Lever May Build a Challenger—Eye-Openers for the Fans.

BASEBALL

EYE-OPENERS FOR THE FANS.
There were 49 post-season clashes between teams of the National and American leagues. The American representatives won 29 victories to 20 for the National, the winning averages being .502 to .408 per cent, thus placing Ben Johnson's organization ahead in the interchange of games .181 per cent.

Fans are astonished at the revelations. The first team in the American League showed superiority over the first team of the National League, the Cleveland Blues, third, won twice as many games as the Reds, fourth. The White Sox, the seventh team in the American League, tied with the Cubs, third team in the National League, in a series of 14 games for the championship of Chicago, while, on the other hand, the second team in the American League was barely able to nose out the seventh team in the National League for the championship of Philadelphia. The sixth team in the American League, the St. Louis Cardinals, eighth team in the National League for the championship of St. Louis, Cincinnati easily defeated the St. Louis Browns, in two games, and the St. Louis Cardinals were just as easy for the Cleveland Blues. The dope received a fierce jolt in Boston's defeat of Pittsburgh and the knock out of Cincinnati by Cleveland.

NATIONAL ASSOCIATION MEETING.
New York, Oct. 22.—Eighteen baseball organizations composing the National Association of Professional Baseball Leagues are represented by delegates in the conference which began here today. The meeting was held behind closed doors.

CURLING.
THE SEASON'S OUTLOOK.
Peterboro is going to have a bonspiel next year. So are Preston and Owen Sound, and a dozen other Ontario towns and villages. Toronto is the only place that is too small for such a gathering of Britches of the Besom. Somehow, Toronto curlers appear to have too much business to do. By the time they get through with the Tankard and the Walker, they are in luck if they can pull off one or two trophy matches. Curling purely for the fun of the thing and the purpose of meeting other good fellows appears to have become a lost art in Toronto.

HOCKEY.
GALT HOCKEYISTS READY.
Galt, Oct. 22.—Hockey promises to boom here this season. At the annual meeting of the Galt Hockey Club, held last evening, the election of officers resulted as follows: Honorary president, J. C. Dietrich; president, Oscar Evans; vice-president, Fred Taylor; secretary, L. B. Duff; treasurer, George Hancock, jun.; managing com-

mittee, James Fraser, E. R. Dromgole, A. M. Edwards, H. Hindmarsh.

CANADIANS FOR PITTSBURG.
A team of Canadian hockey players beyond the pale of Canadian amateur circles, is being selected to go to Pittsburgh for the coming winter to play a series of games. Charles Liffiton, the Montrealer, who played in Pittsburgh last winter, is arranging for the team, which will be picked from the different cities where players are numerous.

THE TURF

ORFEBUS' RECORD PROVEN.
Wichita, Kansas, Oct. 22.—President C. M. Irwin has given out a sworn statement of Ransom H. Brown, former county surveyor of Sedgewick, who has measured the Wichita track, over which Crescenzo trotted a mile in 1:56 1-4 Monday afternoon, and found it to be 5,282 4-10 feet, or 2 4-10 feet more than a mile long. The measurement was made June 19, 1900, and track has not been changed since that time. Affidavits of the official timers, that 1:56 1-4 was the correct time, were also made.

YESTERDAY'S TURF WINNERS.
At Memphis—Walnut Hall, Nervola, Dillon, Ferenzo, Nervola.
At Brighton Beach—Dimple (Redfern), 8 to 5 and 1 to 2; Charwind (Heilman), 9 to 2 and 7 to 2; Ernest Parham (Fuller), 18 to 5 and 7 to 5; Hello (O'Neil), 11 to 5 and 7 to 10; Mabel Richardson (Redfern), 9 to 2 and 8 to 5; Bithylenes (Fuller), 7 to 5 and 3 to 5.
At Worth—Mollie Bawn, 10 to 1; Takalon, even; Byways, 7 to 2; Golden Rule, 1 to 5; Tancred, 6 to 1; Bummer, 11 to 5.

A RECORD CLIPPED.
Memphis, Tenn., Oct. 22.—The third day of the harness racing at the Memphis Trotting Association was memorable by the magnificent performance of Dan Patch, who paced a mile in 1:56 1-4, clipping three-fourths of a second from the world's record of 1:57 held by Prince Alert, and lowered his own record by 2 1-2 seconds. The mile was paced without a wind shield, and at the finish Dan Patch was fresh.

The runners set the pace. After the trial there was a wild burst of enthusiasm in the grand stand; women and men shouted and hats were hurled in the air. Dan Patch reached the quarter in 29, half in 58, three-quarters in 1:27 1-2.

INDOOR BASEBALL.
D COMPANY LOST.
The St. John's Athletic Club indoor baseball team met the team from D Company, of the Seventh Regiment last night, defeating it by a score of 20 to 12.

FOOTBALL.
A DOMINION TROPHY.
Montreal, Oct. 22.—A movement is on foot to establish a Dominion football championship trophy to occupy a similar standard in that sport as the Minto cup in lacrosse and the Stanley in hockey. It is proposed to have a 200 cup, the cost of which will be contributed by the past and present players of the four senior teams comprising the Quebec Rugby Union.

