No Renewal of Negotiations.

Striking Miners Will Not Consider Overtures--Seamen's Union Not in Accord.

MINERS DECLARE FOR NO FURTHER NEGOTIATIONS.
LONDON, April 13. The miners, according to the Evening News, have decided there can be no renewal of negotiations for a settlement, even if the invitation emanates from the Government or Labor leaders.

A RENEWAL OF NEGOTIATIONS.
LONDON, April 13. Premier Lloyd George has provided the leaders of the Triple Alliance with another opening for renewal of negotiations in the miners' strike, and a general strike of railwaymen and transport workers in support of it, by asking for their grounds of their refusal of the Government's offer, and any influence labor leaders who are outside the orbit of the actual conflict may be able to exert on disputant, seems for the moment, to be the remaining slender thread upon which industrial peace hangs.

Such an attempt at mediation will continue and that there are still two days before the general strike becomes operative, are the only hopeful signs. After the receipt of the announcement of the Triple Alliance that its members would be called from their work Friday night, Premier Lloyd George sent the following reply to the Alliance:

"Dear Mr. Thomas, General Secretary of Railway Union, and Mr. Williams, Secretary of Transport Workers' Federation:

"I am in receipt of your letter. The decision you report is a grave one. You threaten Friday night to dislocate the whole of the transport services of this country so essential to the life of the nation. I should like to know the grounds on which you are determined to inflict such a serious blow on your fellow countrymen. Yours faithfully,

(Signed) LLOYD GEORGE."

The Triple Alliance sat until a late hour to-night and it was decided to send a reply to the Premier's letter on Thursday morning, when the deliberations of the Triple Alliance are resumed. The manifesto issued by the Miners' Federation to-night seems to render any possibility of renewed negotiations hopeless, apart from such yielding on the side of the government, as the miners themselves say they can hardly expect. The government yesterday met the miners half way by agreeing to give such financial assistance as would be necessary to start regulation of wages on national basis. The miners, however, insisted on the acceptance also of the pooling of profits, which the government throughout has declared to be impossible. This irreconcilable attitude is depriving the miners of any support in the press and apparently is tending to alienate the sympathy of a large section of the public, who had been impressed during the course of the dispute with the justice of the miners' claims for greater consideration than the owners had given in their recent wage offers. There is still some question as to whether a strike of all members of the Triple Alliance is possible. According to the constitution of the respective sections of the railways may be called upon to strike without ballot, but the transport workers are required to take a ballot before a strike is called. A manifesto issued late to-night by Senator Borah at the last session, but which failed of action by the Senate. Senator Kellogg said an examination of the documents involved had convinced him that the United States did not investigate the Panama revolution and had a perfect right to recognize Panama and enter into a treaty for the Canal concession. The title of the United States of the Canal, he said, "is good in law and morals, yet after a lapse of twenty years we are asked to make reparations to Colombia for taking Panama."

PREVENT Skin Troubles by Daily Use of Cuticura

Make Cuticura Soap and Ointment your every-day toilet preparations. Bathe with the Soap and hot water on rising and retiring, using plenty of Soap, best applied with the hands. Smear any signs of pimples, redness or roughness with the Ointment and let it remain five minutes before bathing. Finally dust on a few grains of the exquisitely perfumed Cuticura Talcum, it takes the place of other perfumes for the skin.

Prepared by W. L. Chas. & Co., Lowell, Mass. Sold throughout the Dominion. Canadian Depot: London, Ontario, 246 St. Paul St., W. Montreal, Quebec, 100 St. James St. West.

SEAMEN AGAINST STRIKE.
LONDON, April 13. About fifty per cent. of members of the Seamen's and Firemen's Union, a member of the Triple Alliance, which is taking a ballot on the question of striking, have thus far cast their votes and President Havelock Wilson of the Union announced this afternoon that a majority of those who had voted were against a strike. The Cardiff branch of the Union, one of its most important branches, voted two hundred and sixty-six for and five hundred against a strike.

