Discussed From Various Interesting Points of View.

And Daisy. The whole matter will be esting Points of View.

Last evening at St. James' church, James Bay, Rev. Archdeacon Scriven united in marriage Miss Minnie Sparks, of Victoria, and Captain Tom Guns, the word brought to go district was brought to golds Thursday aven.

The very important convention inaugurated and successfully carried out this week by the representative workers of the Methodist body in the Victoria district was brought to golds Thursday aven.

I and Daisy. The whole matter will be thoroughly sifted.

Such is the word brought by the C.P. Now the steamer Danube, Captain Meyer, and now pelled to change their plans, and now propose building their river fleet at Ounalaska, the material now on board the Ships at St. Michael's being returned to put the ships at St. Michael's being returned to Dutch Harbor as soon as possible.

When the Danube left St. Michael's thip of the steam schooner Navarro and the latter were only about twenty people left.

to the direction in which the first mate, glass in haud, was excitedly pointing.
"Was it her? For a time we doubted,

the object resembled a mass of wreckage as much as the eagerly looked for Dwyer; but as we drew nearer it was soon placed beyond doubt that the Dwyer had ridden out that dreadful storm almost better than we had. There she was, sate and sound. Her rudder had been car-And, with the chances ten thousand to one against it, St. Michael's was safely

THE "DANUBE'S" PASSENGERS A Motley Throng Who Can Tell of the Rigors of Almost Every Section of

the Yukon Country. Eighty-two as disreputable appearing passengers as the Danube has ever carried, disembarked from her deck last evening upon her return from the golden but famine-threatened north. And ve the tramps in looks, or many at least among them, were men of returning from the land of quickly made fortunes, against whose doors so many disappointed ones are beating their hands in impotent vexation. They are glad to be out of the

ation. They are giad to be out of the Klondyke country, which so many more are mad to enter.

Of the gold dust and nuggets they have brought back with them they have nothing to say. Mention the subject, and their lips shut tight and a far away look comes into their ayes. It is ease to look comes into their eyes. It is safe to conclude that none of the twenty-three who came through from the mining district has enough to retire on—and none of them but is determined to try the North country again, having ample confidence in it as a producer of gold. From \$500 to \$5,000 is said to be the average of the individual wealth among the Danube treasure-bearers, although the officers of

nearer the mark. That the sacks are not heavier is parally accounted for in the fact that only a few of the miners have had the luck to orbiddingly and forbodingly on the claims, the majority halling from Birch ceeck and the generally neglected dig-No words seem too strong to those gings of the Alaska Yukon, where living

starvation will not be for those at Dawson, they say, but the dead men will be between Dawson and Dyea; those who are going over the pass late will be caught in the winter storms and they must surely die. ly die.

One and all agree that there is not the Bertha and the Portland, following one and all agree that there is not the Danube down, likely to bring even enough money even in the rich Klondyke region to induce them to attempt the journey over the trail this winter.

In the commercial companies. Nor are the Bertha and the Portland, following the Danube down, likely to bring even as much treasure as the C.P.N. steamer, unless the commercial companies should the journey over the trail this winter.
