SUPERTWIST

Answers the Mileage Question

BY inventing a new material, Goodyear settled the question of mileage in Goodyear Balloon Tires. This material is the new, Goodyear, cord fabric, SUPERTWIST.

Its special feature is its extreme elasticity. It far outstretches the breaking point of other cord fabric. Consequently it has a far greater capacity to withstand road shocks, stone bruises, other injuries and the effect of wear. SUPERTWIST is a Goodyear discovery, a Goodyear product, made of SUPERTWIST. In other words, Goodyear has made the Balloon Tire which stretches rather than breaks under road

So extraordinary was the increased life of Goodyear Balloon Tires made possible by SUPER-TWIST that it is now used in all Goodyear Cord Tires.

Your Goodyear Selected Dealer has in stock Goodyear Tires of SUPERTWIST at prices no higher than you have been paying.