STRIKE SCHEDULED FOR FRIDAY.
LONDON, April 13. Great Britain's Triple Alliance of Labor will call its members from their posts at ten o'clock on Friday night. It was announced here this morning. This decision follows inability of the National Miners' Federation to reach an agreement with the mine owners and the Government, for a settlement of the miners' strike, which began on April 1. The Triple Alliance is made up of the National Miners' Federation, eight hundred thousand, National Union Railwaymen, three hundred thousand, and the Federation of Transport Workers, three hundred thousand. It is estimated that if the strike materializes there will be four million persons idle. The decision to strike was unanimous. J. H. Thomas, Secretary of the Railwaymen, said

this morning. Many other unions have sent applications to join the strike, he said.

ELECTRICIANS TO STRIKE.
LONDON, April 13. It is now feared that other labor organizations may become involved in the controversy between the Government and the Triple Alliance. The Daily Mail declared that the Executive Committee of the Union Electrical Trades' Union resolved last night to support the Triple Alliance. An electricians strike would paralyze street car traffic and public lighting companies. All London newspapers today dwell on the serious injury done the country by the continued uncertainty over the industrial situation. The Daily Telegraph, referring to the confusion of things, says it is a desperate situation and all citizens should be prepared for the worst. The Times and other papers believe that the National Union of Railwaymen and National Federation of Transport Workers are embarrassed by the obstinacy of the miners, but declare no actual split in labor forces has occurred.

COURTING U.S. FAVOUR.
PARIS, April 13. Officials of the League of Nations have received instructions, says the Echo de Paris, to reduce their undertaking in order that "the misunderstanding existing with the United States may not be widened."

PEACE RESOLUTION INTRODUCED.
WASHINGTON, April 13. Senator Knox of Pennsylvania introduced into the Senate to-day his resolution to end a state of war with Germany.

PROCLAIMS MARTIAL LAW.
ATHENS, April 13. With the intention of curbing the newspapers who have been the Government, Parliament has voted a partial application of martial law.

THE COLUMBIAN TREATY.
WASHINGTON, April 13. Launching a fight against the 25 million dollar Colombian treaty, Senator Kellogg, Republican, Minnesota, told the Senate to-day that the ratification of the pact would "place a stain upon the name and fame" of Theodore Roosevelt and would acknowledge that the United States "wronged" Colombia, violating her rights and are now willing to make reparation "therefor." The resolutions are similar to those introduced by Senator Borah at the last session, but which failed of action by the Senate. Senator Kellogg said an examination of the documents involved had convinced him that the United States did not investigate the Panama revolution and had a perfect right to recognize Panama and enter into a treaty for the Canal concession. The title of the United States of the Canal, he said, "is good in law and morals, yet after a lapse of twenty years we are asked to make reparations to Colombia for taking Panama."

DEMAND RELEASE OF STEAMER.
BUENOS AIRES, April 13. A demand was made on the Argentine Government, by Frederick Stimson, United States Ambassador, to-day that the government take immediate steps to release the steamer Marthia Washington from the boycott of the Buenos Aires Port Workers' Union.

U.S. AND MANDATES.
WASHINGTON, April 13. The French Government is understood to have expressed substantial agreement with the United States that she has surrendered none of her rights in former German overseas possessions through failure to sign the Treaty of Versailles in a note to Secretary Hughes. The reply of Great Britain to the Hughes note on mandates is understood to have been a mere acknowledgment.

"REG'LAR FELLERS"
To-night at Canon Wood Hall one hundred members of the Llewellyn Club will sit down to a Flipper Supper. The hour is set at 8 o'clock. The Rev. I. W. Williamson will be present as a guest and will deliver an address on man's work in Canada, United States and England.

It's Wonder That He Ever Survived, States Tremblay

Montreal Man Declares He Was In Bad Shape Before He Got Tanlac But Feels Fine Now.

Day after day one interesting statement after another is being made by Montreal people about Tanlac. Among the latest to come forward and testify to remarkable benefits received from the use of the medicine is Zenon Tremblay who lives at 2041 DeLarocque St. He says:

"I don't believe anybody ever suffered worse from indigestion than I did. I had acute attacks that were so violent I would not get over the suffering they caused for several days. It's a wonder I ever survived. I lost my appetite just through dread of the awful agony I knew would result if I ate what I wanted. My nerves got keyed up to such a high pitch I was restless day and night. I was going down hill fast and not to where I couldn't eat, couldn't sleep and couldn't work to do any good."

