With Eggs at High Figure People Will Not Part With Poultry-Hay Was Offered in Large Quantities.

The market was a busy spot this morning. There was an abundance of almost every marketable product.

The largest quantity of hay for some time was on sale. There was a constant stream of loads through the scales, over bloads coming in. This had the effect of lowering the price somewhat. Two or three loads went as high as \$12 a ton, but later in the forenoon \$11 was the ruling original. Two loads of straw went at \$6.50 a ton.
Several loads of oats were bought up by
the dealers, the figure paid being \$1.15 to
\$1.28 per cwt. No wheat was offered for

Green Stuff.

Very little change was noted in the prices of vegetables and green stuff. Rhubarb was a little easier, going from 25c to 35c per dozen; lettuce, 40c to 50c per dozen; spinach, 40c to 50c per bu; radishes, 40c to 50c per dozen.

Dealers report a poultry famine, and state that very little is coming in.

"With eggs at the price they are now, the farmers would be foolish to sell their poultry, and they recognize this," said one dealer to The Advertiser this morning. "At present I am paying 1½c a dozen more for eggs than I did at this time last year," he added.

The top price paid for dressed pork this morning was \$11 50 per cwt. This figure is considerably lower than last week's price.

Potatoes sold this morning at 50c to 65c a bag wholesale and 55c to 60c retail. They were bought up rapidly, and there was hardly a big enough supply to meet the demand.

Hamilton, April 28.—While several startling theories have been advanced as to the manner in which Eli Fenton came to his death behind his barn at Stoney Creek, there is nothing particularly new in the tragedy today, and the gossips have settled down to wait for the evidence to be adduced at the adjourned inquest at Stoney Creek tomorrow eveing. Thomas Fenton, the second son of the deceased, is being held at Dundas as a material witness, but no charge has the deceased is being held at Dundas as a material witness, but no charge has been laid against him. The only reason the authorities have for detaining him is that he was supposed to be the last to see his father alive, and they hope that this theory will clear up some obscure points. While the theory of murder is generally accepted, there are those who consider that the old man died a natural death, and that the wound in his head is accounted for by striking a pile of sharp boulders, where the body was found.