KILLED IN A RUGBY GAME.
Annapolis, Md., Oct. 22.—In the game yesterday between the Navy and Baltimore Medical College, Robert E. Lewin, of Plainfield, N. H., second year classman, of the Baltimore Medical College, was killed in the fierce struggle between the opposing teams.

Navy, by hard line bucking, had pushed the ball to within ten yards of the visitors' goal, when the latter, by herculean efforts, hurled the midshipmen back. The midshipmen made short another effort, when Lewin, right guard for the Baltimoreans, fell to the ground and five minutes later was pronounced dead. The cause of death is given out as cardiac syncope. A postmortem examination will be made. Neither team had scored when death ended the contest.

YACHTING.
WANTS TO BUILD CHALLENGER.

London, Oct. 22.—In spite of the fact that W. H. Lever, of Birkenhead, Liverpool, has denied having any intention to challenge for the America's cup, the fact that he has asked Geo. L. Watson if he could undertake the work of design and superintending a cup challenger is now admitted to be indisputable. Mr. Watson has neither definitely declined nor accepted and this possibly explains Mr. Lever's denial.

ENCROACH UPON CANADIAN DATES

Buffalo Racing Association Will Hold a Meeting at Same Time As O. J. C.

The Buffalo Racing Association has announced officially in New York that racing would begin at Kenilworth Park next spring on the 30th of May (Decoration Day) and continue for nineteen days. It looks as if the Buffalo people are pre-empting the rights held by the O. J. C. for these many long years.

The Buffalo officials do not hesitate to step in and encroach upon the time of a long-established, well-conducted, and highly prosperous club.

The Ontario Jockey Club, with its "oldest racing fixture in America," the King's Plate, has been accustomed to hold its annual spring meeting the last week in May and the first part of June. Notwithstanding this the Buffalo Club has not yet a year old, comes along without a word of apology or regret snaps up half of the allotted time.

From front Canadian owners Messrs. Seagram, Hendrie, Cook, Mackenzie, Dymond, Phelan, Dugan, with important racing stakes, as well as the majority of small owners and the majority of the western horsemen will be a serious defection from the Buffalo track if the meetings clash. Buffalo will be minus the Canadian bookmakers and the Canadian public to draw from if they run counter to the O. J. C. races at Woodbine—factors in the success of this year's meeting that were not fully appreciated by the Buffalo management.

If the O. J. C. should repeat their thirteen-day meeting of last spring and the Hamilton Jockey Club resume its subsequent week of racing, with increased purses, Kenilworth would find the stoutest kind of opposition for nearly the whole of the meeting.

Secretary W. P. Fraser, of the O. J. C., was asked about the matter when the "question of dates has not been mentioned by the O. J. C. executive as yet," he said, "I am entirely in the dark as to when we shall race at Woodbine next year."

"RUBE" WADDELL ON THE STAGE

He Says Twenty-Four Words and Flourishes Revolvers of Various Sizes.

"Rube" Waddell, the Butler county ball player, does not appear to have made the greatest hit in the world as an actor. The Chicago Tribune takes the following fall out of Rube and the show:

ACT I.
"Rube" Waddell, accompanied by miniature revolver: "Not so fast, my fine fellow!"

ACT II.
"Rube" Waddell, with the assistance of slightly larger revolver: "Ah! Ha!"

ACT III.
"Rube" Waddell and large revolver: "Curse you, take that!"

ACT IV.
Still large revolver, assisted by "Rube" Waddell: "I guess they won't get away this time! Come on, you fellows!"

"The Stain of Guilt," with "Rube" Waddell in the title role, although the author should be made to share the blame, came to Chicago last night and it is a mellow drama in the four innings, in each of which Waddell strikes out the side just in time to prevent the villain from accomplishing a job-lot of fiendish purposes. "Rube" has what might be classified as a thinking part, for he isn't called upon to say a word in the four acts. The play he delivers himself of 24 words, which is just three less words than the number of batsmen he is required to dispose of each game when he is wooing fame as a baseball pitcher.

At an early stage of the proceedings wicked men conspire to ruin the goody-goody hero of the play, but just as they are about to plaster him all over with stink "Rube"—who for the purposes of the melodrama is a renowned detective—rushes on the stage and, with the aid of a quick curtain, makes the head villain look cheap. "Rube" seems to take on confidence as the play progresses. In the first act he carries a toy pistol and stutters as he utters just six words and an exclamation point. In the second he has a bad minor, so far as words are concerned, but he crowds in an extra exclamation point and carries a real pistol.

The third innings finds "Rube" with a man's size pistol, four words, and one exclamation point, but it is in the fourth innings that "Rube" fairly shines. That last session finds him with a revolver as long as a ball bat,

and as he flourishes it furiously he hurls 12 whole words, the cow, the villain and grateful hero. But, with all his shortcomings, the playwright has been kind, for each invasion of the stage by the soup-pot Theplan is the signal for the curtain to fall.