"I tried everything I heard of but Tanlac was the only thing that ever helped me. It benefited me in every way, just took hold of me and made me feel like a different man. I am eating, sleeping and working better than I did even before that awful stomach trouble came on. I'm brimful of energy now, and enjoying life as I haven't done for many a day. I had a wonderful medicine and I wish I had the time to go out and tell everybody who has stomach trouble to try it once and get Tanlac, the greatest medicine ever made."

Naval Prize Money.

Editor Evening Telegram.

Dear Sir.—Please allow me space to reply to a letter which appeared in this morning's News under the heading "Naval Men's Money" and signed ex-Reservist. I wish to inform that gentleman that he is in error when he says that the Naval Prize Money has been taken over by the Nid. Government, for I can assure him that no prize money has yet been handed over to the Newfoundland Government. I also wish to inform ex-Reservist that some time ago a committee was appointed to look into the matter of Naval Prize Money and that the said committee is taking the proper procedure. I have no doubt that in due course we shall be paid the Prize Money. Now, Mr. Reservist, I am under the impression that letters such as yours, appearing in the public press, will not benefit us any. You see your letter is more of a demand than a request, and I think a request would receive more consideration by the Government. Of course if our request does not receive the proper consideration, then it is up to us to demand. Demand as a body, not as one man, but really I don't think that will be necessary. Thanking you for space, Sir, I am, Yours truly,

JOHN RODGERS,
ex-Skipper R.N.R.

April 12, 1921.

NEW LAMP BURNS 94 PER CENT. AIR. Beats Electric or Gas.

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas, or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal-oil).

The inventor T. W. Johnson, 246 Craig St. West, Montreal, is offering to send a lamp on 10 days' FREE trial or even to give one FREE to the first user in each locality who will help him introduce it. Write him to-day for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

Flipper Supper.
To-night at Canon Wood Hall one hundred members of the Llewellyn Club will sit down to a Flipper Supper. The hour is set at 8 o'clock. The Rev. I. W. Williamson will be present as a guest and will deliver an address on man's work in Canada, United States and England.

Where the Money Goes.

In answer to Capt. Lewis' question on Order Paper, dated April 13, 1921, the Minister of Marine and Fisheries stated that "no person has been appointed in succession to Mr. J. R. Goodison, but it is the intention of the Department to make recommendation that this position be cancelled and that two practical men be appointed to perform the duties of Inspector while engaged in visiting the Lighthouses and Fog Alarms, one to act North, the other West. In this way greater service can be obtained for the better management of the Lighthouse Service. The Secretary, Mr. Rogerson, will take over the clerical work formerly performed by the Inspector without additional salary."

THE EDUCATIONAL FRILLS.

The following information regarding the Nova Scotia Salary of each, has been elicited by a question asked by Mr. J. R. MacDonald, Member for St. George's:—

(A) The Department of Education is permanently settled in the Mihtis Building.

(B) Names of Officials—Vincent P. Burke, Deputy Minister, salary \$3,500; Thomas P. Butt, Accountant, salary, \$1,700; Olive Edgar, Typist and stenographer, salary \$720; Thomas Hall, Messenger, salary \$460.

(C) Names of Supervisors—Elizabeth Collins, Mabel Barter, Elam Elliott, Wellington Crumney, Patrick Keating, Alexander Serrick, now at Oswego, New York; and James G. Hodder, Rose Carmichael, William Harnett, Leo E. F. English, Jonathan Davis, attending an institution at Kalamazoo, Michigan. Salary of each, \$1,000. Total amount of Travelling Expenses to date, \$1,740.

(D) The Supervisors return the latter part of June and will take up their duties the first week in September.

(E) Mr. Solomon P. Whitehead has been appointed as Principal of the Normal School at a salary of \$3,600.

(F) Mr. Whitehead is being trained at Columbia University, New York City.

Term of Training one Educational Year, which terminates June 30th.

(G) No steps have been taken to proceed with the proposed Normal School except the consideration of plans.

