

THE TICHBORNE CLAIMANT.—Lord Rivers, in a letter dated Rushmore, Shaftesbury, Sept. 13, reports an interview with the Tichborne claimant in Millbank on the previous day. His lordship says that Lady Tichborne, Dr. Kenely, and himself paid a visit, but were not allowed to see the prisoner separately, and the interview took place at the end of a long, narrow cell, divided by rails and wire-work into three compartments, the visitor and the prisoner being at the two ends and a warden in the center. Lord Rivers states that the convict has lost between seven and eight stone in weight, but that he is in good health, that he gives no trouble to any one, and bears himself well under his misfortunes. His hair has turned gray, but the story about it having become of the same color of Arthur Orton's, now that dye cannot be used, is stated to be untrue. The prisoner is said to believe that, however great and hard to bear his punishment may be, it requires but time to let the English nation see the character of his trial and to procure his release.

BREAKFAST.—Epps's Cocoa, GRATEFUL AND COMFORTING. "By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which will save us many heavy doctors' bills."—*Civil Service Gazette*. Made simply with boiling water or milk. Each packet is labelled "James Epps & Co.", Homoeopathic Chemists, London." 1/6-9m

Payson's Indelible Ink and Crystal Marking Pen combined, and enclosed in a neat polished wood case, is the latest novelty. The case is convenient, portable, always ready for use, and completely protects the pen and ink from loss or injury, can be kept in the work basket and is always ready.

Special Notices.

CALISAYA, THE BEST VARIETY of Cinchona or Peruvian Bark, first came into general use on account of a remarkable cure performed by it on the Comtesse de Chinchon, at Lima, who, after her recovery, distributed a large quantity of it to the Jesuits, in whose hands it acquired a great reputation, that charitable prelate, Cardinal de Lugo, having purchased it at a great expense for the benefit of the religious poor at home. It is combined with aromatics in a delicious cordial in Dr. Wheeler's Compound Elixir of Phosphates and Calisaya, a remedy of extraordinary efficacy in restoring constitutional vigor, and repairing the worn out frame, whether used up by mental worry, over-work, excesses and bad habits, or debilitated by prostrating diseases.

The Simplest, Cheapest, and Best **Marking Apparatus in the World** For Marking COTTON, SILK, WOOLEN, and LINEN, is **PAYSON'S INDELIBLE INK.** Used with a Common Pen without a preparation.

This ink flows perfectly; will write as easily on the finest paper as on parchment. It does not dry up, and retains its virtue longer than any other ink known. It will not injure the finest fabrics. Payson's Ink has endured the test of forty years, and is now the most popular ink in existence, and is unequalled for uniformity of quality and durability. It will mark more neatly, quickly, and indelibly than any other apparatus. It requires no preparation of the fabric.

Price, 37 cts. per bottle. Sold by all Druggists, Stationers and Fancy Goods Dealers.

SLATE ROOFING PAINT!

AGENTS WANTED IN EVERY TOWN.

A Roof may be covered with a very cheap shingle, and by application of this slate may be made to last from 20 to 25 years. Old roofs can be patched and coated, looking much better and lasting longer than new shingles without the slate, for ONE THIRD THE COST OF RE-SHINGLING. The expense of slating new shingles is only about the cost of simply laying them.

The Paint is Fire-Proof

against Sparks or Flying Embers, as may be easily tested by anyone, and appears from the fact that Insurance Companies make nearly the Same Tariff as for Slated Roofs. For Tin and Iron it has no equal, as it expands by heat, contracts by cold, and never cracks nor scales. For Fences it is particularly adapted, as it will not corrode in the most exposed places. Roofs covered with Tar Sheathing Felt can be made water-tight at a small expense. The Slate Paint is

EXTREMELY CHEAP!

Two gallons will cover over 100 square feet of shingle roof, or over 400 of tin or iron. No Tar is used in this Composition, therefore, it does not effect the water from the roof, if turned off from the eaves before the first few rains. On Decayed Shingles it fills up the holes and pores, hardens them, and gives a new, substantial roof that will last for years. Curled or Warped Shingles it brings to their place and keeps them there. It fills up all holes in tin or felt roofs, and STOPS THE LEAKS. The color of the slate when first applied is dark purple, changing in about a month to a light uniform slate colour, and is, to all intents and purposes, SLATE. The Paint has a very Heavy Body, but is easily put on, and, although a slow dryer, rain will not affect it in the least one hour after applying.

ROOFS EXAMINED. ESTIMATES GIVEN.

And when required will be Thoroughly Repaired.
