The First Showing of New Spring Costumes, Monday

Late on Saturday we unpacked the first lot of new Spring Costumes, and although it is not a large shipment, they are a good example of advanced fashions. On Monday we are showing them in the Mantle Department, and no doubt many women in Victoria will avail themselves of the opportunity of inspecting these interesting models.

The main features in which they differ with the late season's styles are the wider skirts, one-sided effects in both skirts and jackets, larger revers, round cut-away fronts, fuller backs, higher waist lines, and many other minor details. Cord weaves and serges are very strong and come in a variety of plain and striped effects.