It is the intention of the Government to proceed with the erection of the building this summer.

The question of temporary accommodation of pupils is under consideration.

A BONANZA FOR THE LAWYERS.

Sir Michael Cashin's question as to the lawyers employed by the Colony in connection with the Labrador Boundary question elicited a startling reply from the Minister of Justice yesterday. No less than eight legal gentlemen are engaged to look after this case in behalf of this country, but nobody outside of the Government knows why. Our case was fully prepared by the late Mr. M. W. Furlong, K.C., and a firm of solicitors beside Sir John Simon is all that should be necessary to handle it now. It looks as if the Colony might be mulcted in lawyers' fees for more than the whole strip of Labrador is worth. So far ten thousand dollars have been paid out, \$2,500 each to the Minister of Justice and the Prime Minister, though what the latter did to earn the money is a mystery, and \$10,000 to Burn and Berridge for counsel fees, printing and other expenses. The legal lights on the case in addition to those just mentioned are Sir John Simon, K.C., Mr. Barrington Ward, K.C., Mr. W. F. Moncton, Lord Morris and Mr. Victor Gordon.

Questions of Moment.

Editor Evening Telegram.

Dear Sir.—If Premier Squires thinks that he is going to have an expensive leave the affairs of this country in the hands of "Boss" Coaker again there is another thing coming to him. After yesterday's outburst of public indignation, the Government must indeed be blind if they do not see the handwriting on the wall against their misdeeds.

I notice that President Coaker has started to write another diary. The public is sick of such trash and if he wants to tell his followers a lot of "bull," let him circulate them as he has proven himself well able to do;

QUALITY COUNTS!

but so long as he is writing diaries let him answer these questions:—

- (1) How is it that the Nova Scotians with no regulations have sold all their last year's catch of codfish while we have half of ours unsold?
- (2) How is it that the Norwegians who have no regulations or fixed prices, have sold not only all their last year's catch, but the three previous years catch they had put in cold storage?
- (3) How is it we have only sold about 9,000 quintals of codfish to date in Brazil, against 87,000 last year?
- (4) Who is going to supply the fishermen to catch fish this year if the merchants cannot do it? Will he do so, or does he mean to take the money out of the Savings Banks to do so?

These are some of the questions the people want answered and Mr. Coaker would do well to give heed to them.

Yours truly,
ENQUIRER.

April 14, 1921.

"Ruddigore".
The Opera, which is being produced this week at the Casino, is the latest and greatest musical and comic triumph. St. John's should certainly feel proud of its histrionic talent and direction. On all sides can be heard to-day, "Mr. Hutton's greatest achievement." As an Opera of varied scenes it cannot be excelled. One is entranced by the harmonies and finish of the choruses. The solos, duets, trios and quartettes bespeak careful training and comprehensive repertoire. What more pleasant than a first hearing of "Ruddigore" at the Casino? A second and a third. The scenic effects are charming; the costuming delightful. Mr. D. Carroll's paintings of the Baronets are a splendid production. With the exception of the Baronets, the costumes are local, being designed, and for the most part made, by Mesdames J. Warren and C. J. Cox. The lovely Gavotte was taught by Mrs. J. Cleary. The "Ladies" wigs are the handiwork of Mrs. W. James. Last night's production was wonderful. The sailor's "heart and hornpipe" are the talk of the town. Robin played a great part in both acts. Sir Despard thrilled the crowd, while Adam was truly benign. Sir Roderick entranced the audience by his solo, and long after the Opera is over the duet between himself and

the stern, yet gentle, Hannah will be remembered. Rose Maybud's name is no misnomer, and Mad Margaret is fully alive to her awful situation. The "wedged bridesmaids" were ever on the alert. The ghost scene must be witnessed to be appreciated; words fail to describe. The Opera will be repeated to-night and Friday. On Saturday there will be a matinee.

HAY FEVER, ASTHMA, CATARRH & CHRONIC BRONCHITIS.
All surrendered their terrible All surrendered their terrible effects upon the human bodies of no less than 10,000 Canadians, by use of Buckley's 2 Bottle Treatment. Don't suffer one minute longer. Send to-day for trial size. 10c.
