germans have ceased, there is an undercurrent all well on board. of revenge on the one hand and a No messages received this forenoon Rev. Bro. Ryan, sentiment of resentment on the other, by either Bairds' or Jobs'. either of which, if brought to a head, would present a denial that peace has become definite. "Peace," says a contemporary, "like all other virtues, and desirable states, is more truly a con- Deadman's Island; ship jammed; dition of mind than a physical fact, nothing to report.

acceptance of the Allied armistice of- little progress; few whitecoats to-day. fered to Germany, is the marked beneat which smaller nations and peoples The Telegram have derived from the larger; benefits which they could not have obtained for years to some had not war spread its fury over the surface of the earth, ern civilization. Mesopotamia may be cited as an example. Very few Westerns knew anything of internal conditions there, until its invasion and conquest by the British forces. For centuries this country was under Turkish rule or rather misrule, and the few European travellers and explorers who had been allowed to pass through it, were not always given a passport to carry them whithersoever they wished to go, hence few facts of the miserable lives of an enslaved was Newfoundland's first Premier unpeople were given to the public. The der Responsible Government. The change wrought during the past two portraits, handsome oil paintings, are years is marvellous, and where there was poverty and retrogression, there is now progression and improvement. The Holy Land, the cradle and the goal of Christianity has been released from the bondage of Islam, and modern civilization is already making its impress. Where filth and misery existed, cleanliness and health have come to reign. Modern engineering pure water supplies, while public city.

ed justly and wherever the differences Hon. Sir M. P. Cashin and Lady in life between these people and us exist, conditions are made to suit, turned home from the States yesterwithout, however, detracting from the without, however, detracting from the Premier Lloyd came in by the Kyle

ple which walked in darkness have

seen a great light." Coming to the nearer East many small subject peoples have been delivered out of the hand of the oppressor. Their petitions were sent to the Peace Conference, praying for recog-nition as sovereign states and their claims being just and their right to govern themselves acknowledged, they were granted independence, subject to certain conditions which the Federation of Nations might agree to set down. Czecho-Slovakia, Jugo-Slavia, Poland, long subject to a foreign yoke have been given the right to obecome autonomies, a blessing t obecome autonomies, a blessing which might not have come to them but for the war. Thus the beams of light which arose in the East, appear to be shedding its beneficent rays on all people, and as that light shines, so it directs the way to that state of Congratulatory liberty, which in the true origin of things is the inherent God given right
