

You can't be your "better self"—with a corn

No man can be at his best—with a throbbing corn shooting pain messages to his brain. Corns put a wet blanket on enthusiasm, dampen the spirits and sour the disposition. Many pessimists are optimists with corns. For a corn taxes the whole nervous system. It makes one feel mean all over and act that way. Anyone may acquire a corn, but it is bad business to keep it. Blue-jay is the business man's favorite way of banishing corns. It stops the pain the moment you put it on—and ends the corn in 48 hours. It is business-like and efficient.

MOTORISTS, ATTENTION!

Here's what "Boyce-ite" will do for you!

After twenty-five to one thousand miles driving, depending upon the condition of your motor, carbon knocks will disappear and the motor will be running like new.

Without any change in your carburetor adjustment, Boyce-ite will add from one to six miles to every gallon of gasoline you buy.

If you use Boyce-ite treated gasoline, you WILL NEVER AGAIN have to clean spark plugs, grind valves or remove carbon.

Your motor will not only run more quietly but will produce more power and will start much easier.

Use Boyce-ite every time you buy gasoline. Used continually—not occasionally—Boyce-ite costs nothing as Boyce-ite saves more than it costs.

We recommend and sell genuine Boyce-ite only. Beware of imitations. Demand a sealed package.

Well-Known St. John's Banker Transferred

B. L. MITCHELL, MANAGER OF THE ROYAL BANK IN HALIFAX, TRANSFERRED TO VANCOUVER.

B. L. Mitchell, manager of the head office of the Royal Bank of Canada at Halifax, has been transferred to Vancouver. This official announcement which reached this city yesterday means the removal from Halifax of one of the most popular, and most successful, bank managers in Eastern Canada. While Mr. Mitchell is to be congratulated on what is a well earned recognition of his work yet his business and personal friends will do so with genuine regret over the fact that his promotion will take him to the Pacific Coast.

Prominent not only in banking and financial circles in Nova Scotia, Mr. Mitchell has also taken a leading part in the social and welfare work in Halifax. A member of the Rotary and other leading clubs of the city his transfer to so distant a point will be a distinct loss to this city.

Mr. Mitchell is a native of Pictou County, and entered upon his banking career at New Glasgow. Following a series of rapid promotions he was sent to Halifax several years ago, to take charge of the head office of the Royal Bank here and his new appointment to

from Perfect Grapes these finer raisins.

Raisins—good raisins—are grapes dried in the sun. Nothing more.

They can be no better than the grapes from which they are made.

The grapes for Sun-Maid Raisins are grown in the finest vineyards in the world—in the beautiful San Joaquin Valley of California.

Only the tenderest and sweetest are selected for Sun-Maid Raisins. They are dried in the clean, mellow sunshine. Then they are so thoroughly cleaned and sterilized that they do not require washing before use.

In the red or blue package with the smiling Sun-Maid girl they bring you all of the goodness of the perfect raisins from which they are made.

Always look for the Sun-Maid girl upon the package. Throughout the world she is the sign of highest quality in raisins.

In all your cooking—wherever you use raisins use Sun-Maid Raisins. You will notice the difference—the finer, more delicate flavor. You can get this extra goodness only with Sun-Maid Raisins.

Oporto Market Stagnant In the Supreme Court of Newfoundland.

In a report to the Newfoundland Board of Trade, Messrs. Lind & Couta, Oporto, under date of June 4, say:—"Demand for British cure continues more or less stagnant and so far much below what it should be at this season of the year. Stocks of small British fish are considerable and sales of this of late have been greatly prejudiced by the sale of French cure. The chief demand last week was for old Norwegian cure, which is being sold at low prices. The first shipment of new Norwegian arrived on S.S. San Telmo, on the 20th May, but this quality it meeting with only moderate demand owing to the high price required on shipments. The most of the Portuguese fishing fleet, which is not a large one this year, has left for the Banks.
