Despatches to the Evening Mercury.

BY ATLANTIC CABLE.

London, April 2.—In the House of Commons this evening the adjourned debate on the Irish Church question was continued at great length. The Liberal members strongly advocated Mr Gladstone's claims to office in place of Disraeli. Mr Lowe, member for Calne, quoted statistics to show that out of 100 of the population of Ireland, 78 were Catholic, 4 were Presbyterian, and 18 belonged to the Established Church of Ireland. The latter church was alone aided by Government, though its congregations were made up of the wealthiest classes. The Irish people would be more than human could they tamely submit to this. The Tories claimed to be truly liberal; let them prove it or retire. The Liberal party in the House had a leader they could trust. They were sure he would fulfil all his professions. Mr Lowe ridiculed what he termed the legal quibbles and zigzag course of the ministers. Such a line of action would destroy all confidence between the executive and legislative departments of the Government. Each night the ministry presented to the House a new phase of self-contradiction, until all honest men were disgusted. The Premier had carried inconsistency and audacity to a height which the House, consulting its dignity, could not tolerate on a topic so solemn as that under discussion.

American Despatches.

New York, April 3.—The Herald's London special has advices from Rio Janeiro of March 31, giving the situation of the war in Paraguay. The allied forces had flanked the fortifications of Humaita, which has so long withstood their attacks, passed to the rear, and captured their capital. The allies now have 40,000 men, fourteen ironclads, and 20 wooden vessels, in the neighborhood, while the Paraguayans are reported to have only 12,000 men.

San Francisco, April 2.—The steamer Sacramento, with New York dates to the 11th ult., arrived. Late Arizona advices confirm the reported abandonment of the Lopez reservation by the Apache and Magana Indians. The savages have commenced hostilities in eastern Arizona, and the inhabitants are calling on Gen. Halleck to station more troops in that section. Great numbers of stock have been run off and killed by the Indians.

New York, April 3.—The Times special says the progress made yesterday in the impeachment case indicates that the managers will get thro' their evidence this week. The President's friends are consoling themselves with the reflection that, if a majority cannot be had on many of the collateral questions, it is not probable that two-thirds can be secured to convict. They seem to forget that minor questions afford a latitude for conscience, which the main question does not. The Senate may not pronounce guilty on all the articles, but they are tolerably certain to do so in some.

RECIPROCAL.—Every Afternoon, the new evening paper published in New York, praises the tone of Sir John A. Macdonald's recent speech in the House of Commons, respecting the late Fenian raid into Canada, and adds: "The long border line of the two adjacent territories, as well as the many predisposing causes of national jealousies or local exasperation that unhappily subsist where two large jurisdictions are coterminous, make it in the highest degree important and desirable that official expressions, either at Washington or at Ottawa, should be temperate and decorous, and we observe with no little satisfaction of the good sense and proper feeling of the Canadian Minister."

Country Merchants and Others, Wanting any description of Job Printing done, can send their orders to us by mail, stating what they require.—They may rely upon having any order committed to our care executed in the most prompt manner and in such a style as will defy competition, while the charges, as usual, will be much below any other office in the county. We have an immense assortment of new type and all the latest styles in cards, inks, &c.

INDIA & CHINA TEA COY.

Home Depot at London and Liverpool. Canada Depot, 23 Hospital Street, Montreal.

THE India and China Tea Company beg to call the attention of the Canadian community to their directly imported Teas, which for purity and excellence will be found unequalled.

The Company have made arrangements whereby they have secured the entire produce of some of the best plantations in Assam and on the slopes of the Himalayas, and by a judicious blending of these magnificent Teas with the best varieties of China produce, they are enabled to offer to the public Teas of quality and flavour hitherto unknown to the general consumer. These Teas are in high favour in England and France, and a single trial will prove their superiority.

The Company supply two qualities only, either Black, Green or Mixed. Their Black Teas will be found to possess great brilliancy and favour, combined with colour and strength, and to be entirely different to the Black and rapid article usually sold as Black Tea; while their Green Teas are altogether free from the deleterious mineral powder so commonly used for coloring the leaf.

PRICES: Rich, full-flavoured Tea, for family use a real genuine and fine article 70 cents per lb. Finest quality procurable, one dollar.

The above can be had either Black, Green or Mixed.

To be had in packets of Quarter Pound Half Pound, One Pound, and upwards, or in tin canisters of 5 lbs. and upwards from the Company's Agents in all the chief towns of Canada.—N.B. All the packages are lined with tin foil paper, and the Tea will consequently retain its favour any length of time.—All packages have the Company's trade-mark, without which none are genuine.
