Unsuccessful

London, Nov. 6 .- The anticipated railway strike throughout Great Brit-ain has been averted by an agreement drafted by David Lloyd-George, president of the board of trade, and signed late this evening by the chairmen of the principal railway companies and representatives of the Amalgamated Society of Railway Servants. The agreement provides for the further consideration of matters in dispute, primarily by a sectional board of pute, primarily by a sectional board of conciliation representing the various grades of employees and the individual railroads. In case of disagreement, settlement will be reached by the board of conciliation and an equal number of men representing the full membership of the societies. If the board and the representatives fail to reach a decision, the matter then must be settled by arbitration. The direct

be settled by arbitration. The directors of the railroads thus bind themselves to compulsory outside intervention in disputes with their employees. The board will, in every case, be composed of elected employees. posed of elected employees of the com posed of elected employees of the companies concerned, as well as officials of the various railroads.

The dispute, apart from its effect on the public business, has attracted the attention of high officials of the government, even that of King Edward himself. His Majesty has taken the deepest interest in the crisis, and the extraordinary efforts and precautions adopted by the president of the board of trade. For this reason, the news of