15,000 OUT OF WORK.

A Big Copper Company Goes Out of Business.

Butte, Mont., Oct. 22.—By the shutdown of the Amalgamated Copper Company, a payroll of over \$50,000 a day is cut off in Butte. Representatives of the Amalgamated Copper Company declare that by the decision rendered by Judge Clancy yesterday, the Amalgamated company is practically wiped out of existence and cannot do business in Montana. The decision, they say in effect, brands the Amalgamated as an outlaw. Its stockholders are prevented from receiving dividends, they say, although \$3,000,000 is tied up and awaiting distribution to the stockholders. The Amalgamated people claim they are barred from conducting their own business, and have ordered the suspension of all operations in Montana.

All the mines and smelters of the company have been ordered closed and 15,000 workmen are thrown out of work. How long the shut-down will continue is a matter of doubt. It may take nine or ten months before the company can get a hearing before the supreme court.

PATIENT FATALLY BEATEN

United States Insane Asylum Inmate Horribly Abused.

Peoria, Ill., Oct. 22.—At the coroner's inquest over the remains of Thomas Hartley, the inmate of the Bartonville insane asylum, who died as the result of injuries received in a struggle with two attendants Sunday morning, sensational evidence was given by Dr. Well, who made the post-mortem examination. Dr. Well stated that he discovered that six ribs had been broken, the points of two having lacerated the lungs in a horrible manner. The internal organs were crushed in and bruised and there were 65 distinct marks of violence on the body.

Coroner J. E. Ryan, the guards implicated in the affair, were arrested and are being held in the country jail.

THE DEAD APPEARS

But Man Convicted of the Murder is Refused Liberty.

Knoxville, Tenn., Oct. 21.—For a third time, Silas Hulsh, the supposed victim of a murder, was "resurrected" and appeared alive and well in the courtroom this evening as the chief witness in the habeas corpus proceeding brought to have Clarence Peak, who is under a sentence of eighteen years for the murder of Hulsh, liberated.

The court, however, dismissed the petition, holding in effect that Silas Hulsh is dead to all intents and purposes, and that the court had no right to interfere with the conviction and judgment, which had been properly secured. An appeal was made to the supreme court.

Two years ago Peak killed a man, who was identified as Hulsh. He was tried and sentenced. In the meantime Hulsh appeared, but the supreme court disregarded his claims and affirmed the sentence on its merits as tried below.

Mines to Close.

Wilkesbarre, Pa., Oct. 22.—It is announced here that suspension of operations of coal mines for the week beginning Oct. 29 will be general throughout the entire anthracite region.

MUST PAY FOR SAMPLES

Grain Dealers Will Pay Forty Cents and Also Supply the Bags.

Toronto, Oct. 22.—An order has been issued by the freight committee of the Grand Trunk and Canadian Pacific Railways that in future a charge of 40 cents will be made for samples supplied by agents at Sarnia and Nottville Bay, of grain consigned from Manitoba and the Northwest to these points for order. Also grain must in future furnish bags for this purpose.

Strange Trades in Paris.

It is astonishing with what zeal every means of earning an honest penny is plied in Paris. No city in the world has so many queer little trades by which those practicing them scrape together enough sous to make a living. The kind of this class is, of course, the ragpicker. He starts out before the dawn armed with a lantern and a long hooked piece of iron, and explores the rubbish boxes placed outside every door in the capital, before the municipal carts come to carry off their contents. Then there is the man who goes around with the spiked stick picking up the cigar and cigarette stumps which lie around Paris cafes. There are men, too, who search the streets for fallen money, and who generally find enough to keep them from starvation.

One of the most characteristic of these strange trades is the dog barber. The favorite dog of the Parisian is the French poodle, or "mouton," as he is popularly called. It is chiefly for his benefit that the dog barber exists. His headquarters are the banks of the Seine. Here the main body can be found at all times, though in the summer some go about the city carrying on their occupation from house to house. In the hot days one continually hears the long-drawn-out cry, "To-o-d-eur de chiens!" This meets the familiar figure of the dog barber, with his box of instruments slung over his shoulder. Many of them have their regular customers, whose houses they visit at stated intervals to make the toilet of these privileged poodles—for the Paris mouton is the "spoiled child" among dogs. He is clipped brushed, and perfumed and generally has his "top-knot" fastened with a pink or silver ribbon. Some even wear gold or silver bracelets round one paw.

The most curious development of the dog barber as an artist, he clips and shaves his customers' dogs in most elaborate fashion. Some are left with shaggy manes, with a tuft at the end of their tail, to imitate a lion. Others, again, are clipped in strips, making them look like black and white striped animals. Faces are clipped, and nothing but a pair of fierce mustaches left, with fluffy bracelets of hair round each foot. At any time of the day, as you look on the banks of the Seine, you will see the dog barber given him by the owner. The banks of the Seine have been selected for his operations, because the dog is handy to bathe the animal after he has been clipped and combed.—The Golden Penny.
