IMPORTANT to MERCHANTS

FALL ADVERTISING!
 The MERCURY has a guaranteed circulation THREE TIMES MORE than that of any other paper published in Guelph, or in the County. Merchants when they are arranging for their Fall Advertising should not forget this fact. Contracts made for any period at moderate rates.

The Manitoba Elections.

As will be seen by the telegraph dispatch in another column, there have been serious disturbances at one of the polling places in that Province. The notorious Riel was the cause of the trouble. He was not satisfied with resigning in favor of Cartier, but in order to show his devotion to the Government at Ottawa, he came out strong for Mr. Cunningham, who was running for Marquette, and why, by the way, was formerly connected with the *Globe* and *Telegraph*. Cunningham was running as a Government supporter, and Riel was giving him all the assistance he could. According to the telegraph, some Canadians, indignant at the course this murderer was taking, and at the impunity with which he is allowed by the authorities there to meddle with public affairs, got together in a body to prevent him from voting. The Canadians banded themselves together on one side, and the half-breeds on the other, and a row occurred. Shots were exchanged and a number of men were badly beaten. Special constables were enrolled, and great excitement prevailed. Two or three of the newspaper offices were gutted by the mob. The above are all the details yet received. Full particulars will be anxiously and impatiently looked for. It is quite evident, however, from the above, that the troubles in Manitoba are not yet at an end, and so long as Riel is allowed to go at large, and is petted by the Government or their tools, there will be no lasting peace or contentment in the Province.

The Provincial Exhibition.
 The Provincial Exhibition opens to day with every prospect of success. The aggregate number of entries this year are some 1,200 more than they were last year. In not a few classes, particularly those of agricultural implements and machines, and in grains and seeds, there has been a considerable falling off. There is an immense increase in the entries of horticultural productions, which might reasonably be expected, when we consider that Hamilton and the section surrounding have long been noted for the quantity and superiority of their horticultural productions. In the classes, too, of arts and manufactures there is quite a large increase in the entries. From all accounts, we have little doubt the forthcoming Exhibition will be a most interesting one. Immense crowds of people from all parts of the Province will visit it. We hope that the weather will be all that the sight-seers could wish.

Political Items.

Mr. Richard, the member elect for Megantic, in the Province of Quebec, in a letter to his constituents, comes out point-blank against the Ministry. Long before the House meets the majority of the members will be prepared to assume the same position. The *Mail* says:—"Hon. Wm. McDougall has declined the nomination for South Grenville in the Local House." We are sorry William has declined. It would have yielded us such intense delight to have seen him handsomely beaten by Mr. Fraser. Rumor asserts that Mr. David Glass, M. P. for East Middlesex, has obtained a promise to be permitted to move the address in reply to the speech at the opening of Parliament, and that he is already attitudinizing in anticipation of the event. It is said that the grimaces he makes in front of the looking glass are positively appalling.

The latest rumours in Quebec are that Blanchet, member for Levis, is thoroughly ruined by the heavy contest which he had to sustain, and has threatened to go into the Opposition unless he receives the Clerkship of the Commons, and that he has been promised it; that Cauchon will take the place of Cartier, who is not expected to live, and will run for Levis, being unwilling to try the chances of another election in Quebec Centre; and that Langevin will retire from the Ottawa Ministry to become Premier of Quebec, Chauveau being

provided for in some other way. Whether these rumours are true or not, there are a great many interviews held daily between the parties.

The *London Advertiser* says:—"Mr. Beatty, M. P., seems to be at present writing the *Leader* editorials himself. His vocabulary includes some philological applications never before imagined. For instance, he speaks of the 'tare and tret' of public life as telling on Sir Geo. E. Cartier; the expression being probably intended as a sort of ingenious synonym for 'wear and tear.' In another article Sir John A. Macdonald is credited with 'some half a century of a majority.' Mr. Beatty intending possibly to convey the impression of a majority of fifty votes. Mr. Gladstone is said to employ his leisure time on Greek poems and translations. The statesman of East Toronto might perhaps find time to prepare a new Canadian dictionary."

There is to be a public demonstration and dinner in Jacques Cartier County to celebrate the return of Mr. Laflamme, and another in Napierville, in honour of A. A. Dorion. Messrs. Holton, Huntingdon, John Young and others, are expected to address both meetings.

Amoxe the votes for Mr. David Mills M. P. at the last election, was that of a centenarian, Mr. Walter Galbraith, of the township of Howard, who has reached the unusual age of 103. Mr. Galbraith is no doubt the oldest voter in Canada.

It is stated that one-fifth of Kansas is owned by railway corporations.
