Thirteen Pupils Injured as the Result

of a School-Room Blaze. Boston, Feb. 19.-Fire which broke out in the Everet school building in this city this morning caused a panic among the pupils, and it has been reported to the police that several were injured. Police ambulances were quickly at the scene, and within a few moments thirteen injured victims were on their way to the City Hospital. One of the mightiest factors in hunan life today is the language we use. Three centuries ago there were about 6,000.000 using it; today 125,000,000 speak the English tongue. The Duke of Argyle was once asked what was the best language. He said: "If I want to be polite, I use the French; if I Among want to be understood, I take English: if I want to praise my Maker. I take the Gaelic, my mother-tongue. Foreigners coming here think in their own language, even though they may be able to speak ours; gradually they come to think in English, but still they dream in their mother-tongue; at last they dream, think and speak in the
