The deceased young lady, whose former home was in Aldboro, but who has been in London for the past two years, came to this section about four weeks ago, and after a few days of comparatively good health, was taken ill with rheumatism, which attacked her heart, and caused her death. Though here for a short time she made a number of warm friends, who were pained to hear of her sudden demise and all of whom deeply sympathize with the bereaved family. The man was furnished with a coat, and with considerable difficulty was induced to return to the asylum. A very enjoyable entertainment was given to the inmates of the Aged People's Home and the Protestant Orphan's Home by Mr. and Mrs. Thomas McCormick in their beautiful grounds in London South yesterday afternoon, arrangements having been made with the Street Railway Company for their comfortable conveyance thither. There was a large turnout, both of the old people and children, many of the ladies connected with both institutions and other friends being also present. Games were gotten up for the children, as well as one or two races for the older people, prizes, which were highly appreciated, being awarded the winners. During the afternoon refreshments were served to which ample justice was done by all present, and hearty votes of thanks to their kind entertainers were enthusiastically passed. Mr. McCormick made a suitable reply, Mr. McCormick has for many years been identified with the benevolent and charitable work carried on in the home and it is to be hoped he may be long spared to manifest his interest in a similar manner.

KNIGHTS TEMPLAR MATTERS. Meeting of Great Priory Next Week—Local Affairs.

The annual assembly of the Sovereign Great Priory of Canadian Knights Templar will be held at Kingston on Wednesday and Thursday next, and as it will be the centennial of the order in Canada, the meeting should prove of more than ordinary interest to the Templars of the Dominion. It was in the city of Kingston that the order first made its appearance on Canadian soil, and the officers and Sir Knights of the Hugh de Payens Preceptory, No. 1, of that city, although numerically weak will do all that can be expected of them to make the occasion one long to be remembered by all who can make it convenient to attend. The attendance from Toronto and London, owing to the holding of the two great fairs, will not be as numerous as if other dates had been chosen for the meeting; but it is impossible to arrange a time that would suit all, and possibly those who had this matter in hand did the best they could under the circumstances. It is also an "off" year in so far as the election of officers is concerned, and that fact of itself will militate against the attendance. The Kingston Preceptory has invited the Montreal Sir Knights to act as a special escort to receive the Supreme Grand Master and Grand officers and visiting preceptories, and also to conduct the parade on Thursday afternoon to the steamer America for a trip among the Thousand Islands. The business to be brought before the Grand body is of an important character, and includes the consideration and adoption of a revision of the statutes, as amended by the committee appointed at last meeting. Quite a number of alterations and amendments have been made some of which will engender considerable discussion. A few notices of motion are also to be considered.

Those who have read the story of Rev. Dr. Paton, and pay the annual South Sea Islanders have been thrilled by the many stirring incidents narrated. It is many years ago that he appeared before London audiences, and it is hardly likely that account of his advanced age, that he will be with us again. On Labor Day Londoners will have an opportunity of seeing the revived London lacrosse team go up against their old-time antagonists and rivals, the Aleria, of St. Mary's, at Tecumseh Park. The Aleria have an enviable record, and won out the championship of their district without losing a single match. The London team, which was only organized this summer, and is now only getting into good form, is playing the kind of a game that wins, and the boys look confidently for a victory over their fast opponents. The local team will be the same that gave the Brantford intermediate champions the battle of their lives on Wednesday last, with the addition of Forbes on defence. Stewart on home and a couple of fast home players which will strengthen the team greatly. The boys are practicing hard, are in the best possible shape, and deserve a monster audience. They certainly won golden opinions from all who saw them go up against the fast Brantford team, and it is safe to say that the St. Mary's people will get their bumps on Monday.
