KING COLE TEA

YOU'LL LIKE THE FLAVOR.

Ardent tea-lover though you may be— you have yet to learn a deeper enjoyment of your favorite refreshment! The one quality above all others which has endeared tea to your taste has been multiplied. Flavor has been developed to a truer fullness, richer smoothness.

You'll learn how very, very much this means to you in real tea-joy when you sip your first cup of King Cole Tea.

Your only regret will be that the expensive study of flavor-blending which resulted in King Cole Tea wasn't started sooner.

ANGLICAN SYNOD CLOSES SESSIONS

Minimum Stipends \$900 and Free House
--Strong Action Re Moral and Social Reform.

The Anglican Diocesan Synod met in Fredericton from Tuesday to Thursday last week.

It was decided to hold next meeting in St. John on the first Tuesday of next November.

A report was adopted recommending the establishment of a minimum stipend of \$900 and a house, but they did not recommend the immediate appointment of a financial secretary to carry out the recommendation. It was suggested however, that Bishop Richardson at the Laymen's Missionary Congress to be held in St. John shortly, lay the matter before the layman of the church.

It was decided that the money to be raised for Kings College be retained and the interest paid over.

The notice of motion given by Rev. D. Conners to the effect that no party to a marriage after a divorce, granted for cause arising after marriage, shall hold any office, parochial or diocesan stands over until next session, there not being sufficient time to consider it.

The grants from the widows and orphans special fund were increased from \$150 to \$250.

Changes in the forms of statistical returns were decided upon.

The committee on Religious Instruction in schools reported satisfactory progress.

The report of the committee on Moral and Social Reform endorsed the General Synod's strong condemnation of, and opposition to, Betting and Gambling and the White Slave Trade; and the leniency of the law relating to seduction, prostitution, and the sale of obscene literature, cards or pictures; and also called upon the government to take measures to overcome the evils of drunkenness by doing everything possible to remove temptation from the path of the weak.

The Women's Auxiliary reported \$422.50 cash and \$350 worth of clothing sent to Campbellton, and \$190.90 sent to China famine sufferers.

A motion to change the canon increasing the grant from one hundred and fifty to two hundred and fifty dollars to the Clergy Widows and Orphans' Fund, was passed without discussion.

Financial aid had been given to six missions.

We Make Them Differently

You see no hackneyed styles— or last year's patterns—in "Progress Brand" Clothing.

The little niceties of fashion—the exclusive effects—that make "Progress Brand" conspicuous—were never seen in a garment before.

Some styles are so absolutely unique that we have been able to patent them.

You can always tell these "different" clothes by this trademark—

N. B. Man to Lead Britain's Opposition

London, Nov. 13.—The Unionist caucus at the Carleton Club today unanimously appointed A. Bonar Law leader of the party in the House of Commons. Mr. Law is sitting for the Bootle district of Lancashire. He was born in Kent Co., in 1858.

DON'T LET THAT COUGH ROB YOU OF SLEEP

You probably know all too well how it goes. Just as you doze off, the tickling starts in your throat. A gentle cough, still asleep. A harder cough, and then another. First thing you know, you're wide awake, coughing your head off.

A few nights of that and you're so worn out and weakened that the cough takes a tight grip on you.

But why endure it?

Na-Dru-Co Syrup of Linseed, Licorice and Chlorodyne will soothe that exasperating tickling, loosen the phlegm and cure the inflammation of the mucous membrane. It not only stops the cough quickly, allowing you to get sound, refreshing sleep, but it goes to the root of the trouble and drives out the cold completely. Children willingly take Na-Dru-Co Syrup of Linseed, Licorice and Chlorodyne, because it tastes so good. Your Druggist has it or can quickly get it for you in 25c. and 50c. bottles. The dampness which destroys lumber only intensifies the strength and hardness of Concrete.

You can impair a wooden trough with comparatively little use; but it takes a powerful explosive to put a Concrete water tank out of business.

Which is your choice—expense-producing Wood, or money-saving Concrete?

We'd be glad to send a copy of our book, "What the Farmer Can Do With Concrete."—Free—if you'll ask for it. It tells the many uses of Concrete in plain, simple language—tells how to make

Which?

Which is Your Choice?

Sloppy, leaky wooden troughs, or clean, durable Concrete?

Wooden drinking troughs are about as reliable as the weather.

They are short-lived and require replacing every few years—not to mention continual patching to keep them in repair.

The best of wood cannot withstand, for long, constant dampness and soaking. Its tendency to rapid decay soon shows itself in leaks and stagnant pools of water around trough.

Contrast with this the durability, cleanliness and well-ordered appearance of Concrete.

WHY? OH! WHY?

Will the business men of the Bay Chaleur country persist in sending to far away cities for their printing, stationery, putting up with vexatious delays, and paying double charges for carriage, when the GRAPHIC Job Department is fully equipped to do all this work quickly? Is it better to charge at distant cities?

Our special attention is given to the following: Business cards, letter heads, stationery, etc. and many other things for which we are famous.
